The Internet For Surgeons:

The Internet for Surgeons Jeff W. Allen, 2012-12-06 Advances in surgery have reached an exponential scale and the changes of the last decade of the twentieth century have become common practice. Allen has provided an educational orientation with which he is familiar both as a recent pupil and now as a teacher of surgical procedures. This is not unlike the kind of education that has gone on between trainee surgeons and master surgeons around the world. In this case Dr
