Socratic Wisdom The Model Of Knowledge In Platos Early Dialogues:

Socratic Wisdom : The Model of Knowledge in Plato's Early Dialogues Hugh H. Benson Professor of Philosophy University of Oklahoma,2000-01-05 While the early Platonic dialogues have often been explored and appreciated for their ethical content this is the first book devoted solely to the epistemology of Plato s early dialogues Author Hugh H Benson argues that the characteristic features of these dialogues Socrates method of questions and answers elenchos his fascination with definition his professions of ignorance and his thesis that virtue is knowledge are decidedly epistemological In this thoughtful study Benson uncovers the model of knowledge that underlies these distinctively Socratic views What emerges is unfamiliar yet closer to a contemporary conception of scientific understanding than ordinary knowledge

The Structure of Enquiry in Plato's Early Dialogues Vasilis Politis,2015-05-28 Offers an alternative interpretation and defends a radically new view of Plato s method of argument in the early dialogues

Plato on the Value of Philosophy Tushar Irani,2017-03-30 Plato was the first philosopher in the western tradition to reflect systematically and often critically on rhetoric In this book Tushar Irani presents a comprehensive and innovative reading of the Gorgias and the Phaedrus the only two Platonic dialogues to focus on what an art of argument should look like treating each of the texts individually yet ultimately demonstrating how each can best be understood in light of the other For Plato the way in which we approach argument typically reveals something about our deeper desires and motivations particularly with respect to other people and so the key to understanding his views on the proper practice of argument lies in his understanding of human psychology According to this reading rhetoric done well is simply the practice of philosophy the pursuit of which has far reaching implications for how we should relate to others and how we ought to live

Epistemology: The Key Thinkers Stephen Hetherington,2019-06-27 What have the great philosophers written about the nature of knowledge Epistemology The Key Thinkers tells the story of how our thinking about knowledge has developed introducing you to some of the problems and forces that have dominated the history of philosophy Beginning with Plato Aristotle ancient sceptics and the medievals before moving to Descartes the British empiricists Kant American pragmatism and twentieth century thinkers such as Ludwig Wittgenstein W V O Quine Alvin Goldman and beyond each chapter guides you through the ideas contribution and legacy of a leading philosopher or movement This second edition includes A new chapter covering medieval epistemology Extended guides to further reading and future directions for epistemology The final chapter looks to the future highlighting some of the very latest debates that energise philosophical writing today about knowledge and how we know what we know

[Plato's Theaetetus as a Second Apology](#) Zina Giannopoulou,2013-06-27 Zina Giannopoulou offers a new reading of Theaetetus Plato s most systematic examination of knowledge alongside Apology Socrates speech in defence of his philosophical practice and argues that the former text is a philosophical elaboration of the latter

The Bloomsbury Companion to Plato Gerald A. Press,2015-12-17 Plato mathematician philosopher and founder of the Academy in Athens is together with his teacher

Socrates and his student Aristotle universally considered to have laid the foundations of Western philosophy The Bloomsbury Companion to Plato provides a comprehensive and accessible study guide to Plato's thought Written by a team of leading experts in the field of ancient philosophy this companion covers five major areas Plato's life and his historical philosophical and literary context synopses of all the dialogues attributed to Plato the most important features of the dialogues the key themes and topics apparent in the dialogues Plato's enduring influence and the various interpretative approaches applied to his thought throughout the history of philosophy Covering every aspect of Plato's thought in over 140 entries The Bloomsbury Companion to Plato is an engaging introduction to Plato and an essential resource for anyone working in the field of ancient philosophy

