Story Text And Scripture Literary Interests In Biblical Narrative

Thomas E. Schmidt

Story Text And Scripture Literary Interests In Biblical Narrative:

Story, Text, and Scripture Wesley A. Kort,1988 **Approaching the Bible as Literature** Thomas E.

Schmidt,2016-04-28 What do you think the Bible says How does the way the Bible is written affect its meaning Here is a concise introduction that invites you to interact with the primary text Interspersed with brief explanations of biblical background and writing techniques are thought provoking questions about specific readings with space provided for response This user engaging approach is enhanced by its sensitivity to readers across the spectrum of belief from atheist to devout believer So whether you come to the subject to satisfy historical interest or to appreciate the artistry of Scripture

Approaching the Bible as Literature will deepen your understanding **Story, Text, and Scripture** Wesley A. Kort,1988 The author examines the case for revising the conception of biblical scripture in light of the new advances in narrative theory and the theory of textuality The author s argument is fashioned with tact and understanding and displays his firm command of a broad literature of critical theory and biblical research The book summarizes and extends what has come to be called the literary study of the Bible This book is basically a study of four dominant literary methods which have been applied to biblical narratives by their practitioners Each method is demonstrated through an analysis of a particular biblical narrative This is the only study that treats the variety of recent literary analyses of biblical narrative and it accounts for the variety by relating the various approaches to the elements of narrative arguing that each approach is predetermined to favor one of the elements above the others It argues that each literary approach when applied to the narrative element most appropriate to it reveals the vulnerability of the narrative form to religious meaning Relationality and the Concept of God Henry

Jansen,2025-02-10 Classical theism the dominant tradition in Christian theology has stressed the metaphysical concept of God i e God s ontological transcendence and independence from the world In this century however this concept of God has increasingly met with criticism On the basis of the Bible and new philosophical considerations it is argued that a relational concept of God better answers the fundamental concerns of the Christian faith In this book the author investigates the questions of whether one can conceive of God apart from the metaphysical attributes and whether reflection on the biblical depiction of God leads necessarily to a relational concept of God The author explores the questions by examining the relational concepts of God found in two contemporary German theologians J rgen Moltmann and Wolfhart Pannenberg and uses the divine attribute of immutability as a focus for the discussion He argues that the relational concept of God presupposes another metaphysical conception of God which raises problems as serious as those in classical theism and that the Bible itself because of its nature as a narrative text is ambiguous in many respects as far as God is concerned A truly Christian doctrine of God must take both the metaphysical and relational aspects of God into account *Handbook for Biblical Interpretation* W. Randolph Tate,2012-11-01 This handbook provides a comprehensive guide to methods terms and concepts used by biblical interpreters It offers students and non specialists an accessible resource for understanding the

complex vocabulary that accompanies serious biblical studies Articles arranged alphabetically explain terminology associated with reading the Bible as literature clarify the various methods Bible scholars use to study biblical texts and illuminate how different interpretive approaches can contribute to our understanding Article references and topical bibliographies point readers to resources for further study This handbook now updated and revised to be even more useful for students was previously published as *Interpreting the Bible A Handbook of Terms and Methods* It is a suitable complement to any standard hermeneutics textbook *Literary Approaches to the Bible* Douglas Mangum, Douglas Estes, 2018-03-14 The study of the Bible has long included a literary aspect with great attention paid not only to what was written but also to how it was expressed The detailed analysis of biblical books and passages as written texts has benefited from the study of literature in classical philology ancient rhetoric and modern literary criticism This volume of the Lexham Methods Series introduces the various ways the study of literature has been used in biblical studies Most literary approaches emphasize the study of the text alone its structure its message and its use of literary devices rather than its social or historical background The methods described in *Literary Approaches to the Bible* are focused on different ways of analyzing the text within its literary context Some of the techniques have been around for centuries but the theories of literary critics from the early 20th century to today had a profound impact on biblical interpretation In this book you will learn about those literary approaches how they were adapted for biblical studies and what their strengths and weaknesses are

Narrative Criticism of the New Testament James L. Resseguie, 2022-10-25 Narrative criticism is a relatively recent development that applies literary methods to the study of Scripture James Resseguie suggests that this approach to reading the Bible treats the text as a self contained unit and avoids complications raised by other critical methods of interpretation Resseguie begins with an introductory chapter that surveys the methods of narrative criticism and how they can be used to discover important nuances of meaning through what he describes as a close reading of the text He then devotes chapters to the principal rhetorical devices setting point of view character rhetoric plot and reader Readers will find here an accessible introduction to the subject of narrative criticism and a richly rewarding approach to reading the Bible *The Birth of the Lukan Narrative* Mark Coleridge, 1993-01-01 As a narrative critical study of the Lukan Infancy Narrative this is a work which puts new questions to an old and some would claim over interpreted text The work traces through the Infancy narrative two trajectories one theological the other epistemological At the point of theology Luke focuses upon God and the strange shape of the divine visitation at the point of epistemology Luke focuses upon the human being and what is needed to recognise the divine visitation given its strangeness The study then shows how the two trajectories converge in the Infancy Narrative's last episode the Finding of the Child in the Temple Though often accorded scant attention this is an episode which Coleridge argues is the true climax of the Infancy Narrative since it is only then that Jesus is born in the narrative as the protagonist he will prove consistently to be and only then that the Lukan Narrative itself is born It is this rather than any physical birth

which most absorbs Luke in the first two chapters of the Gospel Though a study of the Infancy narrative this is a work with far reaching implications for the whole of Luke Acts **Narrative Dynamics in Paul** Bruce W. Longenecker, 2002-01-01 Are Paul s letters undergirded and informed by key narratives and does a heightened awareness of those narratives help us to gain a richer and more rounded understanding of Paul s theology The last two decades of the twentieth century witnessed an increasing interest in the narrative features of Paul s thought A variety of studies since that period have advanced story as an integral and generative ingredient in Paul s theological formulations In this book a team of leading Pauline scholars assesses the strengths and weaknesses of a narrative approach looking in detail at its application to particular Pauline texts

Every Promise Fulfilled L. Daniel Hawk, 2009-04-01 The book of Joshua has many inconsistencies and tensions The author s analysis of the two plots in the book of Joshua challenges the reader to consider the tensions between dogma and life as it was experienced when the book was written L Daniel Hawk draws upon contemporary theories of plot Kermode Ricoeur and especially Brooks to understand Joshua He pays special attention to the dynamic quality of the text and of the act of reading He uncovers patterns of coherence and dissonance that work through and develop the primary concerns of Joshua the obedience of Israel and the integrity of its land and people In this valuable book new ground is broken in the study of the book of Joshua

Adopting the Beat of Expression: An Psychological Symphony within **Story Text And Scripture Literary Interests In Biblical Narrative**

In a global taken by monitors and the ceaseless chatter of quick connection, the melodic splendor and mental symphony developed by the written word frequently fade in to the back ground, eclipsed by the persistent sound and disturbances that permeate our lives. However, set within the pages of **Story Text And Scripture Literary Interests In Biblical Narrative** a charming fictional treasure brimming with natural thoughts, lies an immersive symphony waiting to be embraced. Crafted by a masterful musician of language, that charming masterpiece conducts visitors on a mental journey, well unraveling the concealed songs and profound impact resonating within each carefully crafted phrase. Within the depths with this emotional assessment, we will examine the book is central harmonies, analyze their enthralling publishing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
