**The Star You Steer By**, 2021-10-18 This book explores Basil Bunting s continued reputation and influence in modern British poetry and also the impact of a peculiarly Northern inflection of Modernism which Bunting largely defined within the varieties of poetry being written in Britain today The editors asked a variety of English Scottish Welsh and American poets and academics to reflect upon the themes implications impact or example of Bunting s work in the centenary year of his birth looking back on the beginnings of Modernism at the start of the twentieth century into which he was born or forward into the twenty first century in which he continues to be read and learned from a true poetic star to steer by The resulting collection of fourteen new essays reveals the continued ability of Bunting s poetry both to delight and to challenge Topics covered include the nature of influence Celtic and Northumbrian contexts for the modern English long poem prosodic patterns in early Bunting Bunting as a reader of his own work narrative sources in his poetry the problem of patronage his rueful masculinity women poets and Bunting radical landscape poetry his translations from the Persian Hafiz and the Roman Horace economic and social tensions in his work the poet as makar and a previously unpublished selection of his letters from the 1960s to the 1980s commenting upon his own and others poetry and on the political condition of Britain in those years The collection will be of interest to teachers and readers of twentieth century English and American poetry and to those exploring the processes of literary translation Contributors include David Annwn Richard Caddel Roy Fisher

Victoria Forde Harry Gilonis Ian Gregson Philip Hobsbaum Parvin Loloi James McGonigal Richard Price Glynn Pursglove Harriet Tarlo Gael Turnbull and Jonathan Williams      *Imdeduya* Gunter Senft, 2017-07-12 This volume presents five variants of the Imdeduya myth two versions of the actual myth a short story a song and John Kasaipwalova's English poem *Sail the Midnight Sun* This poem draws heavily on the Trobriand myth which introduces the protagonists Imdeduya and Yolina and reports on Yolina's intention to marry the girl so famous for her beauty on his long journey to Imdeduya's village and on their tragic love story The texts are compared with each other with a final focus on the clash between orality and scripturality Contrary to Kasaipwalova's fixed poetic text the oral Imdeduya versions reveal the variability characteristic for oral tradition This variability opens up questions about traditional stability and destabilization of oral literature especially questions about the changing role of myth and magic in the Trobriand Islanders society which gets more and more integrated into the by now literal nation of Papua New Guinea      **The Riverside Anthology of Literature** Douglas Hunt, 1991 Examples of short fiction poetry and drama from 102 well known authors      **The Delineator** R. S. O'Loughlin, H. F. Montgomery, Charles Dwyer, 1927      The Philology of Life Kevin McLaughlin, 2023-01-17 The *Philology of Life* retraces the outlines of the philological project developed by Walter Benjamin in his early essays on Herder, the Romantics and Goethe This philological program McLaughlin shows provides the methodological key to Benjamin's work as a whole According to Benjamin German literary history in the period roughly following the first World War was part of a wider crisis of historical experience a life crisis to which Lebensphilosophie philosophy of life had instructively but insufficiently responded Benjamin's literary critical struggle during these years consisted in developing a philology of literary historical experience and of life that is rooted in an encounter with a written image The fundamental importance of this philological method in Benjamin's work seems not to have been recognized by his contemporary readers including Theodor Adorno who considered the approach to be lacking in dialectical rigor This facet of Benjamin's work was also elided in the postwar publications of his writings both in German and English In recent decades the publication of a wider range of Benjamin's writings has made it possible to retrace the outlines of a distinctive philological project that starts to develop in his early literary criticism and that extends into the late studies of Baudelaire and Proust By bringing this innovative method to light this study proposes the philology of life as the key to the critical program of one of the most influential intellectual figures in the humanities
