upon returning to it after many years and how he approached new recordings of the Mozart operas and Wagner's Die Meistersinger. This time I would come to it with my heart as well as my head. His memoirs are filled with both hilarious and touching scenes of rehearsal and performance as well as with stories of musical controversies. He speaks about the great musicians he has worked with among them Toscanini, Walter Furtwängler, Klemperer, Nilsson, Hotter, Domingo, and Rostropovich. Into the Past William Beard, 2010-05-29. Guy Maddin started making films in his back yard and on his kitchen table. Now his unique work, which relies heavily on such archaic means as black and white small format cinematography and silent film storytelling, premieres at major film festivals around the world and is avidly discussed in the critical press. Into the Past provides a complete and systematic critical commentary on each of Maddin's feature films and shorts from his 1986 debut film *The Dead Father* through to his highly successful 2008 full-length docu-fantasia *My Winnipeg*. William Beard's extensive analysis of Maddin's narrative and aesthetic strategies, themes, influences, and underlying issues also examines the origins and production history of each film. Each of Maddin's projects and collaborations showcase his gradual evolution as a filmmaker and his singular development of narrative forms. Beard's close readings of these films illuminate among other things the profound ways in which Maddin's art is founded in the past, both in the cultural past and in his personal memory.

[Serving Genius](#) Thomas D. Saler, 2024-03-18. *Serving Genius* tells the life story of Carlo Maria Giulini, one of the most renowned and beloved conductors of the twentieth century. Detailing Giulini's extraordinary professional career, Thomas D. Saler also chronicles Giulini's personal life, including his musical awakening while growing up amid the spectacular beauty of the Dolomite mountains, his years as a student in Rome's Academy of St. Cecilia, his conscription into the Italian army during World War II, his nine months in hiding for his anti-fascist and pacifist beliefs, and his selfless devotion to his wife Marcella. A humble master who shunned the limelight, Giulini took a deeply emotional and subjective approach to making music. Saler provides uniquely detailed analysis of Giulini's nuanced musicianship and the way he conveyed that musicianship to the orchestra through physical gestures. Meditating on the very art of conducting at which Giulini excelled, Saler discusses each of the conductor's major musical appointments, including stints with the Chicago Symphony Orchestra, Philharmonia Orchestra, Vienna Symphony, and Los Angeles Philharmonic. The book also addresses his repertoire of choice, leadership style, and moral framework. Drawing on extensive interviews with Giulini's family, music critics, arts administrators, orchestra members, and collaborating soloists, *Serving Genius* draws out the personal amid the professional life of this giant among twentieth-century conductors.

Raven's Longest Night Donald MacKenzie, 2013-07-14 John Raven and his wife Kirstie are holidaying in Lisbon at Ilona Szecheyi's villa when Ilona's father Stephen reveals his well guarded secret: shortly before the communist occupation of Hungary in 1945 he was entrusted with 17 million in government gold bullion. Now thirty seven years later the courts have awarded him full ownership of the money and the current Hungarian regime is not pleased. They will stop at nothing to get it back and when blackmail and murder strike Raven can't pull out fast enough before he becomes the main suspect. Donald MacKenzie is a born storyteller.

Settling Scores David Monod, 2006-03-08 Classical music was central to German national identity in the early twentieth century. The preeminence of composers such as Bach and Beethoven and artists such as conductor Wilhelm Furtwangler and pianist Walter Gieseking was cited by the Nazis as justification for German expansionism and as evidence of Aryan superiority. In the minds of many Americans further German aggression could be prevented only if the population's faith in its moral and cultural superiority was shattered. In *Settling Scores* David Monod examines the attempted denazification of the German music world by the Music Control Branch of the Information Control Division of Military Government. The occupying American forces barred from the stage and concert hall all former Nazi Party members and even anyone deemed to display an authoritarian personality. They also imported European and American music. These

actions however divided American officials and outraged German audiences and performers Nonetheless the long term effects were greater than has been previously recognized as German government officials regained local control and voluntarily limited their involvement in artistic life while promoting new anti Nazi music **American National Biography**
