Strange Case Of Deacon Brodie:

The Strange Case of Deacon Brodie Forbes Bramble,1975 **Now a Terrifying Motion Picture!** James F. Broderick,2014-01-10 This work explores the relationship between twenty five enduring works of horror literature and the classic films that have been adapted from them Each chapter delves into the historical and cultural background of a particular type of horror hauntings zombies aliens and more and provides an overview of a specific work s critical and popular reception Among the print to film titles discussed are Frankenstein Dracula Doctor Jekyll and Mr Hyde The Masque of the Red Death The Hound of the Baskervilles The Phantom of the Opera Psycho The Exorcist and The Shining **The Geography of Genius** Eric Weiner,2016-01-05 Tag along on this New York Times bestselling witty entertaining romp The New York Times Book Review as Eric Weiner travels the world from Athens to Silicon Valley and back through history too to show how creative genius flourishes in specific places at specific times In this intellectual odyssey traveler s diary and comic novel all rolled into one Daniel Gilbert author of *Stumbling on Happiness* acclaimed travel writer Weiner sets out to examine the connection between our surroundings and our most innovative ideas A superb travel guide funny knowledgeable and self deprecating The Washington Post he explores the history of places like Vienna of 1900 Renaissance Florence ancient Athens Song Dynasty Hangzhou and Silicon Valley to show how certain urban settings are conducive to ingenuity With his trademark insightful humor this big hearted humanist The Wall Street Journal walks the same paths as the geniuses who flourished in these settings to see if the spirit of what inspired figures like Socrates Michelangelo and Leonardo remains In these places Weiner asks What was in the air and can we bottle it Fun and thought provoking The Miami Herald The Geography of Genius reevaluates the importance of culture in nurturing creativity and offers a practical map for how we can all become a bit more inventive Adam Grant author of *Originals* *Psychosis* Jane Ellwood,1995 Bringing together a number of pioneering thinkers and workers in the field of psychosis this book provides an interrogation of official theories surrounding schizophrenia and examines the range of ways in which psychosis can be thought about and worked with The first part of the book which deals with the meaning of psychosis presents papers on the development of psychosis from historical social theoretical and emotional perspectives It explains current psychoanalytical ideas of the meaning of psychosis and looks at the ways in which psychoanalytic theorists have found meaning in the communications of psychotic patients The more clinically oriented papers in the second part of the book focus on the treatment of psychosis These describe ongoing work in therapeutic settings with people diagnosed as being schizophrenic as well as the effects on staff working with psychotic patients This is an encouraging and stimulating book for students and professionals in the field of psychosis who often feel isolated in their efforts to understand their patients **Downfall** Alan McCombes,2011-06-16 From prison cell to the political limelight and back again there is no doubt that Tommy Sheridan tanned handsome and armed with a soundbite for every occasion was one of the most colourful figures in the drab dusty world of party politics Yet behind the charismatic

exterior of the man who first came to public notice during the anti Poll Tax movement and later led the Scottish Socialist Party to become a strong voice in the new Scottish parliament was a deeply flawed manipulative individual whose own actions led to one of the most spectacular political downfalls in recent history Written by his closest political associate for over twenty years and based on a raft of documentary and eyewitness information much of it appearing in print for the first time this is the no holds barred inside story of the rise and fall of one of the most fascinating figures in recent Scottish politics Combining elements of tragedy thriller and farce it presents the stark ugly truth behind Sheridan s victorious defamation action against the News of the World in 2006 and subsequent perjury trial in 2010 which contained some of the most dramatic courtroom scenes in Scottish legal history Yet despite the lurid and sensationalist aspects of Sheridan s life and career this is also a serious exploration of wider political and psychological themes which offers some salutary lessons at a time when public confidence in politicians has seldom been lower On Glasgow and Edinburgh Robert

Crawford,2013-02-04 A mere forty miles apart these cities have enjoyed a scratchy rivalry since wistful Edinburgh lost parliamentary sovereignty and defiant Glasgow came into its industrial promise Crawford brings them to life between the covers of one book in a tale that mixes novelty and familiarity as Scotland s cultural capital and largest commercial city do
