The JAYHAWKERS

The Jayhawkers

Kathleen Armour

The Jayhawkers:

Jayhawkers Bryce Benedict, 2022-08-16 No person excited greater emotion in Kansas than James Henry Lane the U S senator who led a volunteer brigade in 1861 1862 In fighting numerous skirmishes liberating hundreds of slaves burning portions of four towns and murdering half a dozen men Lane and his brigade garnered national attention as the saviors of Kansas and the terror of Missouri This first book length study of the jayhawkers as the men of Lane s brigade were known takes a fresh look at their exploits and notoriety Bryce Benedict draws on a wealth of previously unexploited sources including letters by brigade members to dramatically re create the violence along the Kansas Missouri border and challenge some of the time honored depictions of Lane s unit as bloodthirsty and indiscriminately violent Bringing to life an era of guerillas bushwhackers and slave stealers *Jayhawkers* also describes how Lane s brigade was organized and equipped and provides details regarding staff and casualties Assessing the extent to which the jayhawkers followed accepted rules of warfare Benedict argues that Lane set a precedent for the Union Army s eventual adoption of hard tactics toward civilians An entertaining story rich in detail *Jayhawkers* will captivate scholars and history enthusiasts as it sheds new light on the unfettered violence on this western fringe of the Civil War

Jayhawkers Bryce D. Benedict, 2009 All 10 episodes from the second series of the action drama based on the novel by former Special Forces operative Chris Ryan This series follows the efforts of Section 20 agents Michael Stonebridge Philip Winchester and Damien Scott Sullivan Stapleton as they try to put an end to an international terrorist group after Sergeant John Porter Richard Armitage is kidnapped

The Jayhawkers' Oath and Other Sketches William Lewis Manly, 1949

The Political Culture of the New West Jeff Roche, 2008-10-28 From wildcatting Texas oilmen to Colorado rock climbers from hipster capitalists to populist moralizers westerners have proven themselves to be a highly individualistic breed of American as much in their politics as in their vocations or lifestyles This first book on the landscape of the American West s politics looks beyond red state blue state assumptions to explore how westerners have expanded the boundaries of the political and emerged as a harbinger of America s electoral future Representing a wide range of specialties popular culture business history the environment ethnic history agriculture and more these authors portray a politically heterogeneous region and show how its multiple traditions have strongly shaped the nation s body politic Viewing politics as more than cyclical electioneering they draw on historical evidence to portray westerners imaginatively rethinking democratic practice and constantly forging new political publics These twelve essays move western political history beyond the usual discussions of elections and parties and the standard issues of water progressivism and states rights Some explore claims to western authenticity among those associated with western conservatism not just regional heroes like Barry Goldwater and Ronald Reagan but farmers and evangelicals as well Others examine the transformation of the West s minority communities to reveal a liberalism that celebrates diversity and articulates claims for social justice The final chapters reveal the complexity of contemporary western political culture challenging

longstanding assumptions about such notions as space nature and the liberal conservative divide Here then is the paradox of western politics in all its enigmatic glory with frontier individualism going head to head with multiethnic diversity in debates over divergent views of western authenticity and wild cards put into play by counterculturists cyber libertarians fiscally conservative gun toting Democrats and environmentalists The Political Culture of the New West shows how westerners have expressed themselves within a complex often contradictory and constantly changing political culture and helps explain why no electoral outcome in this part of America can be predicted for certain

Promised Lands David M. Wrobel, 2002

Whether seen as a land of opportunity or as paradise lost the American West took shape in the nation's imagination with the help of those who wrote about it but two groups who did much to shape that perception are often overlooked today Promoters trying to lure settlers and investors to the West insisted that the frontier had already been tamed that the only frontiers remaining were those of opportunity Through posters pamphlets newspaper articles and other printed pieces these boosters literally imagined places into existence by depicting backwater areas as settled culturally developed regions where newcomers would find none of the hardships associated with frontier life Quick on their heels some of the West's original settlers had begun publishing their reminiscences in books and periodicals and banding together in pioneer societies to sustain their conception of frontier heritage Their selective memory focused on the savage wilderness they had tamed exaggerating the past every bit as much as promoters exaggerated the present Although they are generally seen today as unscrupulous charlatans and tellers of tall tales David Wrobel reveals that these promoters and reminiscers were more significant than their detractors have suggested By exploring the vast literature produced by these individuals from the end of the Civil War through the 1920s he clarifies the pivotal impact of their works on our vision of both the historic and mythic West In examining their role in forging both sense of place within the West and the nation's sense of the West as a place Wrobel shows that these works were vital to the process of identity formation among westerners themselves and to the construction of a West in the national imagination Wrobel also sheds light on the often elitist sometimes racist legacies of both groups through their characterizations of Native Americans African Americans Mexican Americans and Asian Americans In the era Wrobel examines promoters painted the future of each western place as if it were already present while the old timers preserved the past as if it were still present But as he also demonstrates that West has not really changed much promoters still tout its promise while old timers still try to preserve their selective memories Even relatively recent western residents still tap into the region's mythic pioneer heritage as they form their attachments to place Promised Lands shows us that the West may well move into the twenty-first century but our images of it are forever rooted in the nineteenth

