Mermod, Morten Ebe Juul Nielsen**

Socially Responsible Accounting:

Socially Responsible Accounting M. Reg Mathews, 1993 This textbook is designed for all students on undergraduate accounting and business courses or MBA finance programmes It explains the case for adopting new forms of non financial and socially oriented disclosures in company reports The book presents a systematic examination of social accounting It explains each type of non traditional accounting in terms of historical development main theoretical bases theoretical and practical models and extent of current practice Whereas traditional financial accounting is a partial information system based largely on 19th century ideas of ownership and markets this book explains the non traditional approaches which can enhance the information content of company reports making them more useful to groups other than the usual audience of shareholders and creditors

Corporate Social Responsibility in India C. Gopala Krishna, 1992 *Accountancy and Social Responsibility* Živko Bergant, 2021-08-09 Accountancy encompasses much more than is normally considered especially from a social responsibility point of view This book brings fresh ideas and an innovative approach to accountancy theory and practice as well as critical views about professional thinking in accountancy The reader will find advanced approaches regarding business objectives with social responsibility principles A new role of accountancy is founded for a sustainable society The responsibility of individuals is emphasized through behavioural analysis The book has an interdisciplinary character and will be interesting for students doctoral students academics and practitioners as well The real thread of the book is the risk and responses to the feelings of risk in organizations and also of individuals On this basis a new role and a new structure of accountancy is offered

Governance and Social Responsibility Güler Aras, David Crowther, 2017-09-16 Recent corporate failures have attracted the attention of managers governments and the general public to the role of governance and social responsibility Ranging from managerial behaviour and reward systems to environmental protection and human rights governance and social responsibility encompasses a variety of thought provoking business issues In Governance and Social Responsibility Aras and Crowther bring together the considerable debates about what exactly it is and how it can be applied to business Key Features Written by leading governance and social responsibility experts International coverage and orientation Comprehensive coverage of CSR issues and debates Excellent pedagogy including case studies reflective questions and further reading Firmly grounded in academic research Governance and Social Responsibility is an ideal companion for CSR courses at all levels

Corporate Social Responsibility Reporting in Developing Countries Dr Ataur Rahman Belal, 2012-11-28 Historically the study of corporate social responsibility CSR reporting has largely been within the context of Western economies However in the wake of highly publicized incidents such as Bhopal and the struggle of the Ogoni people in Nigeria many large corporations now claim to be taking steps to improve their environmental and social performance within developing countries Using the lens of stakeholder theory this book examines whether the current practice of CSR reporting in developing countries is motivated by a desire to discharge accountability to

all relevant stakeholders or whether it is being driven by the imperative of advancing corporate economic interests While concepts like CSR reporting have become more fashionable they vary widely in different national contexts this book therefore clarifies the types and roles of CSR reporting and the underlying corporate motivations The author considers the current CSR reporting practices in a number of developing countries with particular attention given to illuminating a case study of Bangladesh

Social Responsibility and Sustainability Walter Leal Filho, 2019-01-14 This book comprehensively describes social responsibility and sustainable development with contributions from scientists and representatives from industry working in the field The papers are innovative cross cutting and many share practice based experiences some of which may be replicable elsewhere Prepared by the Inter University Sustainable Development Research Programme IUSDRP and the World Sustainable Development Research and Transfer Centre WSD RTC it reiterates the current need to promote social responsibility Social responsibility and sustainable development are two different concepts whose integration over the years has led to significant advances in the way enterprises see and perceive their operations It is not only about policies or steps taken to meet legal requirements but is also about social equality and environmental accountability also bearing in mind the links with eco efficiency innovation and the health and wellbeing of workers According to ISO 26000 social responsibility is the responsibility of an organisation for the impacts of its decisions and activities on society and the environment through transparent and ethical behaviour that a contributes to sustainable development including health and the welfare of society b takes into account the expectations of stakeholders c is in compliance with applicable law and consistent with international norms of behaviour d is integrated throughout the organisation and practised in its relationships But even though the relations between social responsibility and sustainability are strong it is still necessary to encourage organisations to adhere to or at least follow the principles of sustainable development in their operations giving something back to the community As such there is a need for a better understanding of how social responsibility is related to sustainable development and of the identification of processes methods and tools that may help the integration of these two important elements There is also a real need to showcase successful examples of how to structure behaviour and institutional practice in line with the sustainability challenges we face today Chapter Reviewing the Stakeholder Value Creation Literature Towards a Sustainability Approach is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com

