The Jewish Derrida:

The Jewish Derrida Gideon Ofrat, 2001-06-01 A fresh look at the influential French philosopher Jacques Derrida
The Jewish Derrida Gideon Ofrat, 2001-06-01 Until now no critical work has touched on the Jewish dimension in Jacques Derrida's philosophical oeuvre Ofrat notes that early Derridean works contained few if any references to Jewish writers concepts or issues At first glance Judaism itself along with all other structures found in traditional Western metaphysics would appear to have no place in Derrida's thought but Ofrat argues that Derrida cannot be thoroughly understood without elucidating the Jewish current running through his philosophy right down to the scar of his circumcision A French Algerian Jew Derrida broke free of the Jewish consciousness and culture of his childhood but taught that leaving something is a precondition for recognizing its significance Ofrat suggests that Derrida's philosophy grew from these early influences and the fragments of his Jewish identity and he offers a comprehensive reading of Derridean writings and strong grounding in Jewish tradition By approaching Derrida's philosophical poetic and artistic themes through a Jewish lens Ofrat gives a sophisticated subtle entirely fresh reading of one of the most influential thinkers of the twentieth century
Questioning Judaism Jacques Derrida, Elisabeth Weber, 2004 This volume presents the meditations of seven well known French thinkers on the special relations of their own intellectual pursuit to Judaism
Portrait of Jacques Derrida as a Young Jewish Saint Hélène Cixous, 2005 Who can say I am Jewish What does Jew mean In *Portrait of Jacques Derrida as a Young Jewish Saint* Helene Cixous explores what these questions mean for the influential philosopher Jacques Derrida founder of deconstruction scoffing at fixed identities and explorer of the indeterminate Cixous's kaleidoscopic portrait effortlessly merges biography textual commentary and discussions of Jewish rituals and past philosophers in a playful exploration of Derrida his works and being or not being Jewish Derrida who died in 2004 and Cixous were lifelong friends and grew up as French Jews in Algeria They shared a belonging constituted of exclusion and nonbelonging not Algerian rejected by France their Jewishness concealed or acculturated In Derrida's family one never said circumcision but baptism not Bar Mitzvah but communion Judaism cloaked in Catholicism is one example of the undecidability of identity that influenced the thinker whom Cixous calls a Jewish Saint

In the Margins of Deconstruction M.C. Srajev, 2012-12-06 Although this book is a study of the work of Emmanuel Levinas and Jacques Derrida it would be mistaken to refer to it as a comparison The book develops a framework which might aid the reader of Levinas and Derrida in determining the scope and significance of their respective projects as far as a discourse of the sacred is concerned It does so by emphasizing their status as philosophers whose thought correlates but does not compare Within this correlation without obscuring either their differences or similarities we can see a common framework that consists of the following elements First it is clear from what and how Derrida and Levinas have written that the general import of their work lies in the area of ethics However in many ways it would be justifiable to say that their work is not about ethics at all Neither of them proposes a moral theory neither is interested in discussing the question of values vs

