Strategic Alliances Building Network Relationships For Mutual Gain:

Strategic Alliances S. Shiva Ramu,1997-01-01 Mission Partnership in Creative Tension Samuel Cueva,2015-04-14

Samuel Cueva has refined his concept of partnership in mission by advocating the use of reciprocal contextual collaboration in this important contribution to scholarly reflection on contemporary missiology Referencing historical theological and functional aspects of how mission has been carried out as well as analyzing its impact on the evangelical movement the author identifies that mission always develops with positive and negative tensions Emphasizing an understanding of current missions which include traditional networking and emergent models and how they can be combined interconnected and interchanged the author proposes a fresh model that ensures the suitability for every mission context *Global Power* B. M. Jain,2009-06-01 This book examines India as a rising global power by reevaluating its foreign policy and relations from the Nehru period to the present through an analytical framework constructed from Indian foreign policy and the processes of globalization and regionalization *Global Power* describes the economic scientific technological and nuclear gains that have been made by India reaffirming its status as a major actor on the international scene The book presents a fundamental reappraisal of the ever changing relationship between India and other major and regional powers paying special attention to its relationships with China and Pakistan It seeks to shed light on Indian foreign policy goals as they relate to both national and international interests all the while keeping within the context of India's multiethnic multicultural and multilingual society Book jacket Transformation of Strategic Alliances in Emerging Markets Desalegn Abraha,Akmal S.

High-Impact Networking That Pays: How to Build Connections That Multiply Wealth Simon Schroth,2025-04-02 Networking is about more than just exchanging business cards it s about building powerful relationships that can lead to wealth and opportunity Master High Impact Networking That Pays teaches you how to build meaningful connections with influential people turning your network into a wealth building tool This book shows you how to approach networking strategically develop long lasting relationships and leverage your connections to create mutually beneficial opportunities Whether you re looking for partnerships mentorships or clients this book will give you the tools to build a network that works for you and accelerates your business growth **Leveraging Knowledge for Innovation in Collaborative Networks** Luis M. Camarinha-Matos,Iraklis Paraskakis,Hamideh Afsarmanesh,2009-10-13 Collaborative Networks A Tool for Promoting Co creation and Innovation The collaborative networks paradigm offers powerful socio organizational mechanisms supported by advanced information and communication technologies for promoting innovation This in turn leads to new products and services growth of better customer relationships establishing better project and process management and building higher

performing consortia By putting diverse entities that bring different perspectives competencies practices and cultures to work together collaborative networks develop the right environment for the emergence of new ideas and more efficient yet practical solutions This aspect is particularly important for small and medium enterprises which typically lack critical mass and can greatly benefit from participation in co innovation networks However larger organizations also benefit from the challenges and the diversity found in collaborative ecosystems In terms of research in addition to the trend identified in previous years toward a sounder consolidation of the theoretical foundation in this discipline there is now a direction of developments more focused on modeling and reasoning about new c laboration patterns and their contribution to value creation Soft issues including social capital cultural aspects ethics and value systems trust emotions behavior etc continue to deserve particular attention in terms of modeling and reasoning Exploi tion of new application domains such as health care education and active aging for retired professionals also help identify new research challenges both in terms of m eling and ICT support development

Born Globals, Networks, and the Large Multinational Enterprise Shameen Prashantham,2015-05-22 Focusing on international entrepreneurship this research book explores the accelerated internationalization of young firms Known variously as international new ventures INVs or born globals such firms have come to be viewed as legitimate actors on the global stage alongside large multinational enterprises MNEs However the current approach taken by scholars studying large MNEs and born globals separately is questionable This book explores the crucial MNE INV interface a fascinating yet under researched relationship in international entrepreneurship Drawing upon a decade of case based research the author argues that the MNE influence on born globals must be considered more carefully and suggests how new ventures can leverage MNE networks in the pursuit of their rapid internationalization Furthermore it demonstrates that as firms enhance their levels of innovation new pathways emerge via multinational corporation networks a phenomenon vividly demonstrated in the emerging economy context of the Bangalore software industry This innovative research text will be of interest to academics researchers and advanced students with an interest in international entrepreneurship and business strategy innovation and new ventures