Competitiveness, Social Responsibility and Economic Growth Janez Prašnikar, 2006 Globalisation of the economy have confronted Europe with a question of what are its real competitive capabilities sustainability of its economy and of the values of typical Europeans The famous Lisbon Strategy has been an attempt to answer this by creating the knowledge economy This book analyses the Lisbon Strategy from various perspectives

Corporate Social Responsibility and Governance Samuel O. Idowu, Claus Strue Frederiksen, Asli Yüksel Mermod, Morten Ebe Juul Nielsen, 2014-11-27 This book deals with the role of international standards for corporate governance in the context of corporate social responsibility

Based on the fundamentals of moral theory the book examines governance and CSR in general addressing questions such as Is good governance not affected by moral concerns How do the principles and practices of CSR standards adhere to or conflict with insights from business ethics and moral theory To what extent do the standards and governance models provide normative guidance Do the standards and governance guidelines provide an adequate means of benchmarking and auditing Are these standards a help or a hindrance to stakeholder engagement and transparency The book provides insightful and thought provoking answers to these and many other important questions concerning CSR standards and offers a valuable resource for practitioners academics and students at business schools and other institutions

Theory and Practice of Corporate Social Responsibility Samuel O Idowu,Celine Louche,2011-01-06 Modern businesses and organizations understand that corporate social responsibility CSR has become an important factor for sustainable success At the same time CSR has established itself as a widely accepted element of courses in managerial training and education This book designed to support CSR teaching collects 14 essays that clearly illustrate and explain the benefits and challenges of socially responsible corporate policies Aligning theory and practice the book focuses on four central themes management environment and sustainability corporate social responsibility and accounting and financial reporting Business students and experienced managers alike will find this book a valuable resource that helps them to discover the strong forces that link successful management with corporate social responsibility

Corporate Social Responsibility Reporting in China Jieqi Guan,Carlos Noronha,2017-10-25 In recent years Corporate Social Responsibility CSR reporting in China has been experiencing a rapid development and the number of social reports issued by Chinese enterprises shows a sharp increasing trend This book investigates the evolution of such reporting practice in the country and the reasons behind it In addition it also examines the reporting quantity and quality of Chinese enterprises by applying the GRI Global Reporting Initiative as an evaluation tool In response to policy documents so as to obtain the government's recognition and to strive for more resources state owned enterprises private enterprises and foreign invested companies have made substantial efforts in social reporting in terms of quantity and coverage However it appears that there is still room for enhancing the quality of disclosure The book also highlights the central government's economic political and social roles in promoting encouraging and controlling the development of CSR reporting

The Emerald Handbook of Ethical Finance and Corporate Social Responsibility Ahmed Imran Hunjra,Khaled Hussainey,2024-05-06 The term ethical finance refers to finance that considers environmental social and governance ESG aspects influencing a borrower and or its possessions The authors provide a fresh look at ESG aspects along with CSR implementation for sustainable development which has global and long term repercussions

Professionals' Perspectives of Corporate Social Responsibility Samuel O Idowu,Walter Leal Filho,2009-10-21 Since the general acceptance of the field of corporate social responsibility worldwide corporate entities and those who act for them either as executives or ordinary employees are expected to be socially responsible Being socially responsible has a number of

quantifiable and unquantifiable benefits for the entity and its stakeholders It improves the entity's bottom line results protects jobs and is also better for the environment As such it makes good sense for professionals and those that they interact with as colleagues suppliers of goods and services lenders etc to want to take the issue of CSR seriously This perhaps explains why this book has chosen to explore how 19 professions across the world have integrated and continue to impress upon their staff the importance of CSR in their operational activities We are constantly reminded that our world's natural resources are exhaustible we can therefore no longer live for today alone if we do not want to cause substantial problems for future generations

