## **Step By Step Guide To Church Marketing Breaking Ground For The Harvest:**

*A Step-by-step Guide to Church Marketing* George Barna, 1992 Is marketing biblical Although the word marketing never appears in the Bible the Bible is filled with examples of successful marketers Solomon Joshua Nehemiah and Paul to name just a few As you ll see in this book these dynamic men of God had the ability to identify people s needs and then find the best ways to meet them Jesus told his followers to do the same to bring his message to people in a way they could understand and relate to That s the heart of marketing And those principles can be immensely useful as you take part in God s work here on earth It s time to move beyond the question of whether or not marketing is a biblical practice The real question is whether your church can afford not to use such a powerful and readily available tool Back cover *Church Advertising, Public Relations and Marketing in Twentieth-Century America* John C. Hardin, 2022-12-14 This book examines the complex relationship between religion and business in twentieth century America It is the story of how Christianity s most basic institution the local church wrestled with the challenges and compromises of competing in the modern marketplace through adopting the advertising public relations and marketing methods of business It follows these sacred promoters and their critics as they navigated between divinely inspired and consumer demanded Amid an animated and contentious battleground for principles practices and parishioners John C Hardin explores the landscape of selling religion in America and its evolution over the twentieth century **Church Planting from the Ground Up** Tom Jones, 2004 Church Planting from the Ground Up is a visionary guide for the critical task of new church multiplication Share in the wisdom of these field tested veterans as you gain insight from their stories practical ideas and real world experiences Book jacket *Selling Out the Church* Philip D. Kenneson, Jim Street, 2003-07-24 Marketing the church is hot For many church leaders marketing might even be the first article of their creed which goes something like this We believe that our church determines its identity and mission through the tactics of marketing strategies Theologians Kenneson and Street offer a thoughtful and provocative protest with a foreword from Stanley Hauerwas The authors expose the theological presuppositions that inform the marketing project and help us to see that the marketer s presumption that form can be separated from content of the gospel betrays an understanding of the gospel that cannot help betraying the gift that is Christ The authors propose an alternative constructive account of the church s mission and purpose that is not based on exchange of value but on reminding us that the gospel is always a gift a gift that makes impossible any presumptions that there can be an exchange between human beings and God that is rooted in the satisfaction of our untrained needs The cross and resurrection challenge the world s understanding of what our needs should be *Missional Church* Lois Barrett, 1998-02-09 What would a theology of the Church look like that took seriously the fact that North America is now itself a mission field This question lies at the foundation of this volume written by an ecumenical team of six noted missiologists Lois Barrett Inagrace T Dietterich Darrell L Guder George R Hunsberger Alan J Roxburgh and Craig Van Gelder The result of a three year research project undertaken by The Gospel and

Our Culture Network this book issues a firm challenge for the church to recover its missional call right here in North America while also offering the tools to help it do so The authors examine North America s secular culture and the church s loss of dominance in today s society They then present a biblically based theology that takes seriously the church s missional vocation and draw out the consequences of this theology for the structure and institutions of the church

**The Story That Chooses Us** George R. Hunsberger,2015-04-09 Over the course of several decades missiologist George Hunsberger has written numerous essays on crucial themes for the church s recovery of its missional identity and practice The Story That Chooses Us brings these essays together for the first time The book as a whole presents a composite sense of the missional identity and faithful witness to which the church is called in contemporary Western society Hunsberger engages with well known missiologist Lesslie Newbigin throughout his work as he carefully discerns biblical and theological roots for a contemporary vision of missional theology The recurring themes in Hunsberger s essays provide both theological mooring and practical guidance for churches following Christ on the missional path

