## **Stella Manhattan:**

Stella Manhattan Silviano Santiago, 1994 Santiago a two time winner of the Brazilian national book award sets his sensational story of sexual scandal and political intrigue in the Brazilian exile community in New York City in the late 1960s Stella Manhattan is an electrifying adventure story about a young gay Brazilian man trying to make a go of it in New York

Artful Seduction Karl Posso, 2017-12-02 The controversial works of Brazilian authors Silviano Santiago 1936 and Caio Fernando Abreu 1948-96 offer distinctive but complementary explorations of male homosexual subjectivities formulated through displacement exile and the abject Posso examines the innovative ways in which these writers stage manage Western poststructuralist thought to critique heterosexist exclusion in Brazil and in globalized popular and folk culture and he explains how they draw on diverse cultural productions and art works to extend a general undermining of oppositional logic and psychoanalytic theory

Lusosex Susan Canty Quinlan, Fernando Arenas, Some of the most compelling theoretical debates in the humanities today center on representations of sexuality This volume is the first to focus on the topic in particular the connections between nationhood sex and gender in the Lusophone or Portuguese speaking world Written by prominent scholars in Brazilian Portuguese and Lusophone African literary and cultural studies the essays range across multiple discourses and cultural expressions historical periods and theoretical approaches to offer a uniquely comprehensive perspective on the issues of sex and sexuality in the literature and culture of the Portuguese speaking world that extends from Portugal to Brazil to Angola Cape Verde and Mozambique Through the critical lenses of gay and lesbian studies queer theory postcolonial studies feminist theory and postmodern theory the authors consider the work of such influential literary figures as Clarice Lispector and Silviano Santiago An important aspect of the volume is the publication of a newly discovered and explicitly homoerotic poem by Fernando Pessoa published here for the first time in the original Portuguese and in English translation Chapters take up questions of queer performativity and activism female subjectivity and erotic desire the sexual customs of indigenous versus European Brazilians and the impact of popular music as represented by Caetano Veloso and others on interpretations of gender and sexuality Challenging static notions of sexualities within the Portuguese speaking world these essays expand our understanding of the multiplicity of differences and marginalized subjectivities that fall under the intersections of sexuality gender and race

**Street Therapists** Ana Y. Ramos-Zayas, 2022-12-22 Drawing from almost a decade of ethnographic research in largely Brazilian and Puerto Rican neighborhoods in Newark New Jersey Ana Y Ramos Zayas in Street Therapists examines how affect emotion and sentiment serve as waypoints for the navigation of interracial relationships among US born Latinos Latin American migrants blacks and white ethnics Tackling a rarely studied dynamic approach to affect Ramos Zayas offers a thorough and sometimes paradoxical new articulation of race space and neoliberalism in US urban communities After looking at the historical political and economic contexts in which an intensified connection between affect and race has emerged in Newark New Jersey Street Therapists engages in detailed examinations of various community sites including high schools workplaces beauty salons and funeral homes among others and secondary sites in Belo Horizonte Brazil and San Juan to uncover the ways US born Latinos and Latin American migrants interpret and analyze everyday racial encounters through a language of psychology and emotions As Ramos Zayas notes this emotive approach to race resurrects Latin American and Caribbean ideologies of racial

democracy in an urban US context and often leads to new psychological stereotypes and forms of social exclusion Extensively researched and thoughtfully argued Street Therapists theorizes the conflictive connection between race affect and urban neoliberalism
