Strangers At The Gate:

Strangers at the Gate Samuel Gordon, 1902 *Strangers at the Gate! Multidisciplinary Explorations of Communities, Borders, and Othering in Medieval Western Europe*, 2022-04-11 This volume showcases a range of different approaches to strangers and strangeness across medieval western Europe It focuses on how communities responded to the arrival of strangers and to different ways in which individuals and groups were constructed as estranged Further it reflects on different forms of border crossing from lived experience to literary imagination and from specific journeys in precise contexts to the conceptualisation of the shift from life to death In the range of its contributions applying linguistic historical archaeological architectural archival literary and theological analyses it seeks to bring together disciplines and geographical areas of study that are too often strangers to one another in medieval studies Contributors are Sherif Abdelkarim Anna Adamska Adrien Carbonnet Wim De Clercq Florian Dolberg Joshua S Easterling Susan Irvine Marco Mostert Richard North James Plumtree Euan McCartney Robson Beatrice Saletti Simon C Thomson and Gerben Verbrugghe **STRANGER AT THE GATE.** Evelyn Anthony, 1965 *At the Strangers' Gate* Adam Gopnik, 2017-09-05 From The New York Times best selling author of *Paris to the Moon* and beloved New Yorker writer a memoir that captures the romance of New York City in the 1980s When Adam Gopnik and his soon to be wife Martha first arrived in 1980 New York City was a pilgrimage site for the young the arty and the ambitious But it was also becoming a place where both life's consolations and its necessities were increasingly going to the highest bidder *At the Strangers Gate* is a vivid portrait of this time told through the story of one couple's journey from their excited arrival as aspiring artists to their eventual growth into a New York family Through a series of comic mini anthropologies that capture the fashion publishing and art worlds of the era Adam Gopnik transports us from his tiny basement room on the Upper East Side to a SoHo loft from his time as a graduate student cum library clerk to the galleries of MoMA Filled with tender and humorous reminiscences including affectionate reflections on Richard Avedon Robert Hughes and Jeff Koons among many others *At the Strangers Gate* is an ode to New York striving *Strangers at the Gate* Leonard Gross, 1996-08-01 **Strangers at the Gate** Frederic Wakeman, 1997-12-30 First published in 1966 and now available once more this pioneering work examines the relationship between the Chinese civil and military authorities and the British trading community in Guangdong province on the eve of the Taiping Rebellion one of the most calamitous events in Chinese history The book explores the various factors that led to the progression of rebellion and the inevitability of revolution **Phenomenologies of the Stranger** Richard Kearney, Kascha Semonovitch, 2011 What is strange Or better who is strange When do we encounter the strange This volume takes the question of hosting the Stranger to the deeper level of embodied imagination and the senses It asks How does the embodied imagination relate to the Stranger in terms of hospitality or hostility given the common root of hostis as both host and enemy How do humans sense the dimension of the strange and alien in different religions arts and cultures How do the five physical senses relate to the spiritual senses

especially the famous sixth sense as portals to an encounter with the Other Is there a carnal perception of alterity which would operate at an affective prereflective preconscious level What exactly do embodied imaginaries of hospitality and hostility entail And what finally are the topical implications of these questions for an ethics and practice of tolerance and peace

Hospitality in a Time of Terror Lindsay Anne Balfour, 2017-11-02 Hospitality in a Time of Terror Strangers at the Gate offers a reading of hospitality that suggests the encounter with strangers is at the core of cultural production and culture itself in the aftermath of the terrorist attacks of September 11 2001 It documents the significance of hospitality after the terrorist attacks particularly as such an ethics is so provocatively raised or disavowed by a predominantly visual and cultural archive that has been and continues to be consumed by millions of people around the world This book utilizes works of cultural memory film art and literature that show the breadth of hospitality's influence but that offer a depth of insight historical specificity and theoretical intensity that only a product created in the aftermath of 9 11 allows The September 11 Memorial and Museum in New York City for example is best understood as an institution defined by the question of hospitality particularly as hospitality is engaged or disavowed through an experience with loss This book also considers how hospitality might function in consideration of the violence perpetuated against bodies marked by discourses of race gender and sexuality as is the case in the 2011 film Zero Dark Thirty and separately explores how alternative modes of hospitality are enabled by the fluid and dynamic space of the street and the urban art found there The final chapter examines Don DeLillo's 2007 novel Falling Man and argues that the novel demonstrates a sustained engagement with hospitality through the figure of organic shrapnel a metaphor that suggests the possibility of being literally and figuratively embedded by another The purpose of this book is to point out the diverse and even devastating ways that hospitality appears in ways that remind us that if hospitality as we understand it is failing it matters more than ever how we deploy it
