The Iran Contra Connection Secret Teams And Covert Operations In The Reagan Era:

Iran Contra-Connection Hunter,Jonathan Marshall,Peter Scott,Jane Hunter,1987 This explosive book lays bare the personalities and institutional relations behind the headlines It goes beyond the recent events to discern the roots of contemporary U S covert activity within the past two decades The Iran Contra Connection delves in to the details of CIA and extra CIA operations including drug trafficking gun running government toppling and assassination The Iran Contra scandal is not merely a plan gone awry the authors argue but a consistent outgrowth of a long tradition of U S covert activity from the Bay of Pigs invasion teams to the NSC organizational team from the CIA and the World Anti Communist League to the Israeli connection and the State Department *The Iran-Contra Connection* Jonathan Marshall,Peter Dale Scott,Jane Haapiseva-Hunter,1987 Depicts the Iran Contra affair **The Iran-Contra Connection** Jonathan Marshall,Peter Dale Scott,Jane Hunter,1987 This explosive book lays bare the personalities and institutional relations behind the headlines It goes beyond the recent events to discern the roots of contemporary U S covert activity within the past two decades The Iran Contra Connection delves in to the details of CIA and extra CIA operations including drug trafficking gun running government toppling and assassination The Iran Contra scandal is not merely a plan gone awry the authors argue but a consistent outgrowth of a long tradition of U S covert activity from the Bay of Pigs invasion teams to the NSC organizational team from the CIA and the World Anti Communist League to the Israeli connection and the State Department [The Culture of Terrorism](#) Noam Chomsky,1988 This scathing critique of U S political culture is a brilliant analysis of the Iran Contra scandal Chomsky offers a message of hope reminding us resistance is possible [The Stigmatization of Conspiracy Theory since the 1950s](#) Katharina Thalmann,2019-03-06 Are conspiracy theories everywhere and is everyone a conspiracy theorist This ground breaking study challenges some of the widely shared assessments in the scholarship about a perceived mainstreaming of conspiracy theory It claims that conspiracy theory underwent a significant shift in status in the mid 20th century and has since then become highly visible as an object of concern in public debates Providing an in depth analysis of academic and media discourses Katharina Thalmann is the first scholar to systematically trace the history and process of the delegitimization of conspiracy theory By reading a wide range of conspiracist accounts about three central events in American history from the 1950s to 1970s the Great Red Scare the Kennedy assassination and the Watergate scandal Thalmann shows that a veritable conspiracist subculture emerged in the 1970s as conspiracy theories were pushed out of the legitimate marketplace of ideas and conspiracy theory became a commodity not unlike pornography alluring in its illegitimacy commonsensical and highly profitable This will be of interest to scholars and researchers interested in American history culture and subcultures as well of course to those fascinated by conspiracies *My Cosmic Trigger* Matt Vaughn,2024-07-11 High strangeness denotes happenings so uncanny they are deemed utterly absurd It involves the intersection of multiple paranormal phenomena revealing an eerie undergirding of reality MY COSMIC TRIGGER is a deep

dive into the subject covering its history theories and notable researchers analyzing mechanisms behind this cosmic enigma The author s personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level helping people navigate their own synchromystic initiation with a sense of clarity fostering a constructive relationship with odd occurrences not a destabilizing one and enabling readers to successfully pull their own cosmic trigger

The United States and Iran Sasan Fayazmanesh,2008-03-31 When and why did the United States policy of containment of Iran come about How did it evolve Where is it going Much has been said about the US policy of dual containment particularly as it pertains to Iraq However there has been little in depth analysis of this policy when it comes to Iran Sasan Fayazmanesh explores this often neglected subject by analyzing the history of this policy The analysis includes the role that the Carter and Reagan Administrations played in the Iran Iraq war the numerous sanctions imposed on Iran by the Clinton Administration and the aggressive and confrontational policy toward Iran adopted by the George W Bush Administration after the events of September 11 2001 This topical read synthesises a range of primary sources including firsthand reports newspaper articles and electronic media and presents a coherent analysis of the ebbs and flows in the US thinking on Iran and Iraq

Latin America and the Origins of Its Twenty-First Century Michael Monteón,2009-12-30 Latin American societies were created as pre industrial colonies that is peoples whose cultures and racial makeup were largely determined by having been conquered by Spain or Portugal In all these societies a colonial heritage created political and social attitudes that were not conducive to the construction of democratic civil societies And yet Latin America has a public life not merely governments but citizens who are actively involved in trying to improve the lives and welfare of their populations Monteon focuses on the relation of people s lifestyles to the evolving pattern of power relations in the region Much more than a basic description of how people lived this book melds social history politics and economics into one creating a full picture of Latin American life There are two poles or markers in the narrative about people s lives the cities and the countryside Cities have usually been the political and cultural centers of life from the conquest to the present Monteon concentrates on cities in each chronological period allowing the narrative to explain the change from a religiously centered life to the secular customs of today from an urban form organized about a central plaza and based on walking to one dominated by the automobile and its traffic Each chapter relates the connections between the city and its countryside and explains the realities of rural life Also discussed are customs diets games and sports courting and marriage and how people work

US Policy Towards Israel Elizabeth Stephens,2006-01-01 Although political culture is not sole explanatory factor in development of US policy toward Israel it has played a key role in serving to shape and define American approach to foreign affairs This book explains American commitment to Israel within a framework of political culture

Vicarious Warfare Thomas Waldman,2021-01-06 America has been at war for most of the 20th and 21st centuries and during that time has progressively moved towards a vicarious form of warfare where key tasks are delegated to proxies the

military's exposure to danger is limited and special forces and covert instruments are on the increase Important strategic decisions are taken with minimal scrutiny or public engagement This compelling account charts the historical emergence of this distinctive tradition of war and explains the factors driving its contemporary prominence It contrasts the tactical advantages of vicarious warfare with its hidden costs and potential to cause significant strategic harm