Legendary Louisiana Outlaws Keagan LeJeune, 2016-03-21 From the infamous pirate Jean Laffite and the storied couple Bonnie and Clyde to less familiar bandits like train robber Eugene Bunch and suspected murderer Leather Britches Smith Legendary Louisiana Outlaws explores Louisiana's most fascinating fugitives In this entertaining volume Keagan

LeJeune draws from historical accounts and current folklore to examine the specific moments and legal climate that spawned these memorable characters. He shows how Laffite embodied Louisiana's shift from an entrenched French and Spanish legal system to an American one and relates how the notorious groups like the West and Kimbrell Clan served as community leaders and law officers but covertly preyed on Louisiana's Neutral Strip residents until citizens took the law into their own hands. Likewise, the bootlegging Dunn brothers in Vinton demonstrate folk justice's distinction between an acceptable criminal act operating an illegal moonshine still and an unacceptable one: cold-blooded murder. Recounting each outlaw's life, LeJeune also considers their motives for breaking the law as well as their attempts at evading capture. Running from authorities and trying to escape imprisonment or even death, these men and women often relied on the support of ordinary citizens sympathetic in the face of oppressive and unfair laws. Through the lens of folk life, LeJeune's engaging narrative demonstrates how a justice system functions and changes and highlights Louisiana's particular challenges in adapting a system of law and order to work for everyone.

The Oxford Dictionary of American Political Slang Grant Barrett, 2006-04-21. Here is a wonderful Baedeker to down and dirty politics: more than six hundred slang terms straight from the smoke-filled rooms of American political speech. Hatchet Jobs and Hardball. The Oxford Dictionary of American Political Slang illuminates a rich and colorful segment of our language. Readers will find informative entries on slang terms such as Beltway bandit and boondoggle, angry white male and leg treasurer, juice bill and Joe Citizen, banana superpower and the Big Fix. We find not only the meaning and history of familiar terms such as gerrymander but also of lesser-known terms such as cracking, splitting a bloc of like-minded voters by redistricting, and fair fight district, which refers to areas redistricted to favor no political party. Each entry includes the definition of the word, its historical background, and illuminating citations, some going back more than 200 years. We learn, for instance, that a term as seemingly current as political football actually dates back to before the Civil War. Selected entries will have extended encyclopedic notes. The book also features sidebar essays on topics such as political words in Blogistan, a short history of big cheese, all about chads and the 2000 election, the suffix gate, and all the related Watergate terms and the naming of legislation. Political junkies, policy wonks, journalists, and word lovers will find this book addictive reading as well as a reliable guide to one of the more colorful corners of American English.

Proceedings of the Mississippi Valley Historical Association Mississippi Valley Historical Association, 1914. Directory of the association to February 9, 1924. v. 11, pt. 1, p. 143-164. *Uncle Jesse's One-Eyed Mule* Roy Ragland, 2022-06-03. The author's interest in preserving the history of the community that he was raised in and providing an insight into the rustic lifestyle of the people living in the Boston Mountain range of the Arkansas Ozarks during the early to mid-1900s sparked his interest in writing this book. *Uncle Jesse's One-Eyed Mule* is a historical overview of the small rural community of Welcome Home, Arkansas. It is not meant to be strict historical work, but it does contain an accurate account of Welcome Home's most infamous event: the shooting of Preacher Gillam. The work also contains stories passed down from previous generations.

through oral histories Quantrill at Lawrence Paul R. Petersen, 2011-04-26 The Lawrence raid of August 21 1863 was considered one of the bloodiest events of the Civil War The actions that brought on the raid are researched and explored in depth here for the very first time What is discovered is a collusion in a legacy of lies that surrounded the stories of the raid
