Love,2002-06-20 Recent literary scholarship has seen a shift of interest away from questions of attribution Yet these questions remain urgent and important for any historical study of writing and have been given a powerful new impetus by advances in statistical studies of language and the coming on line of large databases of texts in machine searchable form The present book is the first comprehensive survey of the field from a literary perspective to appear for forty years It covers both traditional and computer based approaches to attribution and evaluates each in respect of their potentialities and limitations It revisits a number of famous controversies including those concerning the authorship of the Homeric poems books from the Old and New Testaments and the plays of Shakespeare Written with wit as well as erudition Attributing Authorship will make this intriguing field accessible for students and scholars alike *The Erotic Adventures of Snow White* Cherie

Wilde,2025-01-22 Her breath held in thrilled suspense Snow White lifted herself to her knees The room aglow with the warmth of the hearth seemed to pulse with eager anticipation as she beheld the seven dwarves their britches taut over burgeoning desire She could not help but let her gaze linger her green eyes tracing the outline of their arousal with an artist s appreciation Such bountiful displays she murmured As Snow White sat up the coarse fabric of her dress whispered against her skin teasing her senses until she was acutely aware of the heat pooling between her thighs It was as if the very air of the

dwarves cottage conspired to fan the flames of her lascivious yearning Think you know Snow White Think again The Brothers Grimm gave you the bedtime version of her story but Cherie Wilde is here to wake you up The Erotic Adventures of Snow White is a wickedly steamy no holds barred retelling of the fairy tale you thought you knew This is Snow White as you ve never seen her before bold sensual and anything but innocent Discover her forbidden connection to the seven mysterious men who took her in her passionate rivalry with the seductive Wicked Queen and the shocking truth about how Prince Charming brought her back to life spoiler it wasn t with a kiss Provocative thrilling and deliciously naughty this ADULTS ONLY retelling will make you see Snow White in a whole new light The Svetlana Boym Reader Svetlana Boym,2018-04-19

Svetlana Boym was a prolific writer a charismatic professor a novelist and a public intellectual She was also a fiercely resourceful and reflective immigrant her most resonant book The Future of Nostalgia was deeply rooted in that experience Even after The Future of Nostalgia carried her fame beyond academic circles few readers were aware of all of her creative personas She was simply too prolific and her work migrated across most people s disciplinary boundaries from literary and cultural studies through film visual and material culture studies performance intermedia and new media The Svetlana Boym Reader presents a comprehensive view of Boym s singularly creative work in all its aspects It includes Boym s classic essays carefully chosen excerpts from her five books and journalistic gems Showcasing her roles both as curator and curated the reader includes interviews and excerpts from exhibition catalogues as well as samples of intermedial works like Hydrant Immigrants It also features autobiographical pieces that shed light on the genealogy of her scholarly work and rarities like an excerpt from Boym s first graduate school essay on Russian literature complete with marginalia by her mentor Donald Fanger Last but not least the reader includes late pieces that Boym did not live to see through publication as well as transcripts of her memorable last lectures and performances **Another Freedom** Svetlana Boym,2018-07-02

The word freedom is so overly used and frequently abused that it is always in danger of becoming nothing but a clich In Another Freedom Svetlana Boym offers us a refreshing new portrait of the age old concept Exploring the rich cross cultural history of the idea of freedom from its origins in ancient Greece to the present day she argues that our attempts to imagine freedom should occupy the space of not only what is but also what if Beginning with notions of sacrifice and the emergence of a public sphere for politics and art Boym expands her account to include the relationships between freedom and liberation modernity and terror and political dissent and creative estrangement While depicting a world of differences she affirms lasting solidarities based on the commitment to the passionate thinking that reflections on freedom require To do so Boym assembles a remarkable cast of characters Aeschylus and Euripides Kafka and Mandelstam Arendt and Heidegger and a virtual encounter between Dostoevsky and Marx on the streets of Paris By offering a fresh look at the strange history of this idea Another Freedom delivers a nuanced portrait of freedom one whose repercussions will be felt well into the future
