Selling the Sacred Mara Einstein,Sarah McFarland

Taylor, 2024-03-01 There's religion in my marketing There's marketing in my religion Selling the Sacred explores the religious, cultural, and media implications of a two-sided phenomenon: marketing religion as a product and marketing products as religion. What do various forms of religion marketing collaboration look like in the twenty-first century, and what does this tell us about American culture and society? Social and technological changes rapidly and continuously reframe religious and marketing landscapes. CrossFit is a cult. Televangelists use psychographics and data marketing. QAnon is a religion and a big business. These are some of the examples highlighted in this collection, which engages themes related to capitalist narratives, issues related to gender and race, and the intersection of religion, politics, and marketing among other key issues. The innovative contributors examine the phenomenon of selling the sacred, providing a better understanding of how marketing tactics married with religious content influence our thinking and everyday lives. These scholars bring to light how political, economic, and ideological agendas infuse the construction and presentation of the sacred via more traditional religious institutions or consumer product marketing. By examining religion and marketing broadly, this book offers engaging tools to recognize and unpack what gets sold as sacred, what's at stake, and the consequences. A go-to resource for those working in marketing, religious studies, and media studies. Selling the Sacred is also a must-read for religious and marketing professionals.

Thus Saith the Lord Richard E. Rubenstein, 2006 Rubenstein shows the evolution of moral codes and how they transformed the god of the Israelites from a local deity into Adonai, the universal sovereign who requires ethical behavior and demands the pursuit of justice for all people. This work will inspire readers to reexamine their beliefs and hear anew the words of the religious revolutionaries.
