Socialist Economy Theory And Practice

Roberto Marchionatti

Socialist Economy Theory And Practice:

The Socialist Economy T. B. Bottomore, 1990 THE SOCIALIST ECONOMY examines both the ideas and the practical experiences which have influenced present day conceptions of how a socialist economy should be organized and managed Beginning with a brief account of the early socialist visions of a new society Tom Bottomore goes on to consider the development of Marxist views the debates within Marxism on the construction of a socialist economy and the major arguments that have been brought against socialist planning

Boettke, 2000 Economic Theory in the Twentieth Century, An Intellectual History—Volume II Roberto Marchionatti, 2021-09-13 This book set out over three volumes provides a comprehensive history of economic thought in the 20th century with special attention to the cultural and historical background in the development of theories to the leading or the peripheral research communities and their interactions and finally to an assessment and critical appreciation of economic theories Volume II addresses economic theory in the period between the two world wars in which the economic theory went through a process of criticism of old mainstream deconstruction and reconstruction and theoretical ferment which involved the intellectual communities of economists emphasizing their nature of evolving interacting entities This work provides a significant and original contribution to the history of economic thought and gives insight to the thinking of some of the major international figures in economics It will appeal to students scholars and the more informed reader wishing to further their understanding of the history of the discipline

Handbook of Chinese Economics Zhuoyuan Zhang, 2023-06-30 This book reviews the development of Chinese economics since the reform and opening up associated with the history and experience of China s economic growth This book makes a systematic study of the direction of reform the method of reform the path of reform the main body of reform and the motive force of reform accumulates more experiences that can be used for reference for the exploration of new reforms to be opened and probes into the way of reform in the next period The topics cover all key concepts and theories relating to the China s economic reform

A General Theory of Competition Shelby D. Hunt, 1999-11-30 Hunt convincingly demonstrates that competition is not about dividing up limited resources but about creating more resources and thus competition is pro society This truly interdisciplinary book successfully develops a general theory of competition which is rich in explanatory breadth and depth Consequently executives and entrepreneurs management consultants public makers and scholars and students in economics law political science and business should read and study this book Robert F Lusch University of Oklahoma This book develops a new theory of competition This theory labeled resource advantage theory stems from no single research tradition but draws on several different traditions in economics management marketing and sociology In this ground breaking volume Shelby Hunt articulates R A theory uses the theory to explain and predict economic phenomena and shows how and why it explains and predicts such phenomena

Theoretical Study On China's Political Economy Yinxing Hong, 2022-01-12 In an open world the socialist political economy

with Chinese characteristics features openness If China expects to participate and play a leading role in the governance of global economy in economic globalization it needs to adopt a common discourse to foster its economy to go global The common discourse can be obtained in a market economy as well as among developing countries eager to seek development This book attempts to theorize the socialist political economy with Chinese characteristics by absorbing critically the well established economic theories worldwide The selective learning of western economics in terms of theories and categories is based on China's full confidence in the theory path and system with the adherence to the core socialist values as a presupposition The author argues that the socialist political economy with Chinese characteristics in the new era is a Marxist political economy in contemporary China The book clearly states that the construction of its theoretical system should combine Marxist theories with China's practice especially after the reform and opening up progress with the times and target the principal social contradiction in the new era and address China's challenges in growing stronger or in other words modernization This book is a valuable reading on the new development of the various schools of thoughts on China's political economy over the last few decades It can be used as a textbook for college students researchers and practitioners in the fields of economics China studies politics and sociology

Chinese Economists on Economic Reform - Xue Muqiao

Xue Muqiao, 2010-12-16 The China Development Research Foundation is one of the leading economic and social think tanks in China where many of the theoretical underpinnings and policy details of economic reform were formulated This book is the first of a series which makes available to an English speaking audience the work of the individual Chinese economists who were the architects of reform The series provides an inside view of China's economic reform revealing the thinking of the reformers themselves unlike many other books on China's economic reform which are written by outside observers Xue Muqiao held many key posts including Secretary General of the Finance and Economy Commission of the Government Administrative Council Director General of the National Bureau of Statistics and consultant of State Council Office for Restructuring the Economic Systems His work included eliminating the serious inflation of the early years of the People's Republic participating in drafting and implementing the First and Second Five year Plans and establishing the initial statistics system and price management system His great contribution was to the development of economic theories and practice following China's economic reform

How Is Critical Economic Theory Possible? György Márkus, János Kis, György Bence, 2022-09-12 This book is a masterpiece of critical theory It provides an illuminating and original meta theoretical account of Marx's general views of critical economic theory Sympathetic to the general aims of Marx it also excavates the internal contradictions of the Marxian theory with unparalleled care Written in Hungarian in the early 1970s it was censored by the communist authorities immediately after its completion Its belated publication in English signifies a major boon for research scholars in a range of disciplines including philosophy political economy Marxism intellectual history and Eastern European studies