Belief and Truth Katja Maria Vogt, 2012-08-08 Katja Maria Vogt's *Belief and Truth* A Skeptic Reading of Plato explores a Socratic intuition about the difference between belief and knowledge Beliefs *doxai* are deficient cognitive attitudes In believing something one accepts some content as true without knowing that it is true one holds something to be true that could turn out to be false Since our actions reflect what we hold to be true holding beliefs is potentially harmful for oneself and others Accordingly beliefs are ethically worrisome and even in the words of Plato's Socrates shameful As Vogt argues this is a serious philosophical proposal and it speaks to intuitions we are likely to share But it involves a notion of belief that is rather different from contemporary notions Today it is a widespread assumption that true beliefs are better than false beliefs and that some true beliefs perhaps those that come with justifications qualify as knowledge Socratic epistemology offers a genuinely different picture In aiming for knowledge one must aim to get rid of beliefs Knowledge does not entail belief belief and knowledge differ in such important ways that they cannot both count as kinds of belief As long as one does not have knowledge one should reserve judgment and investigate by thinking through possible ways of seeing things According to Vogt the ancient skeptics and Stoics draw many of these ideas from Plato's dialogues revising Socratic Platonic arguments as they see fit *Belief and Truth* retraces their steps through interpretations of the *Apology* *Ion* *Republic* *Theaetetus* and *Philebus* reconstructs Pyrrhonian investigation and thought and illuminates the connections between ancient skepticism and relativism as well as the Stoic view that beliefs do not even merit the evaluations true and false

Playful Philosophy and Serious Sophistry Georgia Sermamoglou-Soulmaidi, 2014-08-29 This book provides an interpretation of Plato's *Euthydemus* as a unified piece of literature taking into account both its dramatic and its philosophical aspects It aims to do justice to a major Platonic work which has so far received comparatively little treatment Except for the sections of the dialogue in which Socrates presents an argument on the pursuit of *eudaimonia* the *Euthydemus* seems to have been largely ignored The reason for this is that much of the work's philosophical import lies hidden underneath a veil of riotous comedy This book shows how a reading of the dialogue as a whole rather than a limited focus on the Socratic scenes sheds light on the work's central philosophical questions It argues the *Euthydemus* points not only to the differences between Socrates and the sophists but also to actual and alleged similarities between them The

framing scenes comment precisely on this aspect of the internal dialogue with Crito still lumping together philosophy and eristic shortly before his discussion with Socrates comes to an end Hence the question that permeates the Euthydemus is raised afresh at the end of the dialogue what is properly to be termed philosophy *Plato's Charmides* Voula

Tsouana,2022-02-17 A close text commentary showing the interplay of the philosophical issues the characters and the dialectic across the dialogue Platonic Dialogue and the Education of the Reader A. K. Cotton,2014-02-27 In this volume Cotton

examines Plato's ideas about education and learning With a particular focus on the experiences a learner must go through in developing philosophical understanding the book argues that a reader's experience can be parallel in kind and value to that of the interlocutors we see conversing in the dialogues in constituting learning The study suggests that just as Socratic conversation acts as a context for the interlocutors development of dialectical virtues so the corpus of Plato's works presents an arena for readers to progress through the different stages of learning providing them with the stimuli appropriate to their philosophical advancement at each point and encouraging them to take increasing responsibility for their own learning

Accordingly the study proposes that the shape of the corpus and the changes we observe between early middle and late dialogues are best interpreted with reference to the changing needs of receivers at different stages of their philosophical development Individual chapters focus on characterization argumentation structure and unity plot and myth as means by which the dialogues encourage their readers to engage in this productive and distinctive way **Ignorance, Irony, and**

Knowledge in Plato Kevin Crotty,2022-11-08 A 2023 Choice Reviews Outstanding Academic Title Socrates famously claimed that he knew nothing and that wisdom consisted in awareness of one's ignorance In *Ignorance Irony and Knowledge in Plato* Kevin Crotty makes the case for the centrality and fruitfulness of Socratic ignorance throughout Plato's philosophical career Knowing that you don't know is more than a maxim of intellectual humility Plato shows how it lies at the basis of all the virtues and inspires dialogue the best and most characteristic activity of the philosophical life Far from being simply a lack or deficit ignorance is a necessary constituent of genuine knowledge Crotty explores the intricate ironies involved in the paradoxical relationship of ignorance and knowledge He argues further that Plato never abandoned the historical Socrates to pursue his own philosophical agenda Rather his philosophical career can be largely understood as a progressive deepening of his appreciation of Socratic ignorance Crotty presents Plato as a forerunner of the scholarly interest in ignorance that has gathered force in a wide variety of disciplines over the last 20 years *The Bloomsbury Companion to Socrates* John

