Reading Thomas Hardy: Selected Poems Neil Wenborn, 2012-01-01

Thomas Hardy is unique in English literature as a major novelist who is also a major poet. His collected poetry is among the most distinctive bodies of verse in the language and includes such pinnacles of the lyric tradition as *The Darkling*, *Thrush*, and the series of haunted love elegies written in memory of his first wife Emma, and such instantly recognizable titles as *Drummer Hodge*, *A Trampwoman's Tragedy*, *Convergence of the Twain*. It is also among the most controversial. Ever since his poetry first appeared in the collection *Wessex Poems* in 1898, readers and critics alike have stumbled over its awkwardnesses or been seduced by its idiosyncratic music, have celebrated its unprecedented formal inventiveness or deplored its perceived lack of ambition. It has been variously read as an archetype of the Victorian intellectual odyssey, as the work of a proto-modernist, and as the fountainhead of contemporary British verse. At once traditional and modern, the acme of artifice and a conduit of intense emotion, it remains a critical enigma. This exemplary study guide seeks to set Hardy's poetry in the context of his life, times, and literary heritage, and to understand through a close reading of selected poems both the challenge it offers to criticism and the elusive power it continues to exert over each new generation of readers. All his collections are introduced, including *Wessex Poems*, *Poems of the Past and Present*, *Time's Laughingstocks*, *Satires of Circumstance*, *Moments of Vision*, *Late Lyrics*, and *Earlier Human Shows*, and *Winter Words*. Select Poems John Marshall, Orlando John Stevenson, 1904

Selected Poems Edwin Arlington Robinson, 1997-12-01 Edwin Arlington Robinson's finely crafted formal rhythms mirror the tension the poet sees between life's immutable circumstances and humanity's often tragic attempts to exert control. At once dramatic and witty, his poems lay bare the loneliness and despair of life in genteel small towns, the tyranny of love and unspoken, unnoticed suffering. The fictional characters he created in *Ruben Bright*, *Miniver Cheevy*, and *Richard Cory*, and the historical figures he brought to life, *Lincoln* in *The Master* and the great painter in *Rembrandt*, harbor demons and passions the world treats with indifference or cruelty. With an introduction that sheds light on Robinson's influence on poets from Eliot and Pound to Frost and Berryman, this collection brings an unjustly neglected poet to a new generation of readers.
