The Heroic Triad:

The Heroic Triad; Essays in the Social Energies of Three Southwestern Cultures Paul Horgan, 1970 Three essays revised and with a new prologue from the author's Great River the Rio Grande in North American history The Heroic Triad Paul Horgan, 1970 **Heroic Triad** Paul Horgan, 1960-01-01 A beautifully written compact social and cultural history of the peoples of the Southwest Abridged from the the Pulitzer Prize winning Great River **The Epic Hero** Dean A. Miller, 2003-05-22 Selected by Choice Magazine as an Outstanding Academic Title From Odysseus to Aeneas from Beowulf to King Arthur from the Mahabharata to the Ossetian Nart tales epic heroes and their stories have symbolized the power of the human imagination Drawing on diverse disciplines including classics anthropology psychology and literary studies this product of twenty years scholarship provides a detailed typology of the hero in Western myth birth parentage familial ties sexuality character deeds death and afterlife Dean A Miller examines the place of the hero in the physical world wilderness castle prison cell and in society among monarchs fools shamans rivals and gods He looks at the hero in battle and quest at his political status and at his relationship to established religion The book spans Western epic traditions including Greek Roman Nordic and Celtic as well as the Indian and Persian legacies A large section of the book also examines the figures who modify or accompany the hero partners helpers animals and sometimes monsters foes foils and even antitypes The Epic Hero provides a comprehensive and provocative guide to epic heroes and to the richly imaginative tales they inhabit You Are the Hero Stambecco Pesco (Silvio Palombo), 2021-07-22 I exist not because a poet has told my story but because I am living here and now Am I more or less true than the mythological heroes Do I contribute to the world's history more or less than they do Myth is the realm of the purest values and it is a real practical realm which not only nurtures our imagination but directs our behaviors towards a specific path Every myth is curated and lives within us The myth represents the most comprehensive way to speak about the characteristics of human beings even when it tells us of Divinities and extraordinary Forces and it is the most precise compass to point us in the right direction so that we can express the best side of ourselves The strength of the myth is to be outside time or better still to ride time as a surfer on the waves of the ocean Damanhur and its philosophy both inspired by Falco Tarassaco's thought tell us about the birth of life and the universe through many myths in which everyone can recognize aspects of themselves and listen to their own voice The Heroic Age of India N.K. M. S. Ward,W. G. Stirling,2014-07-10 First published in 2006 Claiming origins in the mysteries of the Shaolin monastery and its martial traditions the Triads are Chinese secret societies that overthrew the Qing Dynasty evolved into organised crime syndicates spread through the Chinese diaspora and are more powerful now than ever before The symbol of the Triads is a triangle enclosing the characters for heaven earth and man emblematic of the societies far reaching influence and membership involves challenging rites of initiation and the practice of complex rituals little changed over the centuries On one level these practices can be seen simply as the customs of a purely mystical order on another they may be seen as the organising principles by which secret societies continue to operate as powerful political organisations invisible in our midst This classic work the definitive study of the history symbols and secret rituals of the Triads reveals the Triad initiation ritual of the mystical journey sacred Triad signs words and slang the rite of the magic mirror and the oath of blood brotherhood the symbolic decoration of Triad temples Triad magic and the meaning of the sacred objects and ceremonies at the heart of Triad practice in minute detail The authors show that the Triad ritual is a potent mystical allegory with an immense power that can be used for good or ill **Trioedd Ynys Prydein** Rachel Bromwich,2014-11-15 Rachel Bromwich s magisterial edition of Trioedd Ynys Prydein has long won its place as a classic of Celtic studies This revised edition shows the author s continued mastery of the subject including a new preface by Morfydd Owen and will be essential reading for Celticists and for those interested in early British history and literature and in Arthurian studies *The Worlds of Farscape* Sherry Ginn,Donald E. Palumbo,C.W. Sullivan III,2013-08-20 Reversing a common science fiction cliché Farscape follows the adventures of the human astronaut John Crichton after he is shot through a wormhole into another part of the universe Here Crichton is the only human being going from being a member of the most intelligent species on our planet to being frequently considered mentally deficient by the beings he encounters in his new environment John Crichton befriends a group of beings from various species attempting to escape from imprisonment aboard a living spaceship The series which broke many of the so called rules of science fiction follows Crichton s attempts to survive in worlds that are often hostile to him and his friends Their adventures center on each being s attempt to find a way home The essays in this volume explore themes running throughout the series such as good and evil love and sex and what it means to be a hero as well as the various characters populating the series including the villains and even the ship itself The Sidekick Comes of Age Stephen M. Zimmerly,2019-04-09 Literary sidekicks like Dr Watson and Robin the Boy Wonder have not been the singular subject of a significant critical study until now Using young adult literature YA to study

the sidekick reveals new and exciting ways to understand these kinds of characters and this kind of literature YA has embraced the sidekick recognizing the way the character reflects the importance of growth and finding one's place in the world The nature of many YA texts allows sidekicks to grow beyond literary or historical origins This includes letting sidekicks evolve over the course of multiple texts using parallel novels to add complexity to a sidekick's characterization and telling a story from the sidekick's perspective paradoxically making the sidekick the hero A singularly focused and prolonged study helps to establish sidekick scholarship as a burgeoning field in and of itself **Men of the House** Seeliger, Henriette-Juliane, 2024-01-22