social norms duty vs virtue and other issues that might pertain to the area of ethics To be sure these issues do come up in their work yet they are treated in a peculiarly different way For Derrida and Levinas ethics is not so much an inquiry into the problems of right and wrong but an inquiry into the problem of the ethical constitutedness of human beings The Memorial Ethics of Libeskind's Berlin Jewish Museum Arleen Ionescu, 2017-02-20 This book is a detailed critical study of Libeskind's Berlin Jewish Museum in its historical architectural and philosophical context Emphasizing how the Holocaust changed our perception of history memory witnessing and representation it develops the notion of memorial ethics to explore the Museum's difference from more conventional post World War Two commemorative sites The main focus is on the Museum as an experience of the materiality of trauma which engages the visitor in a performative duty to remember Arleen Ionescu builds on Levinas's idea of ethics as optics to show how Libeskind's Museum becomes a testimony to the unrepresentable Other Ionescu also extends the Museum's experiential dimension by proposing her own subjective walk through Libeskind's space reimagined as a literary museum Featuring reflections on texts by Beckett Celan Derrida Kafka Blanchot Wiesel and Selma Meerbaum Eisinger Celan's cousin this virtual tour concludes with a brief account of Libeskind's analogous healing project for Ground Zero *Derrida's Marrano Passover* Agata Bielik-Robson, 2022-12-15 In this first ever monograph on Jacques Derrida's Toledo confession where he portrayed himself as sort of a Marrano of the French Catholic culture Agata Bielik-Robson shows Derrida's marranismo to be a literary experiment of auto-fiction She looks at all possible aspects of Derrida's Marrano identification in order to demonstrate that it ultimately constitutes a trope of non-identitarian evasion that permeates all his works just as Marranos cannot be characterized as either Jewish or Christian so is Derrida's universal Marranism an invitation to think philosophically politically and last but not least metaphysically without rigid categories of identity and belonging By concentrating on Derrida's deliberate choice of marranismo Bielik-Robson shows that it penetrates deep into the very core of his late thinking constantly drawing on the literary works of Kafka Celan Joyce Cixous and Valéry and throws a new light on his early works most of all *Of Grammatology* *Dissemination* and *Difference* She also offers a completely new interpretation of many of Derrida's works only seemingly non-related to the Marrano issue like *Glas* *Given Time* *Counterfeit Money* *Death Penalty Seminar* and *Specters of Marx* In these new readings this book demonstrates that the Marrano Derrida is not a marginal auto-biographical figure overshadowed by Derrida the Philosopher it is one and the same thinker who discovered marranismo as a literary trope of openness offering up a new genre of philosophical story telling which centers around Derrida's Marrano auto-fable *Exemplarity and Chosenness* Dana Hollander, 2008-03-28 *Exemplarity and Chosenness* is a combined study of the philosophies of Jacques Derrida 1930-2004 and Franz Rosenzweig 1886-1929 that explores the question How may we account for the possibility of philosophy of universalism in thinking without denying that all thinking is also idiomatic and particular The book traces Derrida's interest in this topic particularly emphasizing his work on philosophical nationality and his insight that philosophy is challenged in a special way by its

particular national instantiations and that conversely discourses invoking a nationality comprise a philosophical ambition a claim to being exemplary Taking as its cue Derrida's readings of German Jewish authors and his ongoing interest in questions of Jewishness this book pairs his philosophy with that of Franz Rosenzweig who developed a theory of Judaism for which election is essential and who understood chosenness in an exemplarist sense as constitutive of human individuality as well as of the Jews' role in universal human history

The Trace of God Edward Baring, Peter E. Gordon, 2021-05-20 Derrida's most lasting legacy might well be his writings on religion If the perplexed seek a guide they can do no better than this excellent volume Warren Breckman University of Pennsylvania Jacques Derrida's writings on the question of religion have played a crucial role in the transformation of scholarly debate across the globe The Trace of God provides a compact introduction to this debate It considers Derrida's fraught relationship to Judaism and his Jewish identity broaches the question of Derrida's relation to the Western Christian tradition and examines both the points of contact and the silences in Derrida's treatment of Islam An astonishingly fresh and vivid set of essays that not only cast new light on the work of the greatest philosophical provocateur of the late twentieth century but also provide food for reflecting today on the relations among violence modernity secularity and religion Allan Megill University of Virginia

