McLelland, 2000 This book is the first to look at the wide range of contrasting images of the gay male body in Japanese popular culture both mainstream and gay and relate these images to the experience of an interview sample of Japanese gay men In so doing it touches on a number of important issues including whether there can be a universal gay identity and whether or not strategies developed for increasing gay and lesbian visibility in western countries are appropriate to the social situation in Japan *Queer Encounters with Communist Power* Věra Sokolová, 2021-12-01 How did the Communist regime in Czechoslovakia approach non heterosexuality How did young girls and boys come to realize their queer desires and identities within a state known for repressing individuality What did they do with that self awareness and later on as adults what strategies did they employ in their everyday dealings with a state that defined homosexuality as a medical diagnosis *Queer Encounters with Communist Power* answers these questions as it interweaves groundbreaking queer oral history with meticulous archival research into the discourses on homosexuality and transsexuality in Czechoslovakia from 1948 to 1989 *Social dilemmas, institutions, and the evolution of cooperation* Ben Jann, Wojtek Przepiorka, 2017-09-11 The question of how cooperation and social order can evolve from a Hobbesian state of nature of a war of all against all has always been at the core of social scientific inquiry Social dilemmas are the main analytical paradigm used by social scientists to explain competition cooperation and conflict in human groups The formal analysis of social dilemmas allows for identifying the conditions under which cooperation evolves or unravels This knowledge informs the design of institutions that promote cooperative behavior Yet to gain practical relevance in policymaking and institutional design predictions derived from the analysis of social dilemmas must be put to an empirical test The collection of articles in this book gives an overview of state

of the art research on social dilemmas institutions and the evolution of cooperation It covers theoretical contributions and offers a broad range of examples on how theoretical insights can be empirically verified and applied to cooperation problems in everyday life By bringing together a group of distinguished scholars the book fills an important gap in sociological scholarship and addresses some of the most interesting questions of human sociality *Older Lesbian, Gay and Bisexual Adults* Andrew King, 2016-06-03 Andrew King is Senior Lecturer in Sociology at the University of Surrey UK and co editor of *Sociological Objects Reconfigurations of Social Theory* **Who's Who in Contemporary Gay and Lesbian History Vol.2** Robert Aldrich, Garry Wotherspoon, 2005-07-25 Who's Who in Contemporary Gay and Lesbian History From World War II to the Present Day provides a comprehensive modern biographical survey of homosexuality in the Western world Among those included are Controversial political activists Peter Tatchell Guy Hocquenghem Harvey Milk Pop icons David Bowie k d lang Boy George Groundbreaking artists writers and filmmakers Pier Paolo Pasolini Derek Jarman David Hockney Intellectuals who have shaped and changed the modern understanding of sexuality Michel Foucault Simone de Beauvoir Alfred Kinsey Over 500 entries clear informative and enjoyable to read build up a superbly thorough overview of gay and lesbian life in our time **Equality in Asia-Pacific** Phil C. W. Chan, 2014-02-04 In 1948 the United Nations General Assembly proclaimed the Universal Declaration of Human Rights stating every human being's right of equality in dignity and right However notwithstanding recognition by the international community of its importance and codification in numerous national and sub national constitutions and legislation reinforced by various multilateral and regional human rights treaties the right of equality continues to be unable to take complete firm hold in all regions and countries Evidence as presented by the insightful papers in this collection published initially as a Special Double Issue of The International Journal of Human Rights dedicated to exploring the place of equality in Asia Pacific societies suggests that although progress is being made the right of equality has not yet fully materialized both in law and in reality in the world's most populous region Many factors particularly entrenched cultural heritage and practices the lingering effects of colonialism and newly found independence and above all pervasive ignorance and prejudices continue to impede the recognition development and protection of equality in this region Of course equality a normative right and entitlement by virtue of our humanity has neither been fully achieved in societies outside the region Such neo colonial thinking in fact perpetuates and assists in the subjugation of the right of equality in the Asia Pacific Region as a matter of relevance and concern only to Western countries Accordingly we hope that our discussions will also be able to shed light and generate reflections on realities outside the region as interlinked with our aim The Editor's book fee has been donated to the UNICEF Tsunami Fund This book was previously published as a special issue of The International Journal of Human Rights
