here for the first time record the fortunes of the Jews and their relationships with the authorities especially the two Martins and their Christian neighbours Much new information has come to light and many facets of Jewish life in Sicily have been uncovered The abundance of historical records in the archives of the Crown and of local authorities compares favourably with the relative scarcity of surviving documentation in earlier centuries Therefore again many documents had to be reported in summary form Much new information has come to light The volume is again provided with additional bibliography and indexes while the introduction has been relegated to the end of the series on the Jews of the island [The Jews in Sicily, Volume 5 \(1440-1457\)](#) Shlomo Simonsohn,2021-11-08 This volume in the series Documentary History of the Jews in Italy illustrates the history of the Jews in Sicily from 1440 to 1457 It is the sequel to the first four volumes and covers the events during the second half of the rule of King Alphonso the Magnanimous The King continued to take a personal interest in the affairs of the Jewish communities but abolished the office of dienchelele chief justice Instead the Jewish communities were again governed by their local leaders lay and spiritual During that period the Jewish minority of Sicily continued to flourish economically and socially although the first ominous signs of change began to appear Some 800 documents many of them published here for the first time record the fortunes of the Jews and their relationships with the authorities and their Christian neighbours Much new information has come to light and many facets of Jewish life in Sicily have been uncovered The abundance of historical records in the archives of the Crown and of local authorities compares favourably with the relative scarcity of surviving documentation in earlier centuries Therefore again many documents had to be reported in summary form The volume is provided with additional bibliography and indexes while the introduction has been relegated to the end of the series on the Jews of the island **The Jews in Sicily, Volume 6 (1458-1477)** Shlomo Simonsohn,2004-11-01 This volume in the series Documentary History of the Jews in Italy illustrates the history of the Jews in Sicily from 1458 to 1477 It is the sequel to the first five volumes and covers the events during the rule of King John Although John continued the policies of his father Alphonso towards the Jews of the island there is a distinct deterioration in their position during his times After years of incitement by the members of the Mendicant Orders anti Jewish riots broke out in various parts of the Sicily The worst of them was the massacre in Modica in 1474 During that period the Jewish minority of Sicily continued to flourish economically and socially Nearly a thousand documents many of them published here for the first time record the fortunes of the Jews and their relationships with the authorities and their Christian neighbours Much new information has come to light and many facets of Jewish life in Sicily have been uncovered The abundance of historical records in the archives of the Crown and of local authorities compares favourably with the relative scarcity of surviving documentation in earlier centuries Therefore again many documents had to be reported in summary form The volume is provided with additional bibliography and indexes while the introduction has been relegated to the end of the series on the Jews of the island [The Jews in Sicily: 1458-1477](#) Shlomo Simonsohn,1997 **The Jews in Sicily, Volume 8**

(1490-1497) Shlomo Simonsohn, 2006-06-01 This volume in the series Documentary History of the Jews in Italy illustrates the history of the Jews in Sicily from 1490 to 1497. It is the sequel to the first seven volumes and covers the events during the rule of the Catholic Kings Ferdinand and Isabella following the unification of Spain. They cover the last years leading up to the expulsion, the expulsion itself, and a few events in its aftermath. A further deterioration in the position of the Jews took place in those last years of their presence on Sicily. Numerically, the Jewish community on the island reached its zenith, accompanied by economic prosperity. Nearly a thousand documents, many of them published here for the first time, record the fortunes of the Jews. Again, much new information has come to light, and many facets of Jewish life in Sicily have been uncovered. The abundance of historical records in the archives of the Crown and of local authorities again compares favorably with the relative scarcity of surviving documentation in earlier centuries. Therefore, many documents had to be reported in summary form. The volume is provided with additional bibliography and indexes, while the introduction will appear at the end of the series. This is the last volume of the *The Jews in Sicily* based mainly on governmental sources, to be followed by additional volumes containing records culled from notarial deeds.
