Bernier,2016-11-17 For two centuries scholars have sought to discover the historical Jesus Presently such scholarship is dominated not by the question Who was Jesus but rather How do we even go about answering the question Who was Jesus With this current situation in mind Jonathan Bernier undertakes a two fold task one to engage on the level of the philosophy of history with existing approaches to the study of the historical Jesus most notably the criteria approach and the social memory approach two to work with the critical realism developed by Bernard Lonergan introduced into New Testament studies by Ben F Meyer and advocated by N T Wright in order to develop a philosophy of history that can elucidate current debates within historical Jesus studies Getting Into Jesus' Life John G. Vosnos,2010-04 About the book Do you ever look at people who call themselves Christians and wonder about the lack of Christlikeness in them Have you ever looked into your own life and questioned where you really stood with God Do you ever entertain the inner suspicion that your relationship with God is pretense a charade the mere repeating of the words and feelings of others without internal conviction and change Have churches today misunderstood the Gospel what it really means to be a follower of Christ In this deeply thought provoking book Getting Into Jesus Life John Vosnos addresses these questions and more in profound and practical ways exploring what it means to be a genuine follower of Christ and offers identity with Christ and participation in Jesus life as the key to living as a Christ centered follower of Jesus and the extraordinary difference this makes About the author John G Vosnos has earned both the Master of Divinity and Doctor of Ministry degrees from Trinity Evangelical Divinity School Trinity International University After a short career in corporate business he entered pastoral ministry where he has served for forty years He and His wife Gayle have three grown children and reside in Barrington Illinois where John serves as a pastor in the Village Church of Barrington Reading the Old Testament with the Ancient Church Ronald E. Heine,2007-09 Examines the role played by the Old Testament in the formation of early Christian thinking Iron Sharpens Iron Robert P. Vande Kappelle,2013-07-26 Iron Sharpens Iron is grounded in the conviction that humans have the capacity to transcend conventional spirituality to a genuine and wholesome faith that is dynamic rather than static future oriented rather than past oriented and owned rather than passively acquired Classroom tested this discussion guide is an ideal way for thoughtful Christians in individual and group settings to interact with timely topics Like its companion text Beyond Belief Science Faith and the Value of Unknowing 2012 this guide is written for those who affirm the value of lifelong spiritual growth Topics covered include the authority of scripture the uniqueness of Christ faith and reason religion and science biological evolution and morality cosmological evolution and the nature of God and the doctrines of salvation resurrection and the afterlife This guide encourages a high degree of interaction The discussion questions are engaging and appeal to various levels of

intellectual and spiritual awareness Sessions follow a fourfold pattern a Getting Started provides an overview of each session b Gaining Momentum provides questions for discussion or further reflection c Going Deeper encourages participants to acquire further perspective and d The Essentials summarizes key points from each chapter of Beyond Belief **Systematic Theology** Robert W. Jenson, 2001 This volume begins with an extended discussion of Jenson's methodology and addresses questions on the nature of the Christian God including the classic christological and trinitarian questions Poetics of the Incarnation Cristina Maria Cervone, 2013-02-11 The Gospel of John describes the Incarnation of Christ as the Word made flesh an intriguing phrase that uses the logic of metaphor but is not traditionally understood as merely symbolic Thus the conceptual puzzle of the Incarnation also draws attention to language and form what is the Word how is it related to language how can the Word become flesh Such theological questions haunt the material imagery engaged by medieval writers the structural forms that give their writing shape and even their ideas about language itself In Poetics of the Incarnation Cristina Maria Cervone examines the work of fourteenth century writers who rather than approaching the mystery of the Incarnation through affective identification with the Passion elected to ponder the intellectual implications of the Incarnation in poetical and rhetorical forms Cervone argues that a poetics of the Incarnation becomes the grounds for working through the philosophical and theological implications of language at a point in time when Middle English was emerging as a legitimate if contested medium for theological expression In brief lyrics and complex narratives late medieval English writers including William Langland Julian of Norwich Walter Hilton and the anonymous author of the Charters of Christ took the relationship between God and humanity as a jumping off point for their meditations on the nature of language and thought the elision between the concrete and the abstract the complex relationship between acting and being the work done by poetry itself in and through time and the meaning latent within poetical forms Where Passion devoted writing would focus on the vulnerability and suffering of the fleshly body these texts took imaginative leaps such as when they depict the body of Christ as a lily or the written word Their Incarnational poetics repeatedly call attention to the fact that in theology as in poetics form matters **Jesus, a Jewish Galilean** Sean Freyne, 2010-06-15 In his latest book Sean Freyne draws on his detailed knowledge of Galilean society in the Roman period based on both literary and archaeological sources to give a fresh and provocative reading of the Jesus story within its Galilean setting Jesus a Jewish Galilean focuses on the religious as well as the social and political environment and examines the ways in which the Jewish religious experience had expressed itself in Galilee It examines the ways in which the Jewish tradition in both the Pentateuch and the Prophets had constructed notions of an ideal Galilee These provided the raw material for Jesus own response to the issues of the day from which he fashioned his own distinctive views of Israel's restoration and his own role in that project Although Freyne is in touch with all recent scholarship about the historical Jesus he brings his own distinctive take on the issues both with regard to Galilean society and Jesus grounding in his own religious tradition His Jesus is both Jewish and yet distinctive in his concerns and the

ways in which he responds to the ecological social and religious issues of his own time and place Freyne seeks to retrieve the theological importance of Jesus own message something that has been lost sight of in the trend to present him primarily as a social reformer while acknowledging the dangers of modernising Jesus *The Life of a Galilean Shaman* Pieter F Craffert, 2010-02-25 The aim of historical Jesus research is to identify the authentic material from which the historical figure as a social type underneath the overlay is constructed Pieter Craffert s anthropological historiography offers an alternative framework for dealing with Jesus of Nazareth as a social personage fully embedded in a first century Mediterranean worldview and the Gospels as cultural artefacts related to this figure This cross cultural model represents a religious pattern that refers to a family of features for describing those religious entrepreneurs who based on regular Altered State of Consciousness experiences perform a specific set of social functions in their communities **Walk Ten Steps with the Lord , John's Wisdom** Ben Witherington, 1995-01-01 Jesus as depicted in the Fourth Gospel is remarkably dissimilar to the Jesus found in the synoptic gospels In this book Witherington places the Gospel of John within its proper literary historical social and theological contexts What emerges is a compelling argument that the Gospel of John has an agenda for mission in addition to concerns for discipleship and community life
