**Ancient Egypt, the Light of the World** Gerald Massey, 1907      Solar Mythos People Albert Churchward, 2005-12-01  
This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work.

**The Origin and Evolution of Primitive Man** Albert Churchward, 1912      *Revival: Origin and Evolution of the Human Race (1921)* Albert Churchward, 2018-01-17  
Where and when did man make his first appearance on this earth? The object of this book is to bring before the public such further facts and values regarding the evolution of man. After studies Churchward made during many years, he is now fully convinced that the hitherto preconceived ideas of many scientists regarding the origin of the human race, both as to place and date, are erroneous, and evidence will be brought forward to prove that the human race did not originate in Asia but in Africa.

**Origin & Evolution of the Human Race** Albert Churchward, 1921      **The Exodus from Egypt and the Desert of Amentha** Gerald Massey, 2008-11-01  
When roughly classed, the myths and legends generally show two points of departure for migrations of the human race, as these were rendered in the stellar and solar mythology. One is from the summit of the celestial mount, the other from the hollow underworld beneath the mount or inside the earth. The races that descended from the mount were people of the pole, whose starting point in reckoning time was from one or other station of the pole star, determinable by its type, whether as the tree, the rock, or other image of a first point of departure. Those who ascended from the nether world were of the solar race, who came into existence with the sun, as it is represented in the legendary lore from *The Exodus from Egypt and the Desert of Amentha*. It goes unappreciated by modern Egyptologists, but it is embraced by those who savor the concept of a hidden history of humanity, and those who approach all human knowledge from the perspective of the esoteric. Gerald Massey's massive *Ancient Egypt: The Light of the World*, first published in 1907, and the crowning achievement of the self-taught scholar, redefines the roots of Christianity via Egypt, proposing that Egyptian mythology was the basis for Jewish and Christian beliefs. Here Cosimo proudly presents Book 8 of *Ancient Egypt*, in which Massey roots the story of the Hebrew exodus deep in Egyptian legend. From wilderness, deserts, and promised lands of plenty to magical rods and twelve tribes, Massey explains how the Hebrew tale descended from the story of Ra. Peculiar and profound, this work will intrigue and delight readers of history, religion, and mythology.

British author GERALD MASSEY (1828-1907) published works of poetry, spiritualism, Shakespearean criticism, and theology, but his best-known works are in the realm of Egyptology, including *A Book of the Beginnings* and *The Natural Genesis*.

*Ancient Egypt: Light Of The World 2 Vol set* Gerald Massey, 2013-10-15

Gods the Egyptian Book of the Dead and Egyptian wisdom in the Hebrew Genesis Readers will enjoy the wealth of information offered by Massey as well as his clear and readable style **Ancient Egypt, the Light of the World** Gerald Massey,1992 Gerald Massey was one of the first Egyptologists in modern times to realize that with the final eclipse of the incredibly old Land of Kam a k a ancient Egypt a light had been extinguished in world civilization He was a man of protean interests and concerns at once a poet socialist Shakespearean scholar mythographer and Egyptologist Part of his genius was the ability to look truth in the face and not flinch Massey did in the cultural domain what modern paleontologists have done in the anthropological pinpoint Africa as the crucible of humanity s story In the first volume of Ancient Egypt Massey was primarily concerned with elaborating how the first humans emerge in Africa created thought What had been evident to him from the outset was that the myths rituals and religions of ancient Egypt or Old Kam had preserved virtually intact a record of the psychomythic evolution of humanity In the second volume Massey examines the celestial phenomenon known as the Precession of the Equinoxes He believed only by understanding this phenomenon was it possible to fathom Nile Valley history He provides the reader with extensive detail on the interconnection of the two The last half of the second volume is devoted to the Kamite sources of Christianity Massey demonstrated the manner in which New Testament Christianity evolved directly out of the Osirian mysteries Massey pioneered the effort to connect Old Kamite thought to its origin in Africa s antiquity His conclusions which are constantly being verified showed that Kamite thought was the direct progenitor to the philosophy metaphysics religion and science that eventually shaped Western civilization from back cover **Ancient Egypt: The Light**
