

Are the Far Right a threat to Irish democracy?

The Irony Of Irish Democracy

David E. Schmitt

The Irony Of Irish Democracy:

The Irony of Irish Democracy David E. Schmitt, 1973

Chubb, 2014-06-17 The third edition of *Government and Politics in Ireland* has been updated to take account of the political developments that have taken place in Ireland between 1981 and 1991. Amongst the topics covered are political parties, pressure groups, the government and the Dail and local government. *Ireland and the Politics of Change* William J. Crotty, David A. Schmitt, 2014-06-17

Ireland and the Politics of Change provides a timely assessment of the fundamental changes that have occurred in Irish society over the last several decades from the standpoint of their political significance. There is a particular concern with the leadership role of government and other political institutions in stimulating managing and responding to the changes taking place that are of fundamental importance to understanding contemporary politics and today's Ireland in the world community. Considerable social, economic, demographic and international change has taken place within Ireland and Northern Ireland and without in relation to the rest of the world and particularly in response to the association with the European Union. *Ireland and the Politics of Change* examines institutional developments, economic forces, demographic and attitudinal profiles and group-based religious, gender, class concerns as they have evolved and assesses their significance for policy enactment and political representation. *Irish Political Studies Reader* Conor McGrath, Eoin O'Malley, 2007-10-18

This is an introduction to the best available scholarship within Irish politics featuring the most influential and significant articles which have been published on Irish politics during the past twenty years. Each article is accompanied by a new commentary by another leading scholar which addresses the impact and contribution of the article and discusses how its themes remain crucial today. The book covers all the most important topics within Irish politics including political culture and traditions, political institutions and parties and the peace process. The combination of the best original scholarship and contemporary commentaries on the core political issues makes *Irish Political Studies Reader* an invaluable resource for all students and scholars of Irish politics.

The State and Women in the Economy Jean Larson

Pyle, 1990-10-30 This book examines the effect of state policies on women's roles in the economy. At the most concrete level it investigates the relative lack of response of women's labor force activity rates to export-led development in the Republic of Ireland. At a broader level it provides critical insights into current labor market debates regarding the causes of women's subordination and the efficacy of state policies designed to alleviate them. The book shows how the state, in addition to and interactively with the workplace and household, can maintain gender inequality. In so doing, Pyle demonstrates the usefulness of a revitalized and broader structural approach to feminist analysis. **Women's Legal Landmarks** Erika

Rackley, Rosemary Auchmuty, 2018-12-27 *Women's Legal Landmarks* commemorates the centenary of women's admission in 1919 to the legal profession in the UK and Ireland by identifying key legal landmarks in women's legal history. Over 80 authors write about landmarks that represent a significant achievement or turning point in women's engagement with law.

and law reform The landmarks cover a wide range of topics including matrimonial property the right to vote prostitution surrogacy and assisted reproduction rape domestic violence FGM equal pay abortion image based sexual abuse and the ordination of women bishops as well as the life stories of women who were the first to undertake key legal roles and positions Together the landmarks offer a scholarly intervention in the recovery of women s lost history and in the development of methodology of feminist legal history as well as a demonstration of women s agency and activism in the achievement of law reform and justice

Political Parties in the European Community Stanley Henig,2025-09-12 Political Parties in the European Community 1979 looks at the decision by the member governments of the European Community to proceed to the direct election of a European Parliament It provides a full survey of the parties of the nine EC states giving both information and analysis on political and electoral systems party systems philosophy and structure of major parties finances membership and organisation In addition it deals with the evolution of transnational groupings of parties both inside and outside the European Parliament and the concluding chapter places Europe s parties in the overall context of the political societies within which they operate

Party and Parish Pump R.K. Carty,2006-01-01 My attention was drawn to Ireland by footnotes writes the author Over and over again the literature of comparative politics noted simply except in Ireland The question that puzzled me was Why should this be so Professor Carty s answers to the question appear in this detailed study that sheds new light on the question of establishing democratic politics after a war of independence on the impact of electoral laws on party competition on the social bases of political competition and on the way political machines work in modern democracies As a case study the book also analyzes the peculiarly conservative syndrome into which Irish politics has fallen Carty concludes that political institutions and the activities of politicians make a considerable difference to the organization and conduct of public life The book will interest students of comparative politics history and political sociology as well as those concerned with the shape and direction of society and politics in contemporary Ireland

