Socialism And The Great War The Collapse Of The Second International

Georges Haupt

Socialism And The Great War The Collapse Of The Second International:

Socialism and the Great War Georges Haupt ,1972 **The Russian Revolution and Civil War 1917-1921** Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state The Lost World of Socialists at Europe's Margins Maria Todorova,2020-09-03 Maria Todorova's book is devoted to the golden age of the socialist idea broadly surveying the period in and around the time of the Second International It critically examines the promise for an alternative socialist utopia from 1870 to the 1920s Todorova brings in the experience of the periphery in a comparative context in the belief that the margins can often elucidate better the character of a phenomenon and de provincialize it from essentialist notions In doing so *The Lost World of Socialists at Europe's Margins* moves beyond the traditional historiographical emphasis on ideology by looking at different intersections or entanglements of spaces generations genders ideas and feelings and different flows of historical time The study provides a social and cultural history of early socialism in Eastern Europe with an emphasis on Bulgaria arguably the country with the earliest and strongest socialist movement in Southeast Europe and one that had a unique relationship to both German and Russian social democracy Based on a rich prosopographical database of around 3500 biographies of people born in the 19th century the book addresses the interplay of several generations of leftists looking at the specifics of how ideas were generated received transferred and transformed Finally the work investigates the intersection between subjectivity and memory as reflected in a unique cache of archival materials containing over 4000 documentary sources including diaries oral interviews and unpublished memoirs A microhistorical approach to this material allows the reconstruction of structures of feeling that inspired an exceptional group of individuals *Anarchism and the Advent of Paris Dada* Theresa Papanikolas,2017-07-05 *Anarchism and the Advent of Paris Dada* sheds new light on Paris Dada's role in developing the anarchist and individualist philosophies that helped shape the cultural dialogue in France following the First World War Drawing on such surviving documentation as correspondence criticism periodicals pamphlets and manifestoes this book argues that contrary to received wisdom Dada was driven by a vision of social change through radical cultural upheaval The first book length study to interrogate the Paris Dadaists complex and often contested position in the postwar groundswell of anarcho individualism *Anarchism and the Advent of Paris Dada* offers an unprecedented

analysis of Paris Dada literature and art in relation to anarchism and also revives a variety of little known anarcho individualist texts and periodicals In doing so it reveals the general ideological diversity of the postwar French avant garde and identifies its anarchist concerns in addition it challenges the accepted paradigm that postwar cultural politics were monolithically nationalist By positioning Paris Dada in its anarchist context this volume addresses a long ignored lacuna in Dada scholarship and more broadly takes its place alongside the numerous studies that over the past two decades have problematized the politics of modern art literature and culture **Scaling the Balkans** Maria N. Todorova, 2018-09-11

Scaling the Balkans puts in conversation several fields that have been traditionally treated as discrete Balkan studies Ottoman studies East European studies and Habsburg and Russian studies By looking at the complex interrelationship between countries and regions demonstrating how different perspectives and different methodological approaches inflect interpretations and conclusions it insists on the heuristic value of scales The volume is a collection of published and unpublished essays dealing with issues of modernism backwardness historical legacy balkanism post colonialism and orientalism nationalism identity and alterity society and nation building historical demography and social structure socialism and communism in memory and historiography **Routledge Handbook of Marxism and Post-Marxism** Alex

Callinicos, Stathis Kouvelakis, Lucia Pradella, 2020-12-29 In the past two decades Marxism has enjoyed a revitalization as a research program and a growth in its audience This renaissance is connected to the revival of anti capitalist contestation since the Seattle protests in 1999 and the impact of the global economic and financial crisis in 2007 8 It intersects with the emergence of Post Marxism since the 1980s represented by thinkers such as Jürgen Habermas Chantal Mouffe Ranajit Guha and Alain Badiou This handbook explores the development of Marxism and Post Marxism setting them in dialogue against a truly global backdrop Transcending the disciplinary boundaries between philosophy economics politics and history an international range of expert contributors guide the reader through the main varieties and preoccupations of Marxism and Post Marxism Through a series of framing and illustrative essays readers will explore these traditions starting from Marx and Engels themselves through the thinkers of the Second and Third Internationals Rosa Luxemburg Lenin and Trotsky among others the Tricontinental and Subaltern and Post Colonial Studies to more contemporary figures such as Huey Newton Fredric Jameson Judith Butler Immanuel Wallerstein and Samir Amin The Routledge Handbook of Marxism and Post Marxism will be of interest to scholars and researchers of philosophy cultural studies and theory sociology political economics and several areas of political science including political theory Marxism political ideologies and critical theory ***Fantasy and Reality in History*** Peter Loewenberg, 1995-10-19 In *Fantasy and Reality in History* Peter Loewenberg brings what the discipline of psychoanalysis has learned about human conduct and the irrational to bear on the analysis and writing of history The result is a remarkable series of studies on individual and social anxiety racism and nationalism and crisis management First examining early twentieth century Zurich and the first practitioners of psychoanalysis Freud C G Jung Karl Abraham and

