Stranger To The Fur Trade:

Strangers in Blood Jennifer S. H. Brown, 1980-01-01 For two centuries 1670 1870 English Scottish and Canadian fur traders voyaged the myriad waterways of Rupert's Land the vast territory charted to the Hudson's Bay Company and later splintered among five Canadian provinces and four American states The knowledge and support of northern Native peoples were critical to the newcomer's survival and success With acquaintance and alliance came intermarriage and the unions of European traders and Native women generated thousands of descendants Jennifer Brown's *Strangers in Blood* is the first work to look systemically at these parents and their children Brown focuses on Hudson's Bay Company officers and North West Company wintering partners and clerks those whose relationships are best known from post journals correspondence accounts and wills The durability of such families varied greatly Settlers missionaries European women and sometimes the courts challenged fur trade marriages Some officers Scottish and Canadian relatives dismissed Native wives and Indian progeny as illegitimate Trades who took these ties seriously were obliged to defend them to leave wills recognizing their wives and children and to secure their legal and social status to prove that they were kin not strangers in blood Brown illustrates that the lives and identities of these children were shaped by factors far more complex than blood Sons and daughters diverged along paths affected by gender Some descendants became Métis nationhood under Louis Riel Other rejected or were never offered that course they passed into white or Indian communities or in some instances identified themselves without prejudice as halfbreeds The fur trade did not coalesce into a single society Rather like Rupert's Land it splintered and the historical consequences have been with us ever since *Strangers in Blood* Jennifer S. H. Brown, 1980 Describes the social world of the traders in the 18th and 19th centuries Examines differences between the North West Company and the Hudson's Bay Company and their effects on Indian-white relations *An Ethnohistorian in Rupert's Land* Jennifer S. H. Brown, 2017-08-10 In 1670 the ancient homeland of the Cree and Ojibwe people of Hudson Bay became known to the English entrepreneurs of the Hudson's Bay Company as Rupert's Land after the founder and absentee landlord Prince Rupert For four decades Jennifer S. H. Brown has examined the complex relationships that developed among the newcomers and the Algonquian communities who hosted and tolerated the fur traders and later the missionaries anthropologists and others who found their way into Indigenous lives and territories The eighteen essays gathered in this book explore Brown's investigations into the surprising range of interactions among Indigenous people and newcomers as they met or observed one another from a distance and as they competed compromised and rejected or adapted to change While diverse in their subject matter the essays have thematic unity in their focus on the old HBC territory and its peoples from the 1600s to the present More than an anthology the chapters of *An Ethnohistorian in Rupert's Land* provide examples of Brown's exceptional skill in the close study of texts including oral documents images artifacts and other cultural expressions The volume as a whole represents the scholarly evolution of one of the leading ethnohistorians in Canada and the United States **Central**