Social Responsibility - Sustainability, Education and Management Matjaž Mulej, Robert G. Dyck, 2014-07-08 Current global economic crises call for social responsibility to replace neo liberalistic one sided and short term criteria causing monopolies of global enterprises The triad freedom brotherhood equality and the invisible hand support the hypothesis of interdependence among humans Humanity's existence is endangered under the threat of global capitalism unless the social responsibility's concept everyone's social responsibility impacts everyone in society becomes the new socio economic order realized alongside concepts as interdependence and holism and using its principles of accountability transparency ethical behavior respect for stakeholders for the rule of law for international norms and human rights Social Responsibility A non technological innovation process explores the realm of social responsibility in the context of innovation business practice and economic crises Readers can apply related principles to their business practices and enhance their business prospects in a modern environment facing the challenges of socio economic crises This volume is intended for graduates and professionals working in government organizations and commercial enterprises to learn basic concepts about social responsibility and introduce holistic management practices in their daily and professional lives

The Routledge Companion to Responsible Business Stefan Markovic, Adam Lindgreen, François Maon, Cristina Sancha, 2025-08-22 Contemporary companies are expected to behave ethically and responsibly toward their stakeholders and to provide social and environmental good Key stakeholder groups including employees consumers investors and public authorities increasingly demand that companies deliver products and services in responsible yet economically sound manners and act in accordance with moral obligations and financial requirements Such mounting societal expectations and institutional pressures relate to complex concerns including environmental and climate impact working conditions and human rights both locally and overseas In this context as companies now appear to commit to comprehensively tackle ethical social environmental and economic challenges concerns increasingly are raised as to whether most companies in the end can indeed contribute to societal and environmental good and transform how they operate to create value responsibly considering the success and impact of so called corporate social responsibility or sustainability policies In recent decades while some companies have advanced on their social and environmental responsibility journey other companies have engaged in ethical social and environmental initiatives in manipulative and insincere way or merely as a rhetorical tool to

maintain legitimacy Together with governments and business partners these companies are largely failing to deliver for society and the environment Subsequently more than ever before understanding what it means to do business responsibly and how business actors can engage constructively in ways that support the development of resilient business practices forms and organizations that contribute to generate positive impact for society and the environment and generate the type of economic value needed to address the key challenges of this century is central On this background this edited volume sheds light on different crucial themes and approaches spanning historical conceptual operational critical practical and prospective considerations that have animated the field of business and society in the last decades and that are instrumental or have the potential to drive constructive research discussions and business efforts The central aim of the book is to set the research agenda for the next five to seven years to redefine existing areas within the context of international research and to highlight emerging research areas in need of further investigation representing a prestige reference work providing an overview of the subject area of responsible business primarily for academics researchers postgraduate students as well as reflective practitioners

Social Audit Regulation Mia Mahmudur Rahim, Samuel O. Idowu, 2015-05-11 This book takes the concept of social audit and lifts it beyond the role of functioning largely as a management tool The book proposes a system in which social audit is regulated so as to provide a mechanism for effectively promoting corporate accountability in society Taking this as its theme this book provides both a conceptual explanation of the developmental perspectives of social audit regulation and empirical evidence of the impact of social audit practice from different parts of the world It is the first book to explore the issues and challenges related to the development of effective social audit regulation

Strategic Corporate Responsibility Ulpiana Kocollari, 2018-05-24 In her book Dr Ulpiana Kocollari presents a unique contribution to the debate on Corporate Social Responsibility and Sustainability by clearly expressing how the configuration of a firm's social dimension can help identify inclusive corporate governance models define innovative management processes and reshape performance measurement systems for the evaluation and assessment of sustainable economic social and environmental results Moving a step further a firm's social dimension is defined within the configuration of stakeholders resources rewards patterns intrinsic to their interactions with their environment and embedded in their business activities Based on this approach a framework is provided to guide firms in identifying management activities grounded in and suited to their prevalent patterns in order to support current and future strategies and establish adequate measurement and communication tools for pursuing their mission The book contains original theoretical and empirical material and particular attention is paid to the principal social and environmental impact measurement models i.e Global Reporting Initiative Social Return on Investments Social Balanced Scorecard etc analysing their main features in order to pinpoint their adequacy in assessing the social dimension and to tailor their use more closely to the specific patterns to which they refer Finally a detailed application of the analysis framework which the author has identified is proposed for Innovative Start Ups with a Social Goal and for Benefit

