the Nazi s Final Solution Strangers in a Stranger Land explores the unique dilemma of Finland s Jews in the form of a meticulously researched novel Where did these immigrant Jews the last in Europe to achieve citizenship status come from What was life like from their arrival in Finland in the early nineteenth century to the time when their grandchildren perversely found themselves on the wrong side of WWII And how could young lovers plan for the future when not only their enemies but also their country s allies threatened their very existence Seven years researching Finland s National Archives plus numerous in depth interviews with surviving Finnish Jewish war veterans provide the background for a narrative exploration of love friendship and commitment but also uncertainty and terror under circumstances that were unique in the annals of The Good War The novel s protagonists Benjamin David and Rachel adopt varying survival strategies as they struggle with involvement in a brutal conflict and questions posed by their dual loyalty as Finnish citizens and Zionists committed to the creation of a Jewish homeland Tensions mount as the three young adults painfully work through a relationship love triangle and try to fulfill their commitments as both Jews and Finns while their country desperately seeks to extricate itself from an unwinnable war

STRANGER IN THE LAND Robert Arthur, Lee,1967

Romantic Literature and the Colonised World Nikki Hessel,2018-02-15 This book considers indigenous language translations of Romantic texts in the British colonies It argues that these translations uncover a latent discourse around colonisation in the original English texts Focusing on poems by William Wordsworth John Keats Felicia Hemans and

Robert Burns and on Walter Scott's *Ivanhoe* it provides the first scholarly insight into the reception of major Romantic authors in indigenous languages and makes a major contribution to the study of global Romanticism and its colonial heritage. The book demonstrates the ways in which colonial controversies around prayer, song, hospitality, naming, mapping, architecture, and medicine are drawn out by translators to make connections between Romantic literature, its preoccupations, and debates in the nineteenth and early twentieth century colonial worlds. **The Stranger in the Land** Franklin A.
