Socialisms And Development:

Socialism, Economics and Development (Routledge Revivals) Alec Nove, 2012-11-12 First published in 1986 this text brings together a selection of papers written by the great Alec Nove on development economics Marxist economies the Soviet economy and law and politics in the Soviet Union Reflecting the varied and diverse interests of its distinguished author the topics range from Soviet constitutional law to Trotsky's view of collectivization from a critique of conventional micro economics to the economic disaster of the Allende regime in Chile The author's long standing immersion in the past and present of the Soviet Union helps to provide the unique insights into the workings of Socialist economies characteristic of Professor Nove's previous work This volume should be essential reading for anyone interested in development economics socialist economies or the problems facing contemporary Soviet economic reformers Socialist Models of Development

Charles K. Wilber, Kenneth P. Jameson, 2013-10-22 Socialist Models of Development covers the theories and principles in socialism development This book discusses the social evolution of different countries and the historical backgrounds that influence such evolution The opening sections deal with the socialism and economic appraisal of Burma Iraq Syria Tanzania and Africa These topics are followed by discussions of the prospects and problems of the transition from Agrarianism to Socialism of some countries including Angola Guinea Bissau and Mozambique Other sections examine the Socialist Cuba and the intermediate regimes of Jamaica and Guyana The North Korean model of socialism a comparative study of Romanian socialism and Greece capitalism as well as a socialist model of economic development of the Polish and Bulgarian are presented The concluding sections are devoted to the role of management in socialist development and to the agricultural productivity under socialism The book can provide useful information to sociologists political analysts students and researchers *Socialisms and Development* René Dumont, Marcel Mazoyer, 1973 *Socialism and Underdevelopment* Ken

Post, Philip Wright, 2010-11-26 In this book first published in 1989 Ken Post and Phil Wright provide a critical analysis of socialist construction in underdeveloped countries Pointing out that all the socialist revolutions of the twentieth century have occurred in underdeveloped peripheral capitalist countries they focus on the relationship between socialism and underdevelopment They bring together the insights of both development theory and the political economy of socialism and draw upon their direct experience of the state socialist societies as diverse as North Korea Yugoslavia Vietnam and the Soviet Union The Transformation Of Socialism Melvin Gurtov, 2019-07-11 This book is based on Conference on the

Transformation of Socialism in the Soviet Union and China and reveals a second feature of the conference the candor of the presentations It discusses the effects of the reforms on political processes and the development of socialism *Development of Socialism from Utopia to Science* Friedrich Engels, 1900 **New East Asian Economic Development: The Interaction**

of Capitalism and Socialism Lily Xiao Hong Lee, 2016-09-16 This text documents the economic development of East Asian countries in order to highlight the beneficial techniques used to increase growth Socialist and capitalist structures are

discussed complete with an analysis of the future extent of interaction between East Asian countries **Development of Socialism** Friedrich Engels,1870 *Socialist Economic Development in the 21st Century* Alberto Gabriele,Elias Jabbour,2022-03-02 Over a hundred years after the first socialist revolution broke the global monopoly of capitalism a new class of socialist oriented socioeconomic development is coming to the fore Capitalism is still dominant worldwide although its hegemony is no longer undisputed and humankind is now faced with a key existential challenge This book proposes an alternative path to overcoming the worldwide crisis of globalized capitalism It offers a novel balanced and historically rooted interpretation of the successes and failures of socialist economic construction throughout the last century The authors apply a multidisciplinary holistic and purpose based methodology to draw basic lessons from stylized facts emerging in different areas of knowledge ranging from political economy to biology and from key national socioeconomic experiences with a particular focus on China The book is divided into three parts The first is mainly theoretical and general in nature identifying the major contributions bequeathed by the hard sciences to their social counterparts Consistent with these findings the authors offer a stylized interpretation of the contemporary state of the art of the debate on the core concepts of economic science and advance a few elementary theories about what socialism in the 21st century could look like The second and third parts analyze and discusses the core features of a few select experiences which have evolved in certain countries since 1917 some of which are still unfolding The book will find an audience among academics researchers and students in the fields of economics political science history and geography as well as policy makers particularly in developing countries
