Silverman ,1997      **Picturing Arizona** Katherine G. Morrissey,Kirsten Jensen,2005-10-01 As cultural documents as works of art and as historical records photographs of 1930s Arizona tell a remarkable story They capture enduring visions of the Depression that linger in cultural memory dust storms Okies on their way to California breadlines and ramshackle tent cities They also reflect a more particular experience and a unique perspective This book places the work of local Arizonans alongside that of federal photographers both to illuminate the impact of the Depression on the state s distinctive racial and natural landscapes and to show the influence of differing cultural agendas on the photographic record The more than one hundred images by well known photographers such as Dorothea Lange and Laura Gilpin as well as by an array of less familiar photographers represent a variety of purposes and perspectives from public to personal political to promotional Six essays and three photo essays bring together prominent

authorities in history the arts and other fields who provide diverse perspectives on this period in Arizona and American history Viewed together the words and images capture a Depression era Arizona bustling with activity as federally funded construction projects and seasonal agricultural jobs brought migrants and newcomers to the state They convey the celebrations and the struggles of commercial photographers archaeologists city folks farmers tourists native peoples and others in these hard times As the economic strains of the decade reverberated through the state local photographers documented the lives of Arizona residents including those frequently overlooked by historians As this book persuasively shows photographs can conceal as much as they reveal A young Mexican American girl stands in front of a backdrop that hides the outhouse behind her a deeply moving image for what it suggests about the efforts of her family to conceal their economic circumstances Yet this image is a perfect metaphor for all the photographs in this book stories remain hidden but when viewers begin to question what they cannot see pictures resonate more loudly than ever before This book is a history of Arizona written from the photographic record offering a point of view that may differ from the written record From the images and the insights of the authors we can gain a new appreciation of how one state and its indomitable people weathered our nation s toughest times *New York Magazine* ,1992-07-13 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea [Buzzard Banjo - Clawhammer Style](#) Dan Levenson,2020-06-10 Provides the intermediate clawhammer 5 string banjo player with a fresh repertoire of 21 traditional and 5 original tunes as played by the author with the Boiled Buzzards Old Time String Band The book briefly addresses clawhammer basics with a few pages of exercises and scales before presenting the tunes The banjo tunings in this book are double C tuning gCGCD modified double C tuning eCGCD G tuning GDGBD A tuning aEAC E D tuning aDADE and Double D tuning drop 5th f DADE Written in banjo tablature only with suggested backup chords Voted one of the top 10 clawhammer banjo players by Banjo Newsletter readers Levenson advises the reader that the tablature in this book is to be used only as a guide and to play the tune as you hear it not slavishly as written This approach allows the reader to play within his her style and level of ability Includes access to online audio *A Guide to Tucson Architecture* Anne M.
