Miller,Nicholas Plants,2014-12-31 Originally developed by Alcoholics Anonymous the Twelve Step program now provides life direction for the millions of people worldwide who are recovering from addiction and undergoing profound personal transformation Yet thus far it has received surprisingly little attention from philosophers despite the fact that like philosophy the program addresses all important questions regarding how we ought to live In *Sobering Wisdom* Jerome A Miller and Nicholas Plants offer a unique approach to the Twelve Step program by exploring its spirituality from a philosophical point of view Drawing on a

variety of thinkers from Aristotle to William James and from Nietzsche to Foucault as well as a diverse range of philosophical perspectives including naturalism Buddhism existentialism Confucianism pragmatism and phenomenology the contributors to this volume address such questions as the relation of personal responsibility to an acknowledgment of powerlessness the existence of a higher power and the role of virtue in recovery Ranging in tone from deeply scholarly to intensely personal their essays are written in an accessible way for a broad audience that includes not only philosophers theologians and psychologists but also spiritual directors health professionals and addiction counselors Perhaps most important the book is also conceived for those involved in Twelve Step programs whose lives are being transformed by the experience Critical Incidents in Policing James T. Reese,1991 **Kantian Conceptual Geography** Nathaniel Jason Goldberg,2015 This is a work in Kantian conceptual geography It explores issues in analytic epistemology philosophy of language and metaphysics in particular by appealing to theses drawn from Immanuel Kant's Critique of Pure Reason Those issues include the nature of the subjective objective and empirical potential scopes of the subjective what can and cannot be said about a subject independent reality analyticity syntheticity apriority and aposteriority constitutive principles acquisitive principles and empirical claims meaning indeterminacy and incommensurability logically possible versus subjectively empirical worlds and the nature of empirical truth Part One introduces two theses drawn from the Critique The first Empirical Dualism concerns the subjective objective and empirical The second Subjective Principlism concerns principles that might bear on the empirical Part Two examines work of influential analytic philosophers to reveal how conceptually expansive the territory formed by Empirical Dualism and Subjective Principlism is Part Three defends that territory by defending Empirical Dualism and Subjective Principlism themselves Part Four discloses two new lands within the territory that have so far remained uncharted The first is a Kantian account of meaning which is shown to be superior to other accounts of meaning in the analytic literature The second are Kantian thoughts on truth which illuminate the nature of empirical truth itself Finally Part Five shows how engaging in Kantian conceptual geography enriches epistemology philosophy of language and metaphysics generally *Do.Be.Isms* D.B.,Doc,2014-08-19 THE SERENITY PRAYER God grant me the serenity to accept the things I cannot change courage to change the things I can and wisdom to know the difference Reinhold Niebuhr **Recovery Workbook for a New Generation** Joseph P.,2016-04-14 The alcoholic of previous generations were generally perceived as weak middle aged men They were viewed as being homeless sleeping in alley ways begging for change at street corners Their clothes were filthy and smelled of urine the remnants of earlier purging still evident on their clothes Upon entering recovery prior generations benefitted greatly from the information and instructions they received by those that came before them All the same reasons the alcoholic of prior generations began and continued drinking and using other drugs are the same reasons this new generation began drinking and using other drugs continuously The program of recovery has not changed over the years It is the same today as it was yesterday Unfortunately there seem to be too many misinformed

alcoholics that believe sobriety equals recovery and sobriety becomes the focus This way of believing is crippling devastating and fatal It diminishes the alcoholics addicts ability to receive the full benefits that each step offers *Yoga and the Twelve-Step Path* Kyczy Hawk,2012-04-16 The powerful practice of yoga with all its diverse approaches and time honored traditions meets twelve step recovery Those in recovery who yearn to connect more fully in the suggested prayer and meditation of Step Eleven will welcome this delightful book from a fresh voice in recovery literature Kyczy Hawk s experiences of addiction and recovery make her a relatable compassionate guide to an integrative practice that addresses the threefold aspects of addiction body mind and spirit for a new experience of recovery and of physical and spiritual health