Radical French Thought and the Return of the "Jewish Question" Eric Marty, 2015-05-22 Five seminal essays on contemporary antisemitism and its connections to radical thought For English speaking readers this book serves as an introduction to an important French intellectual whose work especially on the issues of antisemitism and anti Zionism runs counter to the hostility shown toward Jews by some representatives of contemporary critical theory It presents for the first time in English five essays by Eric Marty previously published in France with a new preface by the author addressed to his American readers The focus of these essays is the debate in France and elsewhere in Europe concerning the Jew The first essay on Jean Genet one of postwar France's most important literary figures investigates the nature of Genet's virulent antisemitism and hatred of Israel and its significance for an understanding of contemporary phenomena The curious reappearance of St Paul in theological and political discourse is discussed in another essay which describes and analyses the interest that secular writers of the far left have shown in Paul's universalism placed over and against Jewish or Israeli particularism The remaining essays are more polemical in nature and confront the anti Israeli attacks by Alain Badiou and Gilles Deleuze Both important and timely it will be a notable contribution to the ongoing public and intellectual discussion of contemporary antisemitism and the animus of intellectuals toward the state of Israel Elhanan Yakira author of Post Zionism Post Holocaust Represents a significant contribution to our understanding of both the phenomenon of the new antisemitism and a certain strain of French critical theory over the last several decades Maurice Samuels Yale University

Is Theory Good for the Jews? Bruno Chaouat, 2016 By looking back to the emergence of a postwar theoretical discourse on trauma memory victims suffering the Holocaust and the Jews Is Theory Good for the Jews explores how French thought is implicated in intellectual literary and ideological

components of the global and local upsurge of antisemitism Acts of Religion Jacques Derrida, 2002 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company **The Routledge Handbook of Contemporary Jewish Cultures** Nadia Valman, Laurence Roth, 2017-07-14 The Routledge Handbook to Contemporary Jewish Cultures explores the diversity of Jewish cultures and ways of investigating them presenting the different methodologies arguments and challenges within the discipline Divided into themed sections this book considers in turn How the individual terms Jewish and culture are defined looking at perspectives from Anthropology Music Literary Studies Sociology Religious Studies History Art History and Film Television and New Media Studies How Jewish cultures are theorized looking at key themes regarding power textuality religion secularity memory bodies space and place and networks Case studies in contemporary Jewish cultures With essays by leading scholars in Jewish culture this book offers a clear overview of the field and offers exciting new directions for the future **The Marrano Phenomenon** Agata Bielik-Robson, 2019-05-09 What we call here the Marrano phenomenon is still a relatively unexplored fact of modern Western culture the presence of the borderline Jewish identity which avoids clear cut cultural and religious attribution but nevertheless exerts significant influence on modern humanities Our aim however is not a historical study of the Marranos or conversos i e the mostly Spanish and Portuguese Jews of the 15th and 16th centuries who were forced to convert to Christianity but were suspected of retaining their Judaism undercover such an approach already exists and has been developed within the field of historical research We rather want to apply the Marrano metaphor to explore the fruitful area of mixture and crossover which allowed modern thinkers writers and artists of the Jewish origin to enter the realm of universal communication without at the same time making them relinquish their Jewishness which they subsequently developed as a hidden tradition What is of special interest to us is the modern development of the non normative forms of religious thinking located on the borderline between Christianity and Judaism from Spinoza to Derrida German-Jewish Thought and Its Afterlife Vivian Liska, 2016-12-19 In German Jewish Thought and Its Afterlife Vivian Liska innovatively focuses on the changing form fate and function of messianism law exile election remembrance and the transmission of tradition itself in three different temporal and intellectual frameworks German Jewish modernism postmodernism and the current period Highlighting these elements of the Jewish tradition in the works of Franz Kafka Walter Benjamin Gershom Scholem Hannah Arendt and Paul Celan Liska reflects on dialogues and conversations between them and on the reception of their work She shows how this Jewish dimension of their writings is transformed but remains significant in the theories of Maurice Blanchot and Jacques Derrida and how it is appropriated dismissed or denied by some of the most acclaimed thinkers at the turn of the twenty first century such as Giorgio Agamben Slavoj i ek and Alain Badiou The Figural Jew Sarah Hammerschlag, 2010-05-15 The rootless Jew wandering disconnected from history homeland and nature was often the target of early twentieth century nationalist rhetoric aimed against modern culture But following World War II a number of prominent French philosophers recast this

