The Intersecting Realities And Fictions Of Virginia Woolf And Colette:

Someone Michael Lucey, 2019-04-05 Imagine trying to tell someone something about yourself and your desires for which there are no words What if the mere attempt at expression was bound to misfire to efface the truth of that ineluctable something In *Someone* Michael Lucey considers characters from twentieth century French literary texts whose sexual forms prove difficult to conceptualize or represent The characters expressing these misfit sexualities gravitate towards same sex encounters Yet they differ in subtle but crucial ways from mainstream gay or lesbian identities whether because of a discordance between gender identity and sexuality practices specific to a certain place and time or the fleetingness or non exclusivity of desire Investigating works by Simone de Beauvoir Colette Jean Genet and others Lucey probes both the range of same sex sexual forms in twentieth century France and the innovative literary language authors have used to explore these evanescent forms As a portrait of fragile sexualities that involve awkward and delicate maneuvers and modes of articulation
