**The War for All the Oceans** Roy Adkins,Lesley Adkins,2008-07-29 A brutal action packed account of the sea battles of the Napoleonic War by the author of the bestselling *Nelson s Trafalgar* and co author of the forthcoming *Gibraltar The Greatest Siege in British History* March 2018 As he did with his much lauded *Nelson s Trafalgar* Roy Adkins now writing with wife Lesley again thrusts readers into the perils and thrills of early nineteenth century warfare From its very first page this is an adventure story a superb account of the naval war that lasted from Napoleon s seizure of power in 1798 to the War of 1812 with the United States Providing a ringside seat to the decisive battles as well as detailed and vivid portraits of sailors and commanders press gangs prostitutes and spies *The War for All the Oceans* is a rollicking patriotic account of the Napoleonic wars that will go down well with Master and Commander fans *The Telegraph*

Bounty Kerry Jang,2023-05-30 The *ShipCraft* series provides in depth information about building and modifying model kits of famous warships Previously these have generally covered plastic and resin models of 20th century subjects but like the previous volume on *Nelson s Victory* this is a radical departure not only a period sailing ship but one for which kits are available in many different materials and scales This requires some changes to the standard approach but the main features of the series remain constant *Bounty* a merchant vessel purchased to undertake a special mission to the South Pacific will always be remembered for the drama of the mutiny against Captain Bligh and his epic open boat voyage that followed The events inspired many books and at least three major movies and make the ship one of the most popular of all ship modelling subjects Despite the ship s fame and the vast range of kits it has inspired there are

question marks over many aspects of the vessel's fitting and especially how it was painted. This volume tackles these questions reconstructing convincing color schemes for the ship both as a merchant vessel and in naval service. The modelling section reviews the strengths and weaknesses of available kits, lists commercial accessory sets for super detailing and provides hints on modifying and improving the basic kit including the complexities of rigging. This is followed by an extensive photographic gallery of selected high quality models in a variety of scales and coverage concludes with a section on research references, books, monographs, large scale plans and relevant websites. Following the pattern of the series, this book provides an unparalleled level of visual information: paint schemes, models, line drawings and photographs and is simply the best reference for anyone setting out to model this imposing three-decker. *The Kidnapped Prince* Ann Cameron, 2010-12-08

Kidnapped at the age of 11 from his home in Benin, Africa, Olaudah Equiano spent the next 11 years as a slave in England, the U.S. and the West Indies until he was able to buy his freedom. His autobiography published in 1789 was a bestseller in its own time. Cameron has modernized and shortened it while remaining true to the spirit of the original. It's a gripping story of adventure, betrayal, cruelty and courage. In searing scenes, Equiano describes the savagery of his capture, the appalling conditions on the slave ship, the auction and the forced labor. Kids will read this young man's story on their own; it will also enrich curriculum units on history and on writing. *Nelson's Trafalgar* Roy Adkins, 2006-10-31

An explosive chronicle of history's greatest sea battle from the co-author of the forthcoming *Gibraltar: The Greatest Siege in British History* (March 2018). In the tradition of Antony Beevor's *Stalingrad*, *Nelson's Trafalgar* presents the definitive blow-by-blow account of the world's most famous naval battle when the British Royal Navy under Lord Horatio Nelson dealt a decisive blow to the forces of Napoleon. The Battle of Trafalgar comes boldly to life in this definitive work that re-creates those five momentous, ear-splitting hours with unrivaled detail and intensity. **Leading Kids to Books Through Magic** Caroline Feller Bauer, 1996
