Identified Flying Objects Dr. Michael P. Masters,2019-03-22 Could UFOs and Aliens simply be us but from the future This provocative new book cautiously examines the premise that extraterrestrials may instead be our distant human descendants using the anthropological tool of time travel to visit and study us in their own hominin evolutionary past Dr Michael P Masters a professor of biological anthropology specializing in human evolutionary anatomy archaeology and biomedicine explores how the persistence of long term biological and cultural trends in human evolution may ultimately result in us becoming the ones piloting these disc shaped craft which are likely the very devices that allow our future progeny to venture backward across the landscape of time

Moreover these extraterrestrials are ubiquitously described as bipedal large brained hairless human like beings who communicate with us in our own languages and who possess technology advanced beyond but clearly built upon our own. These accounts coupled with a thorough understanding of the past and modern human condition point to the continuation of established biological and cultural trends here on Earth long into the distant human future.

Covert Wars and Breakaway Civilizations Joseph P. Farrell, 2020-12-05 Oxford University Press. Educated historian Joseph P. Farrell really delivers in this latest addition to his best selling book series on suppressed technology, Nazi survival and postwar hidden conflicts. His customary meticulous research and sharp analysis blow the lid off of a worldwide web of nefarious financial and technological control few people even suspect exists. Farrell delves into the creation of a breakaway civilization by the Nazis in South America and other parts of the world. He discusses the advanced technology that they took with them at the end of World War II and the psychological war that they waged for decades against America and NATO. He shows how the breakaway civilization has created a huge system of hidden finance with the involvement of the Vatican Bank among others and how NATO established a large covert warfare network and political slush fund. He investigates the secret space programs currently sponsored by the breakaway civilization and the current militaries in control of planet Earth. Farrell includes a fascinating discussion of emulational technologies, those that can manipulate acts of god nature like earthquakes and storms from the standpoint of the culture of full spectrum dominance and the culture of plausible deniability. Yes, there are plans for mass destruction that can never be traced back to their real source. Farrell also discusses the historical origin of the breakaway civilization with the continuing airship mystery, incredibly bold counterfeiting operations and the nexus of spy satellites, nuclear weapons and UFOs. He includes plenty of astounding accounts, documents and speculation on the amazing alternative history of hidden conflicts, secret super finance and technology.

Light and Dark Dr Trevor J. Hawkeswood, 2013-01-31. Trevor J. Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime. In *Light and Dark* he recounts some of these incredible interactions. He believes that reality occurs on two separate but interwoven planes of existence: the Earth plane and the multiple levels of the spiritual planes including the lower levels from where the dark souls of humans who have died reach out to us. He has experienced more than one hundred sightings of the shadow people or black ghosts. He credits guardian angels with saving him from harm or certain death on a number of occasions. Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs. He has personally experienced clairaudience, voices from beyond and precognition or the ability to see the future. His detailed account of a unique out of body experience (OOBE) challenges what is known about this remarkable ability. His OOBE was unlike anything that has ever been described by others who have experienced it and he shares it all in *Light and Dark*. But it hasn't all been safe or pleasant. At eighteen he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralyzing him. A comprehensive handbook for the paranormal enthusiast, Hawkeswood's work also provides a glossary and reference list of
