Case,1981 *Moontide and Magic Rise* Sean Russell,2018-05-01 For the first time in an omnibus this duology chronicles the adventures of naturalist Tristram Flattery as he voyages to discover the lost history of magic in a world where reason and science reign The Age of Mages is over and all the secrets of their magical arts are thought to be lost to the world There are even those who suspect that the last of the great Mages spent their final years scrupulously eradicating all traces of their craft from the pages of history insuring that their art will never be practiced again It is the dawn of a new era an age of reason science and exploration and Tristam Flattery is one of its most promising young naturalists But when Tristam is summoned to the royal court of Farmland to try to revitalize a failing species of plant which

seems to have mysterious almost magical medicinal properties a plant without which he is told the aging king will surely die he soon realizes that he has been drawn into the heart of a political struggle which spans generations a conflict which threatens the very foundations of his civilization And before long Tristram is caught in the grip of a destiny which will lead him to the ends of the known world on a voyage of discovery that has more to do with magic than with science
