Navigating the Coming Chaos Carolyn Baker,2011-01-11 The collapse of industrial civilization well underway since at least 2007 presents humankind with unprecedented and daunting challenges in the area of energy environment and economics Just as the Transition Handbook of 2008 provided specific strategies for addressing these changes logistically Navigating The Coming Chaos provides a toolkit of emotional and spiritual preparation for an uncertain future It offers us an opportunity to step across an evolutionary threshold in order to become a new kind of human being living in conscious self awareness of our intimate connection with all life in the universe Deepening the work begun in Sacred Demise Carolyn Baker has assembled and life tested a rich compendium of tools for the inner warrior preparing to meet civilizations collapse with inner strength purpose and presence In times like these that try our souls embarking on the deep self reflection invited by this book will be as essential as any practical preparations for the Long Emergency Janaia Donaldson Co Producer and Host

of Peak Moment TV Navigating the Coming Chaos is Carolyn Baker's latest and most important work. As we face up to the reality of collapse, the difference between those former citizens who cope and those who don't may well be a simple case of who has taken heed of the lessons contained within these priceless pages. Keith Farnish, author of *TIMES UP AN UNCIVILIZED SOLUTION TO A GLOBAL CRISIS* and manager of The Earth Blog, uses this book like you would a longtime friend who is willing to listen to you thoroughly but will still ask you the tough questions. It is an invaluable tool for people who are committed to creating a fulfilling life no matter what the future brings. Andre Angelantoni, Founder of Post Peak Living.

Love in the Age of Ecological Apocalypse Carolyn Baker, 2015-03-24. Given the daunting dire predicament in which we find ourselves on this planet, what is described by social critic James Howard Kunstler as a Long Emergency may in fact become a Last Emergency for humanity. Whether we encounter a long or a last emergency, Carolyn Baker seeks to offer inspiration and guidance for inhabiting our remaining days with passion, vitality, empathy, intimate contact with our emotions, kindness in our relationships with all species, gratitude, open-hearted receptivity, exquisite creations of beauty, and utilizing every occasion, even our demise, as an opportunity to invoke and inflict joy in our world. *Love in the Age of Ecological Apocalypse* addresses an array of relationships in the Last Emergency and how one's relationship with oneself may enrich or impede interactions with all other beings. Drawing upon her deep experience as a life coach, Baker writes of the specific need to understand our key relationships in a society in collapse and how to navigate through differing levels of acceptance of collapse, trauma, and grief. Key relationships include those with our partners, children, friends, neighbors, as well as relationships with our work, our bodies, our natural resources, food, and eating animals, future generations, Eros, and indeed the powers of the universe. Baker's writing is engaging, inspiring, and often beautiful in its depth and candor. She introduces a variety of spiritual practices that facilitate our developing a relationship with the deeper Self. With these practices and giving and receiving support from others who are walking a similar path, we begin to live more frequently from the deeper Self or at least are able to access it more quickly when we find ourselves becoming embroiled in the ego.

Collapsing Consciously
Carolyn Baker, Ph.D., 2013-11-19. A collection of probing essays and weekly meditations, this book addresses how to prepare emotionally and spiritually for the impending collapse of industrial civilization. Author Carolyn Baker offers wisdom

inspiration and a sense of spiritual purpose for anyone who is concerned about the daunting future humankind has created. The author's introduction to *Collapsing Consciously* articulates our current predicament of economic collapse, environmental degradation, and global conflict, and expresses the confusion, anxiety, grief, anger, and despair we all experience when we take a hard look at the present-day global crisis and the likely future of the planet. But rather than showing us ways to prevent the collapse, Baker argues that the demise of our consumerist corporate culture is inevitable and that it is crucial to prepare emotionally and spiritually for the certain changes to come. Part 1 is a collection of seventeen essays which argue that while the collapse of industrial society cannot be prevented, its meaning extends far beyond tragedy and loss. These essays ask the reader to delve inward and discover the limitless treasures of the soul, as well as the gratification and exhilaration to be discovered in joining with community in preparing for the future. In part 2, Baker offers fifty-two weekly meditations comprised of spiritual wisdom, inspiration, paradox, comfort, humor, irony, and a persistent challenge to create and savor beauty in the world regardless of how bleak the future may appear. *Collapsing Consciously* is a refreshing take on the perilous present and the grim prospects for our future. Instead of quoting discouraging statistics about our predicament, Baker offers a deeper perspective that makes sense of a world that most of the time appears psychotic or even surreal. Through inspiration and perennial wisdom, she has created a manual for making meaning and generating joy, especially in situations that feel hopelessly devoid of both. An ebook containing additional meditations is also available: *Collapsing Consciously: Meditations Further Reflections for Turbulent Times* ISBN 978 1 58394 758 6.