Preventing the Future Tom Garvin,2004-08-24 Between the years of the mid thirties through to 1960 independent Ireland suffered from economic stagnation and also went through a period of intense cultural and psychological repression While external circumstances account for much of the stagnation especially the depression of the thirties and the Second World War Preventing the Future argues that the situation was aggravated by internal circumstances The key domestic factor was the failure to extend higher and technical education and training to larger sections of the population This derived from political stalemates in a small country which derived in turn from the power of the Catholic Church the strength of the small farm community the ideological wish to preserve an older society and later gerontocratic tendencies in the political elites and in society as a whole While economic growth did accelerate after 1960 the political stand off over mass education resulted in large numbers of young people being denied preparation for life in the modern world and arguably denied Ireland a sufficient supply of trained labour and educated citizens Ireland s Celtic Tiger of the nineties was in great part driven by a new and

highly educated and technically trained workforce The political stalemates of the forties and fifties delayed the initial incomplete take off until the sixties and resulted in the Tiger arriving nearly a generation later than it might have

The Evolution of Irish Nationalist Politics Tom Garvin, 2005-09-13 Professor Tom Garvin's classic work studies the growth of nationalism in Ireland from the middle of the eighteenth century to modern times It traces the continuity of tradition from earlier organisations such as the United Irishmen and the agrarian Ribbonmen of the eighteenth century through the followers of Daniel O Connell the Fenians and the Land League in the nineteenth century to the Irish political parties of today including Sinn Féin Fianna Fáil Labour Party and Fine Gael The dual nature of Irish nationalism is shown in sharp focus Despite the secular and liberal leanings of many Irish leaders and theoreticians their followers were frequently sectarian and conservative in social outlook This book demonstrates how this dual legacy has influenced the politics of modern Ireland

The Evolution of Irish Nationalist Politics Table of Contents Irish parties and Irish politics The Irish republic post colonial politics in a western European state Political culture and political organisation Geography economics and method The origins of Irish popular politics Roots of Irish popular nationalism The beginnings of urban radical political organisation 1750 1800 Agrarianism religion and revolution 1760 1800 The development of nationalist popular politics 1800 48 Secret societies before the Famine the rise of Ribbonism Political mobilisation in pre Famine nationalist Ireland Secret societies and party politics after the Famine The social background Electoral politics after the Famine The recrudescence of republicanism Fenianism and the Agrarians The IRB and Irish politics after the Land War Agrarianism nationalism and party politics 1874 95 Political mobilisation and the agrarian campaign The development of the Irish National League The Parnell split the collapse of the Irish National League The reconstruction of nationalist politics 1891 1910 The rebuilding of the parliamentary party The rise of the Hibernians The new nationalism and military conspiracy 1900 16 The development of cultural nationalism and the origins of Sinn Féin Fenians Volunteers and insurrection Elections revolution and civil war 1916 23 The rise of Sinn Féin in The electoral landslide of December 1918 The Republic of Ireland 1919 23 The origins of the party system in independent Ireland The ancestry of the Irish party system The legitimisation of the state and the building of political parties An analysis of electoral politics 1923 48 Parties and elections in the Irish Free State Turnout 1922 44 Sinn Féin in III Fianna Fáil Cumann na nGaedheal Fine Gael The Labour Party The farmers parties The break up of the Treaty party system The roots of party and government in independent Ireland The central place of party in Irish politics Party and the physical force tradition The evolution of the Irish state Party and government in independent Ireland Some comparative perspectives Liberal democracy The party system in comparative perspective

Ireland Richard B Finnegan, Edward T. McCarron, 2018-02-20 This book examines a number of different interpretations and explanations in the context of historical change as the Irish grappled with the questions of political independence economic autonomy the decline of provincialism the rise of pluralism and the unsolved conundrum of Irish nationhood

