

The background of the slide is a collage of various steel detailing drawings and 3D models. In the top left, there are several 2D cross-sections of steel beams and columns, some with labels like 'Detail of beam to column connection' and 'Detail of beam to column moment-resisting'. In the top right, there is a 3D wireframe model of a building's steel frame, showing columns and beams in yellow and red. Below this, there are more 2D drawings, including a plan view of a column and a section view of a beam-to-column connection. The bottom half of the slide features several circular inset images showing detailed views of steel connections, such as moment-resisting joints and shear connections. The text 'Steel Detailing in CAD Format' is prominently displayed in the center, with 'Steel Detailing in' in red and 'CAD Format' in blue. The word 'STRUCTURE' is partially visible on the right side of the slide.
