Social Work with Children and Their Families Christopher G. Petr, 2003-09-18 An extensively revised version of the first edition this text focuses on the practical foundational knowledge required to practice social work effectively in the complex and fast changing world of services to children and their families The core organizing framework consists of eight pragmatic perspectives combating adultcentrism family centered practice the strengths perspective respect for diversity and difference the least restrictive alternative ecological perspective organization and financing and achieving outcomes Unlike most texts that focus either on direct practice or on policy Petr s revised volume integrates current policy including recent reform efforts with best practices The student thus gains a deep appreciation for

how direct social work practice is linked to and even guided by contemporary policy initiatives and the values that underscore those initiatives Two new chapters are devoted specifically to the fields of child welfare and children's mental health providing an overview of the laws policies practices and terminology pertaining to each setting The next eight chapters focus on each pragmatic perspective and its relevance to child welfare and children's mental health The in depth case studies that comprise the concluding two chapters illustrate how typical client situations can be successfully addressed within the context of the pragmatic perspectives Packed with case studies specific practice instruction chapter summaries and suggested learning activities this book prepares students and practitioners to think and act professionally in ways that are consistent with current laws values policies and reform efforts in the field

The Handbook of Social Work and Social Development in Africa Mel Gray, 2016-10-26 All recent books on international social work mention Africa only briefly and few engage with the broader field of development studies This book focuses solely on the unique African context engaging with issues relating to social work and development more broadly thus enabling a deeper examination and more complex and nuanced picture to emerge Unlike most academic works this book highlights multiple practitioner voices with authors or co authors that have recently been or are currently practising social workers As an edited book it draws from both academic research as well as lived practice experience supported by strong theoretical positioning and guidance in introductory chapters drawing on African literature wherever possible Looking at case studies from Lesotho Botswana Kenya Zimbabwe Ethiopia Namibia Uganda Nigeria Kenya South Africa Rwanda Zambia and Tanzania and covering established areas of practice such as child protection working with older people working with people with disabilities mental health and mainstream services targeting women as well as emerging areas of developmental social work practice such as humanitarian assistance in post conflict situations work with immigrants and refugees and the training of community based workers this book takes a future oriented perspective that aims to move beyond well worn critiques to envision constructive and sustainable futures for social work and social development in Africa from a critical perspective
