Group Work and Aging Roberta K Graziano,Robert Salmon,2013-09-13 Get a wealth of information about the theory and practice of social work with older adults their families and their caregivers Although there is a considerable amount of writing on both group work and social work with the elderly there is surprisingly little about applying this practice method to this specific age group Group Work and Aging Issues in Practice Research and Education fills this gap by presenting penetrating articles about a mutual aid approach to working with diverse groups of older adults with varied needs Respected experts and gifted researchers provide case studies practice examples and explanation of theory to illustrate this practice method with aging adults their families and their caregivers Group Work and Aging Issues in Practice Research and Education discusses in depth information on group work with gay and lesbian elders caregivers elders with Alzheimer s disease service providers special populations such as Vietnamese and Latino a elders and provides information on the use of expressive therapies like art drama and dance Each well referenced chapter presents high quality up to date social group work practice strategies to prepare practitioners for the needs of the growing population of elderly in the near future Group Work and Aging Issues in Practice Research and Education discusses the adaptation of group work practice approaches when working with older group members the use of a Record of Service as an analytical tool in group work with aging lesbians a chronicle of a student s field placement at a drop in center for homeless senior citizens the sociocultural reality of the Asian immigrant elderly residential substance abuse treatment for older adults mutual aid groups for older persons with mental illness the relationship between caregiver support groups and the marker framework of family caregiving telephone caregiver support groups group work interventions with elderly parents of adults with severe mental

illness a program for the development and implementation of an intergenerational singing group support groups as an effective therapy at end of life the use of a mutual aid group with home attendants and much more Group Work and Aging Issues in Practice Research and Education reveals the latest examples of good group work practice with aging adults and their support systems perfect for practitioners educators and anyone interested in and or work with older adults

Promoting Exercise and Behavior Change in Older Adults Patricia M. Burbank, DNSc, RN, Deborah Riebe, PhD, 2001-11-26 Exercise in later life is important for health and well being yet motivating older adults to exercise can be difficult This book addresses that need by tailoring The Transtheoretical Model of behavior change to the client s level of readiness for change The contributors show how TTM can be used to help older adults with varying needs and abilities to change their exercise behaviors This book is essential for health care professionals including nurses exercise specialists occupational therapists social workers and others interested in helping older adults incorporate exercise into their daily lives

Gerontological Social Work Matthias J. Naleppa, William James Reid, 2003 This eminently practical book applies the task centered model to gerontological practice across various settings community based hospital based home healthcare etc The book features in depth coverage of specific client problems such as physical or mental health caregiving home and personal safety senior living and long term care arrangements A series of task planners offer a menu of possible actions that can resolve or alleviate a designated problem Strategies for Therapy with the Elderly Claire Brody, Vicki Semel, 2005-09-27 Newly revised and updated In this second edition Brody and Semel contend that meaningful and successful therapy can be accomplished with an aging population debunking the belief that the elderly can not pick up or put into practice newly acquired information Rather the way in which therapy with aging adults is approached may affect the way in which the therapist initially experiences and reacts to the client because of stereotypes about aging This book encompasses three major areas of work with elderly clients aged 60 years and older Living in nursing homes Living in assisted living housing while participating in community oriented activities for the aged Living independently and being seen in private practice It comprises a variety of approaches ranging from eclectic small group formats for nursing home residents group and individual counseling in assisted living settings and home care for the elderly to psychoanalytic therapy techniques in private practice Illustrative case examples used throughout the book bring to life successful strategies and interventions New areas of focus include Treatment of stress and mental disorders Alzheimer s disease Caregiving issues at home

Expanded information on Medicare coverage issues **Patient Treatment Adherence** Hayden B. Bosworth, Eugene Z. Oddone, Morris Weinberger, 2006-04-21 This new book summarizes the adherence literature for a number of specific health behaviors and populations It provides a comprehensive source on the conceptualization interventions and measurement of treatment adherence and a synthesis of the research across demographic and chronic diseases The text presents problems associated with treatment adherence theoretical models that have commonly been used to understand predict and or

improve adherence adherence with specific behaviors including exercise diet rehabilitation medication and psychological therapies and strategies in enhancing adherence Because chronic diseases involve similar behaviors the handbook is organized by specific behaviors and special populations and not by disease Every chapter is sub organized by specific diseases to ensure easy access for the readers and features a discussion of adherence across demographic and chronic conditions a review of previous interventions directed at the particular behavior or population questions and scoring algorithms for widely used measures of treatment adherence a discussion of the clinical research and where appropriate policy implications Patient Treatment Adherence addresses practical recommendations to improve adherence the impact of non adherence including costs and health related quality of life methodological issues such as assessing cost effectiveness and the use of technological advances to improve adherence Intended for health service professionals health clinical social and cognitive psychologists primary care physicians pharmacists and policy makers this text is also an excellent resource for graduate courses on health psychology and public health
