**Solution Behavior of Surfactants** K. L. Mittal, Eleanor J. Fendler, 1982 This symposium represented the third event in the series of symposia dealing with the topic of surfactants in solution In this symposium a number of ramifications of surfactants were covered It should be added that both aggregation and adsorption of surfactants were covered and the applications of surfactants were given due cognizance A number of speakers were specifically asked to provide state of the art overviews of certain topics and those were augmented by unpublished original research contributions

under the joint auspices of the Indian Society for Surface Science and Technology and Indian Institute of Technology Delhi As this symposium was a landmark it represented the tenth anniversary of this series of symposia so it is very apropos to reflect on how these symposia have evolved to their present size and status The pedigree of this series of symposia goes back to 1976 when the premier symposium in this series was held Actually in 1976 it was a modest start and it was not possible at that time to gaze at the crystal ball and predict what would be the state of affairs in 1986 For historical purposes it should be recorded here that the first symposium was held in Albany NY under the title Micellization Solubilization and Microemulsions the second symposium was christened Solution Chemistry of Surfactants and was held in Knoxville TN in 1978 the venue for the third symposium in 1980 was Potsdam NY and it was dubbed International Symposium on Solution Behavior of Surfactants Theoretical and Applied Aspects *Solution Behavior of Surfactants - Theoretical and Applied Aspects [Vols 1-2]*.