maligned figure in positive terms and in so doing transformed postwar conceptions of politics and identity Sarah Hammerschlag explores this figure of the Jew from its prewar usage to its resuscitation by Jean Paul Sartre Emmanuel Levinas Maurice Blanchot and Jacques Derrida Sartre and Levinas idealized the Jew's rootlessness in order to rethink the foundations of political identity Blanchot and Derrida in turn used the figure of the Jew to call into question the very nature of group identification By chronicling this evolution in thinking Hammerschlag ultimately reveals how the figural Jew can function as a critical mechanism that exposes the political dangers of mythic allegiance whether couched in universalizing or particularizing terms Both an intellectual history and a philosophical argument *The Figural Jew* will set the agenda for all further consideration of Jewish identity modern Jewish thought and continental philosophy *Giving Beyond the Gift* Elliot R. Wolfson, 2014-02-03 This book explores the co dependency of monotheism and idolatry by examining the thought of several prominent twentieth century Jewish philosophers Cohen Buber Rosenzweig and Levinas While all of these thinkers were keenly aware of the pitfalls of scriptural theism to differing degrees they each succumbed to the temptation to personify transcendence even as they tried either to circumvent or to restrain it by apophatically purging kataphatic descriptions of the deity Derrida and Wyschogrod by contrast carried the project of denegation one step further embarking on a path that culminated in the aporetic suspension of belief and the consequent removal of all images from God a move that seriously compromises the viability of devotional piety The inquiry into apophatic transcendence and immanence in these Jewish thinkers is symptomatic of a larger question Recent attempts to harness the apophatic tradition to construct a viable postmodern negative theology a religion without religion are not radical enough Not only are these philosophies of transcendence guilty of a turn to theology that defies the phenomenological presupposition of an immanent phenomenality but they fall short on their own terms inasmuch as they persist in employing metaphorical language that personalizes transcendence and thereby runs the risk of undermining the irreducible alterity and invisibility attributed to the transcendent other The logic of apophasis if permitted to run its course fully would exceed the need to posit some form of transcendence that is not ultimately a facet of immanence Apophatic theologies accordingly must be supplanted by a more far reaching apophasis that surpasses the theolatrous impulse lying coiled at the crux of theism an apophasis of apophasis based on accepting an absolute nothingness to be distinguished from the nothingness of an absolute that does not signify the unknowable One but rather the manifold that is the pleromatic abyss at being's core Hence the much celebrated metaphor of the gift must give way to the more neutral and less theologically charged notion of an unconditional givenness in which the distinction between giver and given collapses To think givenness in its most elemental phenomenological sense is to allow the apparent to appear as given without presuming a causal agency that would turn that given into a gift *Algeria and France, 1800-2000* Patricia M. E. Lorcin, 2006-10-19 The relationship between Algeria and France that formed during the 132 years of colonial rule did not end in 1962 when Algeria gained its independence This long period of occupation left an indelible

mark on the social fabric of both societies one that continues to influence their cultures identities and politics Wide ranging in scope yet complementary in focus the essays deftly convey the extent to which the French colonial experience in Algeria resonates on both sides of the Mediterranean Young and established scholars shed light on the linguistic cultural and social mechanisms of violence remembrance forgetting fantasy nostalgia prejudice mythmaking and fractured identity Addressing the nature of Franco Algerian relations through such topics as migration displacement settler colonialism racism and sexuality these essays provide an important contribution to postcolonial studies cultural studies and North African history With renewed public debate surrounding the two countries shared past and their interwoven communities today this volume will be indispensable for anyone with an interest in the relations between Algeria and France and the literature on memory and nostalgia

Jean-Paul Sartre and the Jewish Question Jonathan Judaken, 2006-12-01 Examines the image of the Jew in Sartre's work to rethink not only his oeuvre but also the role of the intellectual in France and the politics and ethics of existentialism This book explores how French identity is defined through the abstraction and allegorization of the Jew