Corporations in order to detect the patterns embedded in their social dimension and their distinctive traits which influence their management and measurement processes **Social and Environmental Disclosure by Chinese Firms** Yingjun Lu, Indra Abeysekera, 2024-11-01 Given the increased social and environmental problems in China this book looks into the social and environmental disclosure practices of socially responsible Chinese listed firms by constructing a stakeholder driven three dimensional disclosure index The book contains a three part study the first part explores the current status of social and environment disclosure practices The second part empirically examines the relationship between corporate social and environmental disclosure and various influencing factors i e stakeholders power and corporate characteristics The third part empirically examines the link between corporate social responsibility CSR reporting i e publishing a CSR report and the quality of the CSR report and socially responsible reputation The book finds that the CSR report provided more stakeholder relevant social and environmental disclosure than the annual report It also finds that corporate characteristics such as firm size profitability and industry classification are all statistically significant factors influencing the social and environmental disclosure of the Chinese firms studied Shareholders significantly influenced firms social and environmental disclosure and creditors significantly influenced firms disclosure related to their environmental performance The final part of the study reports that publishing a CSR report and CSR reporting quality had a positive influence on firms socially responsible reputations and that the CEO chairman duality negatively influenced firms socially responsible reputation This book will be of interest to those who are keen to learn more about corporate social responsibilities in the context of Chinese firms

Corporate Social Responsibility and Reporting in Sports Organizations Massimo Valeri, 2018-07-31 This book explores the key issues of corporate social responsibility CSR and reporting as applied to sports organizations with particular attention to the Italian environment It is divided into two parts the first of which examines the general principles and reporting tools of CSR these represent the reference point for all types of organization including sports organizations The coverage encompasses the evolution of CSR and the latest standards issued by authoritative international public and private institutions The aim is to provide readers with a sound basis for understanding fully the application of these principles and reporting tools within the world of sport The second part is devoted to a detailed analysis of the CSR strategies and social reporting initiatives adopted by sports organizations Although the focus is primarily on Italian sports organizations due attention is also paid to world benchmarks In particular the analysis examines the CSR strategies and reporting initiatives developed by international and Italian sports federations and by two international professional football clubs The book will be of wide interest to academics students and practitioners **The Dynamics of Corporate Social Responsibility** Maria Aluchna, Samuel O. Idowu, 2016-12-27 This book explores recent developments in the theory strategic perspective and international practice of corporate social responsibility In particular it discusses the consequences of the economic slowdown apparent in many economies and the impact of changes in the regulatory environment It consists of three parts Part one

addresses a variety of theoretical approaches as well as the dynamics and criticism of corporate social responsibility. It takes into account social and governmental expectations for the new and extended role of companies in the economy and in society and provides a new context and theoretical assumptions regarding the functions and tasks of corporate social responsibility. Part two discusses the practical aspects relating to strategic management and corporate governance, corporate disclosure and reporting as well as the empowerment of stakeholders. Lastly, part three focuses on the international practice of corporate social responsibility in various organizational and institutional settings. Using numerous case studies, the book explores the challenges and tasks of CSR in emerging markets, in the fashion industry and in global and family companies. It identifies the changes that can be detected following the financial crisis, closing the loop and linking the empirical findings with the revised theoretical framework.

Business Ethics as Practice Chris Carter, 2007-01-01. Shows that in business moral questions are not just theoretical. They arise in practice and have to be dealt with in practice. M Kornberger and S Clegg. University of Technology Sydney.

Socially Responsible Accounting Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Socially Responsible Accounting free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Socially Responsible Accounting free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Socially Responsible Accounting free PDF files is

convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Socially Responsible Accounting. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Socially Responsible Accounting any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Socially Responsible Accounting Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Socially Responsible Accounting is one of the best book in our library for free trial. We provide copy of Socially Responsible Accounting in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Socially Responsible Accounting. Where to download Socially Responsible Accounting online for free? Are you looking for Socially Responsible Accounting PDF? This is definitely going to save you time and cash in something you should think about.
