Husband, Jonathan F. Husband, 2009-07-30 A guide to series fiction lists popular series identifies novels by character and offers guidance on the order in which to read unnumbered series *Social Detective Academy* Jeffrey E. Jessum, 2022-05-09 A few years ago Johnny Multony transformed from not fitting into a socially savvy kid started the first ever social detective agency He was hired by other students in his school for help with common interpersonal dilemmas such as cliques dealing with disappointments bullying personal space friends body language and much more Now an opportunity of a lifetime Johnny Multony has opened the Social Detective Academy And YOU have been invited During your time at the Social Detective Academy you will learn some of the most important things a social detective needs to be aware of Learning these things will help you become a skilled social detective capable of helping others solve their social mysteries just like Johnny But even more than that you will learn the tools for becoming a social ninja capable of navigating some of the most complicated social mysteries that you might face in your own life The truth is that some of the best social detective training involves learning how to be more socially skilled yourself If you can effectively navigate your own social world you will be much more capable

of helping others become successful in their own social journeys This is how Johnny s first students learned to become excellent social detectives themselves by practicing solving their own mysteries Throughout this book you will have the opportunity to test your skills by trying to solve social mysteries alongside some of Johnny s first students These mysteries came directly from these students personal lives and show how they used their social detective skills to make their own social lives better As you read through the chapters see if you can use the tools you are learning to identify social mysteries you might have in your own life Some of the ideas in this book are going to be pretty easy and straightforward You will probably understand them with very little effort But some of the things we will be talking about might seem a little more complicated at first If there is something that you don t quite get right away don t worry about it That is to be expected Just keep going and don t let it hold you back You can always come back to it later on If you don t fully understand something you will still be able to understand later things in the book In fact some of the things in this book will probably make even more sense as you read later parts of the book so if something is not completely clear keep reading on and come back Johnny actually encourages his social detective students to come back and reread things even if they understood them the first time because rereading about important ideas can help you to have a deeper understanding Each chapter will also have a social detective concept summary at the end These summaries are there to help you organize the most important concepts in each chapter They serve as a good reference guide to come back to if you need to refresh your memory later on **Soft Target**

Protection Ladislav Hofreiter, Viacheslav Berezutskyi, Lucia Figuli, Zuzana Zvaková, 2020-03-03 This proceedings volume includes articles presented during the Advanced Research Workshop on Soft Target Protection The book presents important topics related to the protection of vulnerable objects and spaces called Soft Targets The chapters published in this book are thematically assigned to the blocks as follows Theoretical aspect of soft target protection Blast resistance of soft targets Counter terrorism Technical and technological solutions for soft target protection Scheme and organizational measures Blast protection and Forces for soft target protection In this book the reader will find a wealth of information about the theoretical background for designing protection of soft targets as well as the specifics of protecting objects in armed conflict areas New methods and procedures applicable to the soft target protection are described Prince of Tricksters Matt

Houlbrook, 2016-07-26 Meet Netley Lucas Prince of Tricksters royal biographer best selling crime writer and gentleman crook In the years after the Great War Lucas becomes infamous for climbing the British social ladder by his expert trickery his changing names and telling of tales An impudent young playboy and a confessed confidence trickster he finances his far flung hedonism through fraud and false pretenses After repeated spells in prison Lucas transforms himself into a confessing ex crook turning his inside knowledge of the underworld into a lucrative career as freelance journalist and crime expert But then he s found out again exposed and disgraced for faking an exclusive about a murder case So he reinvents himself taking a new name and embarking on a prolific if short lived career as a royal biographer and publisher Chased around the world by

detectives and journalists after yet another sensational scandal the gentleman crook dies as spectacularly as he lived a washed up alcoholic asphyxiated in a fire of his own making The lives of Netley Lucas are as flamboyant as they are unlikely In Prince of Tricksters Matt Houlbrook picks up the threads of Lucas s colorful lies and lives Interweaving crime writing and court records letters and life writing Houlbrook tells Lucas s fascinating story and in the process provides a panoramic view of the 1920s and 30s In the restless times after the Great War the gentlemanly trickster was an exemplary figure whose tall tales and bogus biographies exposed the everyday difficulties of knowing who and what to trust Tracing how Lucas both evoked and unsettled the world through which he moved Houlbrook shows how he prompted a pervasive crisis of confidence that encompassed British society culture and politics Taking readers on a romp through Britain North America and eventually into Africa Houlbrook confronts readers with the limits of our knowledge of the past and challenges us to think anew about what history is and how it might be made differently
