Solomons Decision:

A Judgment for Solomon Michael Grossberg, 1996-02-23 A Judgment for Solomon tells the story of the d Hauteville case a controversial child custody battle fought in 1840 It uses the story of one couple s bitter fight over their son to explore some timebound and timeless features of American legal culture In a narrative analysis it recounts how marital woes led Ellen and Gonzalve d Hauteville into what Alexis de Tocqueville called the shadow of the law Their multiple legal experiences culminated in an eagerly followed Philadelphia trial that sparked a national debate over the legal rights and duties of mothers and fathers and husbands and wives The story of the d Hauteville case explains why popular trials become precedents of legal experience mediums for debates about highly contested social issues It also demonstrates the ability of individual women and men to contribute to legal change by turning to the law to fight for what they want **The Judgment of Solomon, Applied to the Question of Educating the Children Employed in Factories and Mines. Youth in Fiji and Solomon Islands Aidan Craney, 2022-04-21 Fiji Solomon Islands and the wider Pacific region are experiencing a youth bulge As such the livelihoods pathways of youth in these countries will be a key determinant of their social political and economic futures This book looks at the cultural expectations of Fijian and Solomon Islander youth as well as the socio political positioning of youth activists It investigates how formal and informal structures such as education employment and civil society affect the ability of youth to achieve their potential and actively engage in their societies Through this investigation a recurrent theme develops of the structural minimisation of youth in these countries they are to be seen but not heard But Pacific youth are more than citizens in waiting they are already important members of their communities with varying degrees of engagement in critical civil society More than simply leaders of tomorrow they are partners for today Youth in Fiji and Solomon Islands documents and details some of the ways that young people in Fiji and Solomon Islands are forging their way as leaders not just of youth but of their communities Whilst the majority of youth are engaging in society in acceptable social ascribed ways and the majority

of adults resist youth participation as a technique to maintain the social status quo a small but influential cohort of both youth and adults are creating spaces for today's young people to help to shape the developmental futures of the Great Ocean States of the Pacific
