Benjamin, Jr., Michael Wertheimer, 2014-06-03 This sixth book in the Portraits of Pioneers in Psychology Series preserves the diversity that has characterized earlier volumes as it brings to life psychologists who have made substantial contributions to the field of the history of psychology These chapters illustrate the pioneering endeavors of such significant figures and are written in a lively engaging style by authors who themselves have achieved a reputation as excellent scholars in the history of psychology Several of the chapters are based on the author s personal acquaintance with a pioneer and new previously unavailable information about these luminaries is presented in this volume Each of these volumes provides glimpses into the personal and scholarly lives of 20 giants in the history of psychology Prominent scholars provide chapters on a pioneer who made important contributions in their own area of expertise A special section in each volume provides portraits of the editors and authors containing interesting information about the relationship between the pioneers and the psychologists who describe them Utilizing an informal personal sometimes humorous style of writing the books will appeal to students and instructors interested in the history of psychology Each of the six volumes in this series contains different profiles thereby bringing more than 120 of the pioneers in psychology more vividly to life **Confronting**

Academic Mobbing in Higher Education: Personal Accounts and Administrative Action Crawford, Caroline M., 2019-09-27 Academic mobbing a bullying behavior that targets a specific faculty member is growing in higher education It is a dangerous phenomenon that often attacks competent researchers and scholars who are ethical outspoken in support of others and normally reflect professional achievement that is coveted resented and perceived as intimidating by lesser faculty

and administrators Therefore it is important to understand how academic mobbing begins expands amongst faculty and administrators is actually supported by faculty and administrators by either proactive efforts or actively ignoring and results in a weakening of the higher education institution due to the reputation being detrimentally and many times irreparably impacted **Confronting Academic Mobbing in Higher Education** Personal Accounts and Administrative Action is an essential research publication that provides comprehensive research on the development of academic mobbing as a prevalent form of bullying within higher education and seeks to explore solutions and provide support for professionals currently dealing with this phenomenon Highlighting a range of topics such as ethics faculty outcomes and narcissism this book is ideal for higher education faculty deans department chairs provosts chancellors university presidents rectors administrators academicians researchers human resources faculty policymakers and academic leaders

An Introduction to Theories of Personality Robert B. Ewen, 2014-01-21 This 7th Edition helps students unravel the mysteries of human behavior through its highly readable introduction to the ideas of the most significant personality theorists Engaging biographical sketches begin each chapter and unique capsule summaries help students review key concepts Theories come alive through the inclusion of quotations from the theorists writings and numerous applications such as dream interpretation psychopathology and psychotherapy Significant changes in the 7th edition include an extended discussion of the practical applications of personality theory with an emphasis on guidelines that can help people increase their self knowledge make better decisions and live more fulfilling lives Fictionalized but true to life examples illustrating the perils of inadequate self knowledge include college students parents terrorists business executives and politicians while other examples show the positive outcomes that can result from a better understanding of one's unconscious This 7th edition also includes a more extensive discussion of how a lack of self understanding caused difficulties for such noted theorists as Freud and Erikson and a new section that explains how behavior can be strongly influenced by the situation as well as by one's personality Finally a new interactive web site provides practice test questions and other topics of interest

Human Needs and Politics Ross Fitzgerald, 2016-06-21 Human Needs and Politics is a collection of papers that examines the intercorrelation between political trends and the fulfillment of society's human needs The title discusses the concepts of human needs wants and politics Next the selection details some theories that will shed light into the mechanisms of human needs politics interaction The text also reviews Maslow's hierarchy of needs along with Marx's opinion on human needs The book will be of great interest to political scientists sociologists and behavioral scientists

Motivating Engagement, Belonging, and Success in Higher Education Student Experience Crawford, Caroline M., Gee, Taylor T., 2025-05-13 Creating engagement in the school system fosters success and belonging This is essential for enhancing the student experience especially in higher education Students who feel connected to their institution supported by peers and faculty and empowered in their academic and personal pursuits are more likely to excel both inside and outside the classroom By cultivating a sense of belonging

universities can help students overcome challenges build meaningful relationships and unlock their full potential With the emergence of distance learning students motivations and sense of belonging have diminished over the years Lack of motivation has led to more students dropping out and not completing their degrees Motivating students through engagement will help them finish their degrees and pursue their careers Universities use of engagement and use of tools to help students in higher education to feel belonging is a great asset in helping students to feel like they belong and motivate them to finish their degrees Motivating Engagement Belonging and Success in Higher Education Student Experience expands the discourse on ways universities can help engage their students in higher education This book uses research based and real world applications of student success stories that have positively impacted students engagement Covering topics such as digital community building learning styles and student experience this book is an excellent resource for educators policymakers administrators researchers academicians and more