Irish Writing in the Twentieth Century David Pierce, 2000 With five

Nobel Prize winners seven Pulitzer Prize winners and two Booker Prize winning novelists modern Irish writing has contributed something special and permanent to our understanding of the twentieth century Irish Writing in the Twentieth Century provides a useful comprehensive and pleasurable introduction to modern Irish literature in a single volume Organized chronologically by decade this anthology provides the reader with a unique sense of the development and richness of Irish writing and of the society it reflected It embraces all forms of writing not only the major forms of drama fiction and verse but such material as travel writing personal memoirs journalism interviews and radio plays to offer the reader a complete and wonderfully varied sense of Ireland s contribution our literary heritage David Pierce has selected major literary figures as well as neglected ones and includes many writers from the Irish diaspora The range of material is enormous and ensures that work that is inaccessible or out of print is now easily available The book is a delightful compilation including many well known pieces and captivating discoveries which anyone interested in literature will long enjoy browsing and dipping into

Democratic Development & Political Terrorism William J. Crotty, 2005 This timely collection of original essays examines the global link between democratic development and political terrorism delving into the difficult questions challenges far reaching consequences and uncertainties of dealing with terrorism on an international scale

The Irony of Irish Democracy David Edward Schmitt, 1973

The Culture of an Information Economy E.M. Trauth, 2012-12-06 In this book Eileen Trauth peers inside the day to day work lives of the people who have been bringing about Ireland s transition from a small agricultural country to a healthy information economy It is one of few book length interpretive studies in the information systems field This book links the disciplines of information systems international management economic development history and public policy to tell the story behind the statistics about Ireland s economic development The findings from this ten year study illustrate the range of socio cultural factors which influence the emergence of an information sector Ireland s story contains a message for other nations that this change to a new way of working and living is intimately connected to the cultural context within which it occurs This book reveals the ethnographic approach that was used by taking the reader through the interpretive process as it occurred The Appendix is devoted to additional detail about the methodology Audience This book should be read by PhD students and others who want to learn more about the actual application of ethnographic methods in information systems research It should be read by students researchers teachers and policy makers working in several fields including global information systems the information society management in the knowledge economy and economic development

Intellectuals and the Ideological Hijacking of Fine Gael, 1932-1938 Eugene

Broderick,2010-01-08 This book covers a unique yet virtually ignored episode in Irish history the efforts by intellectuals to influence and shape in a radical way the policies and direction of a major political party Between 1932 and 1934 Michael Tierney and James Hogan both university academics exploited the opportunity offered by the formation of the Blueshirts and Fine Gael to promote their views for an alternative social economic and political order This order was inspired by Catholic social teachings in particular those enunciated by Pope Pius XI in his encyclical *Quadragesimo Anno* issued in 1931 In it the pontiff had advocated a social system which sought to reconcile the conflicting interests of capital and labour by essentially giving representation to the various economic interests in society by organising them according to their vocational groupings With ideas rooted in contemporary Catholic social and political philosophy especially Catholic corporatism or vocationalism Tierney and Hogan intended that Fine Gael become the vehicle for the promotion of their ideas In effect they virtually hijacked the objectives of the party Under their influence and that of others including Eoin O Duffy and Ernest Blythe Fine Gael adopted corporate principles and began the process of formulating policies to give practical expression to them Among those the party produced was a detailed labour policy The advocates of corporatism though always a tiny minority within the party enjoyed a disproportionate influence They contributed however to divisions within Fine Gael during a turbulent period in Irish politics Moreover the party s opponents in Fianna Fail and the labour movement successfully characterised it as advocating fascism Their ultimate failure has obscured the significance of the achievement of Hogan Tierney and their allies They transformed Fine Gael into a political party with a radical and distinct ideological programme and succeeded in giving Irish politics for a brief period in the 1930s a new dimension and vibrancy *Working-Class America* Michael H Frisch,Daniel J Walkowitz,2023-02-03 At the time of its original publication *Working Class America* represented the new labor history par excellence A roster of noteworthy scholars in the field contribute original essays written during a pivotal time in the nation s history and within the discipline Moving beyond historical sociological analyses the authors take readers inside the lives of the real men and women behind the statistics The result is a classic collection focused on the human dimensions of the field one valuable not only as a resource for historiography but as a snapshot of workers and their concerns in the 1980s

The Irony Of Irish Democracy Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever.