Marketing and Christian Proclamation in Theological Perspective Emily Beth Hill,2021-06-28 In today s market driven world the contemporary church faces pressing questions as it continues to be formed by the powerful forces of neoliberal capitalism This book builds on theological examinations of capitalism and consumerism to develop a theology of marketing that addresses two key questions First even though church marketing seems to help churches grow amidst a climate of declining church affiliation should the church use it Second considering the church s indistinguishability from culture in relation to consumption how should Christians relate to material goods To address these questions Emily Beth Hill develops a framework that draws on the concrete practices of marketing such as focus groups big data branding and advertising and the trajectory of their use over time along with Martin Luther s theology of the Word Combining Martin Luther s pro me for me theology with marketing concepts Hill shows that while marketing and the gospel have formal pro me similarities materially they are quite different marketing operates as a word of law distinct from the effective liberating word of the gospel proclaimed for us and thus the two produce different human identities While existing examinations of capitalism primarily rely on theologies and discourses of desire Hill reveals that a theology of the Word illuminates a fruitful new area for reflection on how the church can resist the deformations of capitalism

**God in the Wasteland** David F. Wells,1994 In this sequel to the widely praised No Place for Truth David Wells calls for the restoration of the church based on a fresh encounter with the transcendent God By looking anew at the way God s transcendence and immanence have been taken captive by modern appetites Wells argues convincingly for a reform of the evangelical world

**Telling God's Story** John W. Wright,2007-04-16 John W Wright presents a new model of preaching that aims to connect the biblical text with a congregation so that they are formed into a true Christian community

**Preaching to Convert** John Fletcher,2013-11-13 Preaching to Convert offers an intriguing new perspective on the outreach strategies of U S evangelicals Author John Fletcher frames these activities from door to door proselytizing to the

spirited sermons of superstar televangelists as examples of activist performance broadly defined here as acts performed before an audience in the hopes of changing hearts and minds Most writing about activist performance has focused on left progressive causes events and actors and if evangelicals have appeared at all they often appear as one dimensional forces of ignorance or bigotry against which brave left leaning activists must fight Preaching to Convert argues against such a constricted view of activism and for a more nuanced understanding of U S evangelicalism as a movement defined by its desire to win converts and spread the gospel In other words evangelicals are activist performers par excellence The book positions evangelicals as a diverse complicated group confronting the loss of conservative Christianity s default status in twenty first century U S culture In the face of an increasingly secular age evangelicals have been reassessing models of outreach In acts like handing out Bible tracts to strangers on the street or going door to door with a Bible in hand in elaborately staged horror themed morality plays or multi million dollar creationist discovery centers in megachurch services beamed to dozens of satellite campuses and in controversial ex gay ministries striving to return gays and lesbians to the straight and narrow evangelicals are redefining what it means to be deeply committed in a pluralist world The book s engaging style and careful argumentation make it accessible and appealing to scholars and students across a range of fields

**The Subversive Evangelical** Peter J. Schuurman, 2019-06-30 Evangelicals have been scandalized by their association with Donald Trump their megachurches summarily dismissed as religious Walmarts In *The Subversive Evangelical* Peter Schuurman shows how a growing group of reflexive evangelicals use irony to critique their own tradition and distinguish themselves from the stereotype of right wing evangelicalism Entering the Meeting House an Ontario based Anabaptist megachurch as a participant observer Schuurman discovers that the marketing is clever and the venue a rented movie theatre is attractive to the more than five thousand weekly attendees But the heart of the church is its charismatic leader Bruxy Cavey whose anti religious teaching and ironic tattoos offer a fresh image for evangelicals This charisma Schuurman argues is not just the power of one individual it is a dramatic production in which Cavey his staff and attendees cooperate cultivating an identity as an irreligious megachurch and providing followers with a more culturally acceptable way to practise their faith in a secular age Going behind the scenes to small group meetings church dance parties and the homes of attendees to investigate what motivates these reflexive evangelicals Schuurman reveals a playful and provocative counterculture that distances itself from prevailing stereotypes while still embracing a conservative Christian faith

A Philosophy of Pastoral Preaching David A. Christensen, 2023-05-26 I am a pastor I preach Doesn t that make me a pastoral preacher Not necessarily Many preach missional rather than pastoral sermons designed to appeal to the unchurched not the church The popularity of regional churches and the global reach of the internet allow preachers to focus their sermons on people they do not know and market a message to an audience they never see Evangelical leaders produce many resources on attractional preaching but who is developing a vision for pastoral preaching David Christensen draws on years of

experience to develop a philosophy of pastoral preaching He writes Social media changes the way we preach More and more pastors are preaching clickbait sermons These are sermons designed to get clicks or attract interest rather than teach truth We want catchy titles and clever analogies that will grab people s attention because the digital world is built on attention whatever will get likes or drive outrage However pastoral preaching builds community It is rooted in local soil to the people we know in the place we live We need a philosophy of preaching that shepherds a community of disciples who worship together in one place