others to establish the discipline's understanding of the unconscious and how it functions. Loewenberg then explores the tensions in the lives and politics of modern political leaders. The great British Liberal Prime Minister Walther Rathenau and the Russian fascist demagogue Vladimir Zhirinovsky are among those studied. In each of these interconnected essays, *Fantasy and Reality in History* makes readily evident the advantages and unique insights that psychoanalytical techniques can provide in the examination of history. Loewenberg's blend of clinical and historico-political methods not only produces new exciting research but demonstrates how it is done.

The Independent Labour Party, 1914-1939 Keith Laybourn, 2020-05-14

Historians of political history are fascinated by the rise and fall of political parties and for twentieth-century Britain, most obviously the rise of the Labour Party and the decline of the Liberal Party. What is often overlooked in this political development is the work of the Independent Labour Party (ILP), which was a formative influence in the growth of the political Labour movement and its leaders in the late nineteenth century and the early to mid-twentieth century. The ILP supplied the Labour Party with some of its leading political figures such as Ramsay MacDonald and moved the Labour Party along the road of parliamentary socialism. However, divided over the First World War and challenged by the Labour Party becoming socialist in 1918, it had to face the fact that it was no longer the major parliamentary socialist party in Britain. Although it recovered after the First World War, rising to between 37,000 and 55,000 members, it came into conflict with the Labour Party and two Labour governments over their gradualist approach to socialism. This eventually led to its disaffiliation from the Labour Party in 1932 and its subsequent fragmentation into pro-Labour, pro-communist, and independent groups. Its new revolutionary policy divided its members as did the Abyssinian crisis, the Spanish Civil War, and the Moscow Show Trials. By the end of the 1930s, seeking to re-affiliate to the Labour Party, it had been reduced to 2,000 to 3,000 members, was a sect rather than a party, and had earned Hugh Dalton's description that it was the ILP flea. In the following monograph, Keith Laybourn analyses the dynamic shifts in this history across 25 years. This scholarship will prove foundational for scholars and researchers of modern British history and socialist thought in the twentieth century.

Lenin and the Revolutionary Party Paul Le Blanc, 2016-02-01

For generations, historians of the right, left, and center have all debated the best way to understand V. I. Lenin's role in shaping the Bolshevik party in the years leading up to the Russian Revolution. At their worst, these studies locate his influence in the forcefulness of his personality. At their best, they show how Lenin moved other Bolsheviks through patient argument and political debate. Yet remarkably few have attempted to document the ways his ideas changed or how they were in turn shaped by the party he played such a central role in building. In this thorough, concise, and accessible introduction to Lenin's theory and practice of revolutionary politics, Paul Le Blanc gives a vibrant sense of the historical context of the socialist movement in Russia and abroad from which Lenin's ideas about revolutionary organization spring. What emerges from Le Blanc's partisan yet measured account is an image of a collaborative, ever-adaptive and dynamically engaged network of revolutionary activists who formed the core of the Bolshevik party.

Nationalism and the International

Labor Movement Michael Forman, 2007-06-05 The resurgence of nationalism accompanying the decline of Communism has been taken to indicate the failure of socialist theory to grasp the nature of this phenomenon Against both those who argue that the radical tradition has ignored and underestimated nationalism and those who accuse it of economic reductionism this careful analysis of the idea of the nation as it was developed in the work of the major thinkers of the international labor movement reveals evidence of how seriously they grappled with nationalism Each of the main sections of the book focuses on the most influential theorists of the international labor movement as it became organized and grew Bakunin Marx and Engels and the concern of the First International 1864 Lenin Luxemburg and Bauer and the preoccupation of the Second International 1889 1914 with socialism in ethnically plural societies Stalin and Gramsci in relation to the substitution by the Third International 1919 1943 of nation building and national liberation for the old class project In the conclusion the author examines the relationships among ethnic and civic nationality national self determination republican institutions and the process of globalization from the perspective of the post Soviet era and in the light of social theory and Kant's ideas about cosmopolitan right

When people should go to the ebook stores, search commencement by shop, shelf by shelf, it is in point of fact problematic. This is why we provide the book compilations in this website. It will certainly ease you to see guide **Socialism And The Great War The Collapse Of The Second International** as you such as.

Socialism And The Great War The Collapse Of The Second International Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Socialism And The Great War The Collapse Of The Second International PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books

and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Socialism And The Great War The Collapse Of The Second International PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Socialism And The Great War The Collapse Of The Second International free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Socialism And The Great War The Collapse Of The Second International Books

1. Where can I buy Socialism And The Great War The Collapse Of The Second International books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
