Stellar Woods:

Islands of Light Don Thompson, 2004 A year after their adventure in Stellar Woods Tom and his sister Katie are into Northwest life in a big way Their family has inherited a 58 foot trawler and they are ready for salt water adventures beyond anything they ever imagined while living in Colorado But the waters surrounding the San Juan Islands are not always friendly and can sometimes deceive even the most experienced boater In this sequel to Stellar Woods a tragic boating accident separates the family spinning them off on different paths Will the family be reunited The odds seem against it even against the very survival of one of its members Will someone remember the power of the stones Will someone understand how to use this power to bring the family back together *Places Not Here* Don Thompson, 2008-02-07 *Places Not Here* is the concluding book of the Stellar Woods trilogy In this final adventure young adults Tom and Katie Morrison are called back to Seattle for the reading of the will of their departed mentor Dr Spencer Blankenship When the facts of Dr Blankenship's demise don't add up Tom and Katie must decide whether to ignore the disturbing details and return to their safe and successful academic careers or to risk further investigation Their decisions lead them down dangerous paths challenging the limits of rational thought and culminating in unsettling discoveries about their mentor themselves and the fate of the world itself

Stellar Woods Don Thompson, 2002 Fourteen year old Tom and his thirteen year old sister Katie leave their lifelong friends and move to a new city with worries about loneliness and boredom But just before Tom and Katie leave town a friend hands them two strange gifts An apparently ordinary pair of rocks taken from an area where they often hiked and climbed together these gifts turn out to have perplexing and powerful properties The rocks ultimately play a key role in helping the teenagers resolve worries and restore self confidence as they fall into an adventure that begins in a densely wooded forest behind their new house Following a trail into the forest locally known as Stellar Woods Tom and Katie stumble across an old and partially buried brass plaque etched with a cryptic poem that compels them to explore the forest for clues to the meaning of the words They get help and encouragement from an unlikely new friend a retired astronomer and reclusive university professor who lives in Stellar Woods But even the professor cannot explain a bizarre phenomenon in the forest that ultimately leads the teenagers into both danger and fulfillment One afternoon Tom and Katie hike deep into the forest in order to pursue a particularly promising clue They pinpoint a single large tree that they had seen mysteriously glowing in the darkness the night before There they discover a special synergy between a large stone within the hollow trunk of the tree and the gift rocks from their hometown friends Carefully fitting the stones together first Tom and then Katie are eerily transformed and disappear from the forest They fail to return home that night The teenagers find themselves in a faraway but strangely familiar environment where they are reunited with their friends but under life threatening circumstances Tom and Katie must make a difficult rescue and somehow get word to their parents who with the professor are searching Stellar Woods and beginning to fear the worst After a dramatic rescue and an uneasy telephone call home Tom and Katie make plans

to return but one more hurdle appears Katie begins to experience a strange and potentially lethal side effect of her unconventional journey Compelled by the urgency of the situation Tom is able to overcome doubts about his own ability to make decisions in the face of ambiguity Under enormous pressure by quick and clear thinking Tom takes decisive action saving his sister's life and returning them both safely home For more information about Stellar Woods please visit www.stellarwoods.com **Jet** ,2008-05-26 The weekly source of African American political and entertainment news