**The Advertising Age Encyclopedia of Advertising** John McDonough, Karen Egolf, 2015-06-18 For a full list of entries and contributors a generous selection of sample entries and more visit the The Advertising Age Encyclopedia of Advertising website Featuring nearly 600 extensively illustrated entries The Advertising Age Encyclopedia of Advertising provides detailed historic surveys of the world s leading agencies and major advertisers as well as brand and market histories it also profiles the influential men and women in advertising overviews advertising in the major countries of the world covers important issues affecting the field and discusses the key aspects of methodology practice strategy and theory Also includes a color insert

*The Persuasive Preacher* David A. Christensen, 2020-07-16 How can we preach persuasively without huckstering manipulating or coercing people Sadly we are seeing the fall of many pastors not for reasons of sexual immorality but the pursuit of pride and power The skillful use of marketing methods creates celebrity pastors who become significant influencers in the evangelical church The lure of success is seductive turning pastors into hucksters and Christians into consumers We need to heed the warnings of the New Testament about the pride of rhetoric and the pursuit of power David Christensen carefully analyzes the biblical warnings of Paul about the temptations of rhetorical sophistry in the first century church and applies them to pastoral ministry today God calls preachers to be ethical and effective persuaders David develops an ethical grid for pastoral persuasion using principles drawn from the Bible and social science along with practical illustrations from his years of ministry He calls preachers to be ethical and effective persuaders by emphasizing the centrality of the word of God while depending on the power of the Spirit of God

*The Minister's MBA* George S. Babbes, Michael Zigarelli, 2006 Equips ministers with essential business tools to manage and grow their churches and organizations

**Soul Winners** David Clary, 2022-09-15 American evangelicals have always been innovators They reimagined what a church could be whether it was a humble tent in a rural field or a high tech urban megachurch They embraced new forms of media to spread their message to the masses They thrived in a fiercely competitive religious marketplace In Soul Winners journalist David Clary argues that this entrepreneurial spirit has indelibly shaped evangelical ministries and their worldview For generations evangelical leaders have partnered with tycoons to pay for their churches crusades and campuses In turn evangelicals adopted the pro business anti government values of their conservative benefactors White evangelicals evolved into the Republican Party s most loyal voting bloc The close relationship between business and evangelicals has produced the growth oriented megachurches that dot the nation s landscape Pastors such as

Rick Warren used market research and management theory to create their seeker sensitive churches Televangelists and prosperity gospel preachers most notably Joel Osteen tell their audiences that faith will be rewarded in this world as well as in the kingdom to come Clary s narrative approach brings to life colorful characters such as the ballplayer turned preacher Billy Sunday who condemned the godless social service nonsense of liberal churches and Billy Graham who brought evangelicalism into the highest precincts of business and politics Soul Winners offers a fresh balanced perspective on evangelicals and the consequences of their enduring influence on American life      Proselytization Revisited Rosalind I. J. Hackett,2014-12-05 The act of converting people to certain beliefs or values is highly controversial in today s postcolonial multicultural world Proselytization has been viewed by some as an aggressive act of political domination Proselytization Revisited offers a comprehensive overview of the many arguments for and against proselytization in different regions and contexts Proselytization is examined in the context of rights talk globalisation and culture wars The volume brings together essays demonstrating the global significance of proselytization ranging from Christians in India to Turkish Islamic Movements and the Wiccan use of modern media technologies The cross cultural and multidisciplinary nature of this collection of essays provides a fresh perspective and the book will be of value to readers interested in the dynamic interaction of beliefs ideas and cultures      **Generation Next** George Barna,1995 Pollster researcher George Barna has published the results of a nationwide survey of teens giving an accurate picture of where today s youth are and where they seem to be headed It s the kind of information leaders need in order to relate and minister to teens      Vital Signs Milton J.
