

The Japanese Firm In Transition

Masahiko Aoki

The Japanese Firm In Transition:

The Japanese Firm in Transition 日本企業の変遷, 1988 *The Japanese Firm* Masahiko Aoki, Ronald Dore, 1994 Written by prominent scholars in the field this is an account of the Japanese firm and its sources of success Containing both theoretical and empirical work the book ranges across labour and information economics finance organizational theory and others *The Japanese Firm in Transition* Masahiko Aoki, 1985 Smart Cities and Japan's Energy Transition Maciej M. Sokołowski, Fumio Shimo, 2025-03-31 This book offers a complex and problem based analysis of the past present and future of smart cities in Japan's energy transition With 92% of Japanese living in urban areas and a goal of achieving net zero greenhouse gas emissions by 2050 Japan's energy future will depend largely on how its cities can become smarter greener and more resilient To reach these ambitions a collective effort is required with actions coming from Tokyo to Kumamoto from Yokohama to Sapporo and throughout dozens of smaller and bigger Japanese urban structures This book addresses the key issues that have emerged or may emerge in various Japanese cities that are pursuing smart energy initiatives The authors examine several issues including international cooperation heating decarbonisation foreign direct investments city planning housing policies and technology related risks in the context of Japan's energy transition Drawing on case studies from different regions of Japan and sectors of Japanese economy significant for reaching carbon neutrality this book will be a valuable resource for all interested in energy transition climate action and smart cities where Japan and Japanese smart cities serve as excellent benchmarks **Keiretsu Economy - New Economy?** R. Kensy, 2001-04-02 This book combines a theoretical study of Japan's economic structures and multinational enterprises with a post modern analysis of the contemporary multinational enterprise The author considers the appropriateness of the post modern approach for discussing economic activities in particular the New Economy and also Japanese society and culture Kensy analyses Japan's economic structure interpreting its methods strategies and results in a post modern context and presents a survey of socio economic development in Japan since the beginning of westernization He goes on to discuss Japanese models for the transformation of society in the future with particular reference to the Keiretsu Finding Japan to be a truly postmodern society Kensy shows that Japan is prepared to be a leader in the New Economy Kensy takes an innovative and stimulating approach that will be of interest to those seeking to better understand the development and future of the economic structures of Japan *Inside the Japanese Company* Fiona Graham, 2015-12-08 Graham explores the attitudes of Japanese employees towards their work their company and on related issues Based on extensive original research inside a Japanese insurance company C Life which subsequently went bankrupt the book shows that attitudes towards lifetime employment company loyalty and the other characteristics of Japanese working life which are often portrayed in stereotype form in the West are in fact more complicated than is at first apparent The Japanese Business and Economic System M. Nakamura, 2001-01-11 Emerging from ten years of post bubble recession the Japanese business and economic system will need to enter a period of radical

restructuring in order to return to the growth of former years and maintain its influential position in the development of new technologies Japan's choices for the future will have a major impact on its global trading partners In this edited collection of papers an international range of contributors discuss the fundamental issues faced by the Japanese business and economic system from historical analytical and empirical perspectives Their conclusions combine to present a view of the path Japan should take to restore its economy to optimal growth in the 21st century and show how this path will affect global markets

U.S.-Japan Strategic Alliances in the Semiconductor Industry National Research Council, Policy and Global Affairs, Office of International Affairs, Committee on Japan, 1992-02-01 This book reviews the evolution of strategic alliances involving U S and Japanese companies in the semiconductor industry and analyzes whether alliances can contribute to the renewal of an industry faced with stiff competition from Japan It includes case studies alternative future scenarios and suggestions for government and industry **Japanese Firms in Transition** , 2004-12-14 Includes contributing chapters from authors based in Asia Europe and North America to examine how Japanese firms have responded to the challenge of a slower domestic economy and a more competitive international economy This work contains articles to address three aspects of this issue

Japanese Management Arthur M. Whitehill, 2022-06-30 First published in 1991 Japanese Management succeeds in filling a major gap by providing a thorough account of the evolution and day to day practices of management within the Japanese firm The 14 chapters not only build the historical framework and modern cultural economic and social setting but also effectively deal with the process of management The final two chapters address some future challenges facing Japanese firms as they operate in the global business environment This comprehensive book is a must read for students of business management
