1880-1930 Jessica H. Foy,2024-07-31 In the pivotal decades around the turn of the century American domestic life underwent dramatic alteration From backstairs to front stairs spaces and the activities within them were radically affected by shifts in the larger social and material environments This volume while taking account of architecture and decoration moves us beyond the study of buildings to the study of behaviors particularly the behaviors of those who peopled the middle class single family detached American home between 1880 and 1930 The book s contributors study transformations in services such as home utilities of power heat light water and waste removal in servicing for example the impact of home appliances such as gas and electric ranges washing machines and refrigerators and in serving changes in domestic servants duties hours of work racial and ethnic backgrounds In blending intellectual and home history these essays both examine and exemplify the perennial American enthusiasm for as well as anxiety about the meaning of modernity

Teaching

Mathematics as to be Meaningful - Foregrounding Play and Children's Perspectives Hanna Palmér,Camilla

Björklund,Elin Reikerås,Jessica Elofsson,2023-10-29 This open access book s theme is Teaching mathematics as to be meaningful foregrounding children s play and perspectives It discusses the relation between teachers children and mathematical content within the context of play with a particular focus on the framing of these relations within this context

which is an important theme in the debate on whether teaching should be integrated with or separated from children's play. The work further addresses meaningfulness in the learning process particularly from the child's perspective. Globally most guidelines and curricula for early childhood education mention play as one of the key features for young children's learning. Still there are quite different views on the definitions of play and in what ways play should become part of children's learning. The chapters of the book mirror the research topics presented at the fifth POEM conference in May 2022 divided into four sub themes: Play and learning; Children's perspectives on mathematics; Teachers' competencies; and Theorizing aspects of early mathematics education.

The Complete guide to pregnancy and child care - The baby manual - PART ONE
Sarah Owen, 2015-03-04. They say babies don't come with instruction manuals. I tried to change this. This guide will be as close to one as you will get. It will answer questions that you hadn't even thought of. It focuses on conception to 3 years. They say babies don't come with instruction manuals. This guide will be as close to one as you will get. It also has sections for you to record your journey and keep as a keepsake, making it an invaluable 2 in 1 complete guide/reference book that you can keep referring to and a memory book to keep forever. This book is in 2 parts; this is part one. You will also need to purchase part two for the complete book; it is too large to publish as one book.