Bussanich,Nicholas D. Smith,2013-03-14 Socrates the largely enigmatic Greek thinker is universally considered to have laid the foundations of western philosophy His philosophy available to us through the early dialogues of Plato and the writings of his contemporaries has had a remarkably enduring influence on virtually every area of philosophical enterprise This comprehensive and accessible guide to Socrates life and death character and philosophical concerns features thirteen specially commissioned sections written by a team of leading experts in the field of ancient philosophy covering every aspect

of Socratic thought The Companion presents a comprehensive overview of the various features themes and topics apparent in Socrates thought including Socratic irony metaphysics epistemology happiness virtue moral psychology philosophy of love political philosophy and religious belief It concludes with a thoroughly comprehensive bibliography of primary and secondary sources This is an essential reference tool for anyone working in the field of ancient philosophy

The Struggle for Democracy Christopher Meckstroth, 2015 Revolutionaries counter revolutionaries and reformers the world over appeal to democracy to justify their actions But when political factions compete over the right to act in the people's name who is to decide Although the problem is as old as the great revolutions of the seventeenth and eighteenth centuries events from the Arab Spring to secession referendums suggest that today it is hardly any closer to being solved This book defends a new theory of democratic legitimacy and change that provides an answer Christopher Meckstroth shows why familiar views that identify democracy with timeless principles or institutions fall into paradox when asked to make sense of democratic founding and change Solving the problem he argues requires shifting focus to the historical conditions under which citizens work out what it will mean to govern themselves in a democratic way The only way of sorting out disputes without faith in progress is to show in Socratic fashion that some parties' claims to speak for the people cannot hold up even on their own terms Meckstroth builds his argument on provocative and closely argued interpretations of Plato Kant and Hegel suggesting that familiar views of them as foundationalist metaphysicians misunderstand their debt to a method of radical doubt pioneered by Socrates Recovering this tradition of antifoundational argument requires rethinking the place of German idealism in the history of political thought and opens new directions for contemporary democratic theory The historical and Socratic theory of democracy the book defends makes possible an entirely new way of approaching struggles over contested notions of progress popular sovereignty political judgment and democratic change

Readings of Plato's Apology of Socrates Oda E. Wiese Tvedt, Vivil Valvik Haraldsen, Olof Pettersson, 2017-12-28 In Plato's Apology of Socrates we see a philosopher in collision with his society a society he nonetheless claims to have benefited through his philosophic activity It has often been asked why democratic Athens condemned a philosopher of Socrates' character to death This anthology examines the contribution made by Plato's Apology of Socrates to our understanding of the character of Socrates as well as of the conception of philosophy Plato attributes to him The 11 chapters offer complementary readings of the Apology which through their different approaches demonstrate the richness of this Platonic work as well as the various layers that can be discerned in its presentation of Socrates While the contributions display variety in both topics and angles they also share common features An awareness of the importance of the literary aspects of Plato's courtroom drama as well as a readiness to take into consideration the historical context of the work Thereby they provide contributions to a manifold understanding of the aims and impact of the work without losing sight of the philosophical questions that are raised by Socrates' confrontational and unrepentant defense speech Allowing the character of Socrates to take center stage the chapters of this

volume examine the philosopher in relation to ethics and to politics and democracy as well as to the ideology religion and virtue shared by the Athenians Readers will also find reflections on classical Platonic subjects such as the nature of Socratic philosophical inquiry and of philosophy itself as well as on the notoriously ambiguous relationships between philosophy sophistry and rhetoric and their several relationships to truth and justice The anthology emphasizes and explores the equivocal and sometimes problematic aspects of Socrates as Plato presents him in the Apology illuminating why the Athenians let the verdict fall as they did while drawing out problematic features of Athenian society and its reaction to Socrates philosophic activity thereby encouraging reflection on the role philosophy can play in our modern societies **A**

