The Irish Derby 1866 1979:

The Irish Derby, 1866-1979 Guy St. John Williams, Francis P. M. Hyland, 1980 The Story of Your Life James Lambie, 2010 The intriguing story and turbulent history of a paper Charles Dickens praised for its range of information and profundity of knowledge and which Queen Elizabeth the Queen Mother simply endorsed with the remark Of course I read The Sporting Life It was the Queen Mother's love of horseracing that made her such an avid reader of the Life and coverage of that sport forms the core of this book but there is so much more to fascinate the reader including eyewitness accounts of the first fight for the heavyweight championship of the world and Captain Webb's heroic Channel swim of 1875 Highlights in the history of cricket football and rugby are also featured while chapters on coursing and greyhound racing rank alongside surreal reports on ratting contests and songbird singing competitions And for 30 years Tommy Wisdom made his motoring reports unique by competing against the best at Brooklands Le Mans and in many Monte Carlo rallies while Henry Longhurst's golfing column was simply the best The paper's strident campaigns for racing reforms are also chronicled along with its coverage of major news stories from Fred Archer's shocking suicide to its own untimely demise Its travails in the law courts are documented from its first year when it was forced to change its title to its last when it had to pay libel damages to the training team of Lynda and Jack Ramsden and their jockey Kieren Fallon A higher price was paid by its French correspondent who was killed in a duel over an article he had written while the terrible toll the First World War took on the nation's sporting heroes is catalogued by the Life's embedded army correspondent against a background of political bungling that is being repeated today *Aborigines and the Sport of Kings* John Maynard, 2013-10-24 *Aborigines and the Sport of Kings* celebrates the significant and exciting Aboriginal involvement in Australian racing history A remarkable history considering that Australian Aboriginal people's first contact with the European animals caused them bewilderment and terror because violent massacres and unprovoked vicious attacks were conducted from horseback However within a short period they adapted and shed their fears Over time they caught horses and taught themselves to ride using sheets of bark as makeshift saddles Settler accounts record Aboriginal people's uncanny affinity with horses their excellence in caring for them and in riding So moving from the skilled workers who were the backbone of the Australian pastoral industries to racing horses was an obvious step Amongst the many Aboriginal jockeys highlighted in the book are Merv Maynard Norm Rose Frank Reys Richard Lawrence Darby McCarthy and Leigh Anne Goodwin Australia's first female Aboriginal jockey to ride a winner at a metropolitan track National Union Catalog, 1981 ,1982 **National Union Catalog** ,1981 Includes entries for maps and atlases Irish Books in Print & Leabhair Gaeilge i GCló ,1984 Subject Catalog Library of Congress, 1970 Subject Catalog, 1981 Library of Congress, 1981 **Sport and Society in Victorian Ireland** Tom Hunt, 2007 This book examines the development of sports in Victorian Ireland using the example of Westmeath as a case study It explores the development of hunting racing commercial sports golf cycling and tennis cricket hurling and football soccer and rugby It also

examines the importance of spectator sports and a variety of ancillary attractions It examines the importance of the club as a vehicle for facilitating sporting involvement the financing of sports and recreation the commercialization of sports and the importance of codification It also constructs a social profile of individuals active in the various sports The role of sports in providing recreational opportunities for women is examined as is the importance of the military to sports promotion and the importance of sports to the military The book illustrates the importance of sport in creating a social life for participants at all levels of society The crucial importance of post 1900 developments in cultural nationalism and their impact on recreational activities and in particular the re emergence of the GAA are also investigated The information is placed in a comparative context and links Westmeath to the Irish sporting world and places the developments in Westmeath within the sporting revolution of the wider Victorian world The book demolishes various established ideas of the Victorian sporting world in rural Ireland and enhances our understanding of what games people were playing and why they played them The range of sports examined contributes to the production of an inclusive and comprehensive study that enhances our understanding of the social history of several groups in society

British Intelligence and the Fenians, 1855-1880 Padraic C Kennedy, 2024-11-26 Shows how mid Victorian efforts to gather information about the Fenians laid the foundation for later British domestic intelligence in both Ireland and mainland Britain British Intelligence and the Fenians provides the first narrative account of the sustained and systematic use of espionage and secret policing in response to Fenianism between 1855 and 1880 It shows that despite the absence of a formal separate political police force or permanent intelligence agency the British administration in Ireland created a sophisticated intelligence network to combat the revolutionary threat posed by the Fenian Brotherhood in America and the Irish Republican Brotherhood in Britain The hub of this intelligence network was the Irish administration s F Department which analysed thousands of reports about Fenianism from throughout Great Britain North America and continental Europe Authorities also established a corresponding separate and secret organization in London Such arrangement provided both Irish and English officials ready access to shared intelligence about Fenianism until the end of the 1870s However government s agents never managed to infiltrate the leadership of the Fenian organization in Ireland Such failure left Ireland s rulers uncertain about Fenian intentions and prone to resort to extra legal measures in response to perceived threats The book makes an invaluable contribution to our understanding of early political policing and espionage in Britain By examining in detail what information was collected how it was analysed and disseminated and the use policy makers made of it it more generally offers an interpretation of the role of intelligence in governing Ireland PADRAIC C KENNEDY is Associate Professor at the Department of History and Political
