Strange Friends:

Old Books, Rare Friends Madeline B. Stern, Leona Rostenberg, 1998-06-01 Louisa May Alcott once wrote that she had taken her pen for a bridegroom Leona Rostenberg and Madeleine Stern friends and business partners for fifty years have in many ways taken up their pens and passion for literature much in the same way The Holmes Watson of the rare book business Rostenberg and Stern are renowned for unlocking the hidden secret of Louisa May Alcott's life when they discovered her pseudonym A M Barnard along with her anonymously published blood and thunder stories on subjects like transvestitism hashish smoking and feminism *Old Books Rare Friends* describes their mutual passion for books and literary sleuthing as they take us on their earliest European book buying jaunts Using what they call Finger spitzengefhl the art of evaluating antiquarian books by handling experience and instinct we are treated to some of their greatest discoveries amid the mildewed basements of London's booksellers after the Blitz We experience the thrill of finding one of the earliest known books printed in America between 1617-1619 by the Pilgrim Press and learn about the influential role of publisher printers from the fifteenth century Like a precious gem *Old Books Rare Friends* is a book to treasure about the companionship of two rare friends and their shared passion for old books

Empire of Friends Rachel Applebaum, 2019-04-15 The familiar story of Soviet power in Cold War Eastern Europe focuses on political repression and military force But in *Empire of Friends* Rachel Applebaum shows how the Soviet Union simultaneously promoted a policy of transnational friendship with its Eastern Bloc satellites to create a cohesive socialist world This friendship project resulted in a new type of imperial control based on cross border contacts between ordinary citizens In a new and fascinating story of cultural diplomacy interpersonal relations and the trade of consumer goods Applebaum tracks the rise and fall of the friendship project in Czechoslovakia as the country evolved after World War II from the Soviet Union's most loyal satellite to its most rebellious Throughout Eastern Europe the friendship project shaped the most intimate aspects of people's lives influencing everything from what they wore to where they traveled to whom they married Applebaum argues that in Czechoslovakia socialist friendship was surprisingly durable capable of surviving the ravages of Stalinism and the Soviet invasion that crushed the 1968 Prague Spring Eventually the project became so successful that it undermined the very alliance it was designed to support as Soviets and Czechoslovaks got to know one another they discovered important cultural and political differences that contradicted propaganda about a cohesive socialist world *Empire of Friends* reveals that the sphere of everyday life was central to the construction of the transnational socialist system in Eastern Europe and ultimately its collapse

AHMED,2023-10-17 Summary In the middle of a dark and magical forest lived a group of goblins who were much nicer than the ones in scary stories These goblins were friendly liked to cause trouble and felt deeply connected to the beauty of nature The Firefly celebration was their favorite holiday It happened once a year and was a beautiful show of unity and wonder between goblins woodland animals and fireflies The Firefly Festival took place in a clearing in the middle of a forest The huge oak trees there made it look like a natural amphitheater Goblins and other creatures of the woods gathered here where the smell of wildflowers and the soft feel of the grass drew them in In order to get ready for the holiday the goblins spent weeks making flower crowns and lanterns out of branches leaves and other natural materials They asked every animal that lives in the forest to join the party from cute chipmunks and bunnies to owls and foxes When the sun went down it cast a warm orange glow over the area where the party start The goblins favorite friend the firefly showing up was without a doubt the best part of the party The shimmering microscopic bugs that showed up added a wonderful touch to the evening s events They were in a secret valley deep in the forest where a field sparkled like a thousand lights That s where the goblins knew how to look for them There were thousands and thousands of fireflies at the party making a beautiful show of moving lights While the goblins played beautiful music on their flutes the fireflies seemed to dance to the beat making a beautiful orchestra of light and sound Some bad goblins like Grumble thought it would be a great idea to blow on a firefly to wake it up and make its light shine better The goblins quickly agreed with this idea and soon the whole clearing was lit up with a bright light as if the sky had opened up to join the party As the night went on the firefly led the goblins and other animals of the forest to continue to dance and celebrate The lights gave off a soft comforting light and the air was filled with happiness and joy It was time to say goodbye to the fireflies when the first rays of dawn broke through the trees in the morning The goblins let the fireflies fly feeling both sorry for what they did and thankful for their help As the early morning light came up they stood there and watched the fireflies fly away into the sky The goblins were thrilled and amazed when they got back to their homes in the woods They did this because they were sure that their connection with the firefly and the forest s natural beauty would keep charming them They looked forward to new adventures every day in their magical forest and every night they celebrated the wonderful things that nature had given them Beginning with Hear Once upon a time in a magical forest hidden behind tall old trees there lived a group of helpful goblins The goblins in this story were not at all like the ones in

scary books or movies They were nice but at heart they were pranksters and they loved the chance to enjoy the beauty of nature They thought the Firefly Festival was one of their favorite events The forest was a beautiful and enchanted place where time seemed to move more slowly and every sound of birds singing and leaves rustling held a secret There were goblins watching over this strange place The fact that they lived in such an unusual way showed how much they cared about nature In a world where goblins were usually thought of as dangerous monsters that lived in the dark this group was a bright example of how good people could be found in the strangest places People in this world often thought of goblins as scary monsters that lived in the dark Their gentle nature came from the beautiful woods which was where they wanted to be The goblins days were full of fun things they did that honored the forest s many and varied plants and animals They were the first to rise with the sun and would sing happy songs that could be heard all over the forest For fun they would do things like put nuts in each other s shoes or send each other on treasure hunts to find the most beautiful wildflowers They would do these things while grinning meanly But things weren t always so happy and bright for these goblins Their strong belief was that it was their duty to keep the forest and its animals safe These people knew all the secret tracks that went through the thick plants and were always ready to help any animal that needed it This could mean saving a bird that is stuck in a thorny bush or showing a baby rabbit how to get back to its hole The animals in the forest understood that the goblins in this story were not at all like the ones they had read about in scary stories because they did nice things for them The goblins would have lively talks with squirrels and chipmunks and teach them what they knew about the forest Old wise owls would visit them and talk to the goblins about the moon and stars As the seasons changed the goblins would change what they did for a living so they could fully enjoy each day During the cool fall days they would get together to pick the ripest apples from the orchards They would fill baskets to the brim with the fruit they had gathered Under the harvest moon they would make big leaf piles to jump into and then tell each other stories about the crazy things they had done During the winter when the forest was covered in snow the goblins would make giant snow forts and tunnels and ask their animal friends to go on snowy adventures with them It was also very cold in the winter so they left food out for the animals to make sure everyone had a good meal The goblins loved all four seasons but summer was their favorite As soon as the sun came up everyone got excited about their much loved Firefly

Friends' Intelligencer ,1924 **Decolonizing Solidarity** Clare Land,2015-07-15 In this highly original and much needed book Clare Land interrogates the often fraught endeavours of activists from colonial backgrounds seeking to be politically supportive of Indigenous struggles Blending key theoretical and practical questions Land argues that the predominant impulses which drive middle class settler activists to support Indigenous people cannot lead to successful alliances and meaningful social change unless they are significantly transformed through a process of both public political action and critical self reflection Based on a wealth of in depth original research and focussing in particular on Australia where despite strident challenges the vestiges of British law and cultural power have restrained the nation s emergence out

of colonizing dynamics Decolonizing Solidarity provides a vital resource for those involved in Indigenous activism and scholarship