Plato Primer J.D.G. Evans,2014-12-05 A Plato Primer introduces beginning students and the general reader to the main theses concepts and arguments in Plato s philosophy Subtle versatile and multi faceted though Plato s thought undoubtedly is it has a core that needs to be explored and savoured Evans presents this core as it appears over a large range of his works spread out over many decades of composition and many philosophical topics Through all this diversity Plato s original philosophical personality shines through Evans approaches the material thematically in terms of modern philosophical categories in seven main chapters Within each of these individual treatments Evans follows the lines of argument in the main works of Plato that explore them Indications about how to pursue given topics in the secondary literature are given in the helpful guide to further reading

The Bloomsbury Handbook of Plato Gerald A. Press,Mateo Duque,2022-10-06 This essential reference text on the life thought and writings of Plato uses over 160 short accessible articles to cover a complete range of topics for both the first time student and seasoned scholar of Plato and ancient philosophy It is organized into five parts illuminating Plato s life the whole of the Dialogues attributed to him the Dialogues literary features the concepts and themes explored within them and Plato s reception via his influence on subsequent philosophers and the various interpretations of his work This fully updated 2nd edition includes 19 newly commissioned entries on topics ranging across comedy tragedy Xenophon metatheatre gender musical theory animals Orphism political theory religion time Hellenistic philosophy and post Platonic ancient commentaries It also features revisions to the majority of articles from the 1st edition including 8 which have been completely re written and 12 which have had the references substantially revised Reflecting the growing diversity of Plato scholarship across the world this edition includes contributions from a wide range of scholars who enrich the field and provide students and scholars with a vital resource for study and reference

Summoning Knowledge in Plato's Republic Nicholas D. Smith,2019-07-04 Nicholas D Smith presents an original interpretation of the Republic considering it to be a book about knowledge and education Over the course of *Summoning Knowledge in Plato's Republic* he argues for four main theses Firstly the Republic is not just a work that has a lot to say about education it is a book that depicts Socrates as attempting to engage his interlocutors in such a way as to help to educate them and also engages us the readers in a way that helps to educate us Secondly Plato does not suppose that education properly understood should have as

its primary aim putting knowledge into souls that do not already have it. Instead, the education Plato discusses represents occurring between Socrates and his interlocutors and hopes to achieve in his readers is one that aims to arouse the power of knowledge in us and then to begin to train that power always to engage with what is more real rather than what is less real. Thirdly, Plato's conception of knowledge is not the one typically presented in contemporary epistemology. It is rather the power of conceptualization by the use of exemplars. And finally, Plato engages this power of knowledge in the *Republic* in a way he represents as only a kind of second best way to engage knowledge and not as the best way which would be dialectic. Instead, Plato uses images that summon the power of knowledge to begin the process by which the power may become fully realized.

The Continuum Companion to Plato Gerald A. Press, 2012-04-26. Plato, mathematician, philosopher, and founder of the Academy in Athens, is together with his teacher Socrates and his student Aristotle universally considered to have laid the foundations of Western philosophy. His philosophical dialogues remain among the most widely read and influential of all philosophical texts, and his enduring influence on virtually every area of philosophical enterprise cannot be exaggerated. This comprehensive and accessible guide to Plato's life and times includes more than 140 entries written by a team of leading experts in the field of ancient philosophy, covering every aspect of Plato's thought. The Companion presents details of Plato's life, historical, philosophical, and literary context; synopses of all the dialogues attributed to Plato; a comprehensive overview of the various features, themes, and topics apparent in the dialogues; and a thorough account of his enduring influence and the various interpretative approaches applied to his thought throughout the history of philosophy. This is an essential reference tool for anyone working in the field of ancient philosophy.

