Strait Of Anian:

Across the Top of the World James Delgado, 2009-12-01 The centuries long quest for the fabled Northwest Passage rivals the story of Antarctic exploration for heroism drama and tragedy Expedition after expedition set off in search of a sea route connecting Europe with Asia's riches each expedition suffered extreme hardship and ended in defeat until Roald Amundsen finally succeeded in 1903 06 *Across the Top of the World* brings this incredible saga to life through exhaustive research grim firsthand accounts and hundreds of dramatic images Paintings engravings and photos of the intrepid men and their ships as well as of relics and archaeological sites provide a poignant and compelling link with the past while landscapes and seascapes of the harsh yet beautiful Arctic illustrate the challenges that faced explorers Covering all the major expeditions in detail and written with passion and authority this book is both a scholarly reference and an eminently readable history of Arctic exploration
