Based on Benjamin Whorf's hypothesis that language shapes and, in turn, is shaped by culture, this book reveals the unique language and culture that make up prison society. Utilizing over 160 hours of taped interviews with prisoners at the Washington State Penitentiary, the author correlates the life patterns of the prisoners with their language and the meaning of their vocabulary. While critical of prisons and their often dehumanizing and repressive operations, the author recognizes the efforts of persons in all areas of corrections. Correctional personnel, sociologists, linguists, and others interested in the prison system will learn from this straightforward and fascinating book.

The Joint Language And Culture In A Maximum Security Prison:

The Joint Inez Cardozo-Freeman, Eugene P. Delorme, 1984 **Speaking of Crime** Patricia E. O'Connor, 2000-01-01

Speaking of Crime explores how inmates speak of their lives and in particular how they speak of crime What is the power of speech for prisoners What do their uses of pronouns and choices of verbs reveal about them their experiences of violence their relationships with other prisoners and their likelihood for change In this fascinating book Patricia E O Connor probes beneath the surface of prison speech by examining over one hundred taped accounts of narratives of violence made by African American inmates of a U S maximum security prison The inmates manner of speaking about their lives and acts of violence not just what they talk about but how they talk about it supplies important clues to their senses of identity and feelings of agency The use of second person pronouns when speaking about themselves and a reliance on distinctive verbal devices such as irony and constructed dialogue provide important insights into the way prisoners see their world and help condition how they interact with it *Dictionary of Prisons and Punishment* Yvonne Jewkes, Jamie Bennett, 2013-01-11

sources poetry symbolism and subtlety of informal slang expressions In *Slang and Sociability* Eble explores the words and phrases that American college students use casually among themselves Based on more than 10 000 examples submitted by Eble's students at the University of North Carolina at Chapel Hill over the last twenty years the book shows that slang is dynamic vocabulary that cannot be dismissed as deviant or marginal Like more formal words and phrases slang is created modified and transmitted by its users to serve their own purposes In the case of college students these purposes include cementing group identity and opposing authority The book includes a glossary of the more than 1 000 slang words and phrases discussed in the text as well as a list of the 40 most enduring terms since 1972 Examples from the glossary group gropes encounter groups squirrel kisser environmentalist Goth student who dresses in black and listens to avant garde music bad bongos situation in which things do not go well triangle person who is stupid or not up on the latest za pizza smoke to perform well dead soldier empty beer container toast in big trouble the victim of misfortune parental units parents

Being and Becoming an Ex-Prisoner Diana Johns, 2017-07-20 Despite broad scholarship documenting the compounding effects and self-reproducing character of incarceration ways of conceptualising imprisonment and the post-prison experience have scarcely changed in over a century Contemporary correctional thinking has congealed around notions of risk and management This book aims to cast new light on men's experience of release from prison Drawing on research conducted in Australia it speaks to the challenges facing people leaving prison and seeking acceptance amongst the non-imprisoned around the world Johns reveals the complexity of the post-prison experience which is frequently masked by constructions of risk that individualise responsibility for reoffending and reimprisonment This book highlights the important role of community in ex-prisoner integration in providing opportunities for participation and acceptance Johns shows that the process of becoming an ex-prisoner is not simply one of individual choice or larger structural forces but

occurs in the spaces in between Being and Becoming an Ex Prisoner reveals the complex interplay between internal and external meanings and practices that causes men to feel neither locked up nor wholly free It will appeal to scholars and students interested in desistance criminology criminological or penological theory sociology and qualitative research methods *Discourse and Silencing* Lynn Janet Thiesmeyer,2003-01-01 Silencing is not only a physically coercive act It is also an act of language involving forms of selection representation and compliance Discourse and Silencing weaves together theories and examples of discourse from different disciplines in order to put forward a theory of silencing in language that discursive systems filter represent and displace types of knowledge into other forms of expression Each chapter of the book analyses examples of silencing through discourse in various social and political fields The examples cover courtroom trials government censorship domestic violence marital conversations penal institutions news media and political rhetoric They cover societies ranging from Eastern and Central Europe Canada and the U S to New Zealand and Japan The contributors clarify the difference between chosen silences and the silencing that as a practice seeks to limit alter or de legitimise another s discourse The book also examines the continuous resistances and shifts in discourse and silencing within the social and political frameworks in which interlocutors negotiate their relations to each other