SOCRATES Fiona Jeelani, Soumya Mukherjee, Dr. W. Jyotirmoy Singh, Casey Rentmeester, Stephanie E. Hake, Stephen M. Bourque, Olúkáyòdé R. ADÈŞUYÌ, Dibakar Pal, Aynul Haque, Adesanya Olusegun Paul, Heena Qadir, Faisal Rafiq Jeelani, 2014-10-10. *SOCRATES* An international multi-lingual multi-disciplinary refereed peer-reviewed and indexed scholarly journal. About this issue: This issue of *Socrates* witnessed many changes in our publication policies. One of the most encouraging changes is our presence through Open Journal System. These changes will not only facilitate the authors but also boost our presence on international platform. This issue of *Socrates* has been divided into seven sections. The first section is Language Literature English, which contains a paper which is an analysis on Laura Mulvey's theory of visual pleasure and attempts to apply it on the re-imagining of sexuality in cinematic spaces. The paper also examines the consumer spaces where the homo sexual communities occupy substantial space as target audience, which has enough potential to determine the direction and success of any popular cultural medium. The second section is History, which contains a paper that is extracted from a project that records the memories of men and women in Manipur who witnessed the Nupi Lan 1939 and Second World War 1942-1945. Scored highly by the Referee, this paper is undoubtedly an asset for researchers. The third section is Philosophy, which contains a few excellent papers. The first paper of this section argues that Nozick's entitlement theory leads to indirect injustice and is therefore an unfitting philosophical theory. The second

paper of this section draws comparisons between Socratic Questioning and Zen Buddhist Koan Practice The third paper of this section contains a Dialectic and Literary Essay Intimate Marxist Space The Dialectic House must read for the scholars The fourth paper of this section is my personal favorite This paper has attempted a critical analysis of the arguments from alternation and recollection for the immortality of the soul in Plato's *Phaedo* It argues that Plato fails to prove beyond reasonable doubt the reality of the soul It also mentions that its proof for reincarnation which is hinged on the reality of the soul is not tenable The fifth paper of this section is a Creative writing focused on Exaggeration Human nature and moral values The fourth section of this issue Politics Law and Governance contains two selected articles The first paper of this section highlights the Need for south south cooperation to confront the challenges posed by the Global north as to north south The second paper of this section highlights the 21st century scramble for Africa must read for development thinkers The fifth section of this issue is Sociology contains a paper based on a study conducted at University of Kashmir which attempts to find out the impact of internet on research The sixth section of this issue is Economics Management and commerce which contains a paper that highlights the Role of Microfinance in the Socio Economic development of Women The seventh section of this issue contains Interview of renowned contemporary poet Dr A k Chaudhary **The Oxford**

Handbook of Plato Gail Fine, 2019 Plato is the best known and continues to be the most widely studied of all the ancient Greek philosophers The updated and original essays in the second edition of *The Oxford Handbook of Plato* provide in depth discussions of a variety of topics and dialogues all serving several functions at once they survey the current academic landscape express and develop the authors own views and situate those views within a range of alternatives The result is a useful state of the art reference to the person many consider the most important philosophical thinker in history This second edition of *he Oxford Handbook of Plato* differs in two main ways from the first edition First six leading scholars of ancient philosophy have contributed entirely new chapters Hugh Benson on the *Apology* *Crito* and *Euthyphro* James Warren on the *Protagoras* and *Gorgias* Lindsay Judson on the *Meno* Luca Castagnoli on the *Phaedo* Susan Sauv Meyer on the *Laws* and David Sedley on Plato's theology This new edition therefore covers both dialogues and topics in more depth than the first edition did Secondly most of the original chapters have been revised and updated some in small others in large ways
