The Janson Directive:

The Janson Directive Robert Ludlum, 2008-07 In this spine tingler Paul Janson finds himself marked for death and his only hope is to uncover a truth that has the power to change history *The Janson Directive* Robert Ludlum, 2002 Paul Janson is a retired operative now a highly sought after and extremely selective security specialist The spy game ended up costing him everything that was most important to him and it would take a lot to lure him back into it Unfortunately the one person to whom Janson's personal debt is so large that he could require anything of Janson is calling in his marker Peter Novak the legendary Hungarian immigrant and head of the Liberty Foundation an immensely rich man who uses his wealth to rebuild and foster the growth of democratic ideals in the most ravaged and war torn spots around the globe has been kidnapped and faces execution at the hands of terrorist extremists It is up to Janson to rescue him before Novak is murdered Janson immediately puts together a top team and manages the nearly impossible task of extricating Novak but something goes horribly wrong something that indicates that his operation has been compromised from the start and only Janson himself survives Now the major intelligence services think that Janson was responsible for Novak's death and are sending their finest operatives after him If Janson is to survive and to avenge Novak's murder he must unravel the twisted truth that lies behind the legend that is and was Peter Novak Because it appears that Novak is somehow inexplicably still alive and speaking publicly And something serious is about to happen something that threatens to change the course of history itself

Robert Ludlum's (TM) The Janson Command Paul Garrison, 2012-02-14 Paul Janson a character first featured in Robert Ludlum's bestselling novel *The Janson Directive* has a new goal save the world one operative one mission one redemption at a time Reformed from his days of covert operations Paul Janson has set a new mission for himself Working in partnership with champion sharpshooter Jessica Kincaid he rehabilitates disenchanted agents and helps them create new lives outside of the violent intelligence sector These former operatives then form a network of support for Janson when it comes to his other job Janson also takes on independent assignments For a fee he'll use his skills to resolve international crises But only those actions that he believes contribute to the greater good of all Whether he's rescuing an American doctor from Somali pirates attacking militant thugs intent on murdering a West African public servant agitating for human rights or hunting the money lenders who capitalize on barbaric civil war Janson stays honest with three simple rules 1 No torture 2 No civilian casualties 3 No killing anyone who doesn't try to kill them Yet with his commitment to doing what is right while facing canny intelligence operatives ruthless warlords deep sea marauders or brutal dictators Janson finds that his most difficult task is figuring out if he's fighting for the good side *The Bancroft Strategy* Robert Ludlum, 2010-04-01 In this international thriller a rogue agent and a beautiful hedge fund analyst discover a sinister conspiracy hiding behind a benevolent foundation As a field agent for Consular Operations Tod Belknap has always had a cowboy reputation But now after an operation goes wrong he has finally been cut loose from the organization Soon afterward his best friend and former

partner is abducted by a militia group in Lebanon When the government refuses to get involved Belknap takes matters into his own hands Meanwhile hedge fund analyst Andrea Bancroft is surprised to be offered a seat on her estranged family's powerful foundation But the foundation appears less and less benign the more deeply involved she gets Then she discovers something truly shocking the foundation is linked to Genesis a mysterious group working to destabilize geopolitical order As events escalate Todd Belknap and Andrea Bancroft come together and must form an uneasy alliance if they are to uncover the truth behind Genesis before it is too late

The Sigma Protocol Robert Ludlum, 2007-04-01 From a 1 New York Times bestselling author an agent escapes a hospital where the government held him hostage and finds he's not the man he thinks he is On Parrish Island a restricted island off the coast of Virginia is a little known and never visited psychiatric facility There far from prying eyes the government stores former intelligence employees whose psychiatric states make them a danger to their own government people whose ramblings might endanger ongoing operations or prove dangerously inconvenient One of these employees former Consular Operations agent Hal Ambler is kept heavily medicated and closely watched But there's one difference between Hal and the other patients Hal isn't crazy With the help of a sympathetic nurse Hal manages to clear his mind of the drug induced haze and then pulls off a daring escape Now he's out to discover who stashed him here and why but the world he returns to isn't the one he remembers Friends and longtime associates don't remember him there are no official records of Hal Ambler and when he first sees himself in the mirror the face that looks back at him is not the one he knows as his own Praise for Robert Ludlum Reading a Ludlum novel is like watching a James Bond film slickly paced all consuming Entertainment Weekly Ludlum stuffs more surprises into his novels than any other six pack of thriller writers combined The New York Times Ludlum still dominates the field in adventure drenched thrillers Chicago Tribune
